Heinrich Von Kleist Und Die Kantische:

Heinrich Von Kleist: Writing After Kant (Studies in German Literature, Linguistics, and Culture) Timothy J. Mehigan, 2011 Kleist viewed anew as a major contributor to the tradition of post Kantian thought The question of Heinrich von Kleist's reading and reception of Kant's philosophy has never been satisfactorily answered The present study aims to reassess this question particularly in the light of Kant's rising importance for the humanities today It argues not only that Kleist was influenced by Kant but also that he may be understood as a Kantian albeit an unorthodox one The volume integrates material previously published by the author now updated with new chapters to form a greater whole What results is a coherent set of approaches that illuminates the question of Kleist's Kantianism from different points of view Kleist is thereby understood not only as a writer but also as a thinker one whose seriousness of purpose and clarity of design compares with that of other early expositors of Kant's thought such as Reinhold and Fichte Through the locutions and idioms of fiction and the essay Kleist becomes visible for the first time as an original contributor to the tradition of post Kantian ideas Tim Mehigan is Professorial Chair of German in the Department of Languages and Cultures at the University of Otago New Zealand and Honorary Professor in the School of Languages and Comparative Cultural Studies at the University of Queensland Australia

Heinrich von Kleist und die Kantische Philosophie Ernst Cassirer, 1919

Heinrich von Kleist und die Kantische Philosophie Ernst Cassirer, 2022-12-03 Goethes Wort da alles Lebendige eine Atmosphäre um sich her bildet gilt in ganz besonderem Maße auch von den großen philosophischen Gedankenbildungen Sie alle stehen nicht lediglich abgeleitet im leeren Raume des Begriffs und der Abstraktion sondern sie bewähren sich nach den verschiedensten Seiten hin als lebendige geistige Triebkräfte Ihr wahrhafter Bestand tritt erst in dieser Mannigfaltigkeit der Wirkungen die sie auf ihre Zeit und auf die großen Individuen ben ganz hervor Aber in dieser Breite der Wirkung liegt freilich zugleich für die Schärfe und Bestimmtheit ihres Begriffs eine unmittelbare Gefahr

[The Oxford Handbook of European Romanticism](#) Paul Hamilton,2016 The Oxford Handbook of European Romanticism focuses on the period beginning with the French Revolution and extending to the uprisings of 1848 across Europe It brings together leading scholars in the field to examine the intellectual literary philosophical and political elements of European Romanticism The volume begins with a series of chapters examining key

texts written by major writers in languages including French German Italian Spanish Russian Hungarian Greek and Polish amongst others Then follows a second section based on the naturally inter disciplinary quality of Romanticism encapsulated by the different discourses with which writers of the time set up an internal comparative dynamic These chapters highlight the sense a discourse gives of being written knowledgeably against other pretenders to completeness or comprehensiveness of understanding and the Enlightenment encyclopaedic project Discourses typically push their individual claims to resume European culture collaborating and trying to assimilate each other in the process The main examples featuring here are history geography drama theology language geography philosophy political theory the sciences and the media Each chapter offers original and individual interpretation of individual aspects of an inherently comparative world of individual writers and the discursive idioms to which they are historically subject Together the forty one chapters provide a comprehensive and unique overview of European Romanticism

Posthumanism in the Age of Humanism Edgar Landgraf, Gabriel Trop, Leif Weatherby, 2018-10-04 The literary and scientific renaissance that struck Germany around 1800 is usually taken to be the cradle of contemporary humanism Posthumanism in the Age of Humanism shows how figures like Immanuel Kant and Johann Wolfgang Goethe as well as scientists specializing in the emerging modern life and cognitive sciences not only established but also transgressed the boundaries of the human This period so broadly painted as humanist by proponents and detractors alike also grappled with ways of challenging some of humanism's most cherished assumptions the dualisms for example between freedom and nature science and art matter and spirit mind and body and thereby also between the human and the nonhuman Posthumanism is older than we think and the so called humanists of the late Enlightenment have much to offer our contemporary re thinking of the human

Kleist's Female Leading Characters and the Subversion of Idealist Discourse Grant Profant McAllister, 2005 Heinrich von Kleist's problematic relationship with the philosophy and the aesthetics of idealism informs his parodic rebellious and destructive oeuvre This book focuses on this relationship and examines Kleist's female leading characters and their role as amorphous ciphers for his own subversive aesthetic theory Through parody these characters call into question idealist philosophy regarding truth knowledge and gender and offer a

theory of aesthetic representation that replaces traditional binary oppositions with pluralities and nonclosure Nietzsche may have opened the door to postmodernism however Kleist unlocked it with four cunning female voices This is the first book in Kleist scholarship to focus solely on Kleist's female leading figures and their symbolic role as both character and literary theory a theory anticipating Derridean deconstruction Gewagte Experimente und kühne Konstellationen Christine Lubkoll, Günter Oesterle, 2001 **Heinrich Von Kleist: Writing After Kant (Studies in German Literature, Linguistics, and Culture)** Timothy J.
