The Diaries of Giacomo Meyerbeer: The last years, 1857-1864 Giacomo Meyerbeer, 1999 Volume 4 is devoted to the last years 1857-64 while age and declining health saw a waning of the composer's personal optimism It contains a series of glossaries listing his compositions and the musical and theatrical works he attended throughout his life as well as a bibliography

Spiritual Homelands Asher D. Biemann, Richard I. Cohen, Sarah E. Wobick-Segev, 2019-12-02 Homeland Exile Imagined Homelands are features of the modern experience and relate to the cultural and historical dilemmas of loss nostalgia utopia travel longing and are central for Jews and others This book is an exploration into a world of boundary crossings and of desired places and alternate identities into a world of adopted kin and invented allegiances **The Radical**

Isaac Adi Mahalel, 2023-04-01 Yiddish and Hebrew writer I L Peretz 1852-1915 was a major leader of Eastern European Jewry in the years prior to World War I and was deeply involved in Jewish politics and communal life throughout his lifetime In *The Radical Isaac* Adi Mahalel examines a central part of his life and art that has often been neglected namely his close alignment with the needs of the Jewish working class and his deep devotion to progressive politics Although there have been numerous studies of Peretz and his work this very central component of his life nonetheless remains severely understudied By offering close readings of the radical Peretz Mahalel recasts the way political activism is understood in scholarly evaluations of the writer's work Employing a partly chronological partly thematic scheme Mahalel follows Peretz's radicalism from its inception and then through the various ways in which it was synchronically expressed during this intense period of history *Biographical Dictionary of Literary Influences* John Powell, 2000-10-30 Over the past two decades the process of cultural development and in particular the role of reading has been of growing interest but recent research has been episodic and idiosyncratic In this biographical dictionary research devoted specifically to the reading habits of 19th century

individuals who shaped Western culture is brought together for the first time While giving prominent coverage to literary and political figures the volume's 270 entries also include musicians painters educators and explorers Each entry includes brief biographical information a concise summary of literary influences on the subject and clear direction for further research The book provides a practical tool for scholars wishing to trace the reading experience of important Western cultural figures Subjects were selected from the people most responsible for the cultural development of Europe Britain and the British Empire and the Americas between 1800 and 1914 Although selective the sample of 270 figures is substantial enough to suggest broad cross cultural habits and effects enabling scholars to better understand the relationship between reading and culture In an introductory essay Powell explores the patterns and relationships that can be discerned from the entries The first of three anticipated volumes the book is an important step forward in researching the role of reading in cultural development [Goethe Yearbook 9](#) Thomas Saine, 1999-05 The latest volume in the respected series this issue as usual

contains cutting edge criticism on topics of interest to scholars of the period 1770-1832 The Goethe Yearbook first published

A Knight at the Opera Leah Garrett, 2011. A Knight at the Opera examines the remarkable and unknown role that the medieval legend and Wagner opera Tannhuser played in Jewish cultural life in the nineteenth and early twentieth centuries. The book analyzes how three of the greatest Jewish thinkers of that era Heinrich Heine, Theodor Herzl and I. L. Peretz used this central myth of Germany to strengthen Jewish culture and to attack anti-Semitism. Readers will see how Tannhuser evolves from a medieval knight to Peretz's pious Jewish scholar in the Land of Israel. The book also discusses how the founder of Zionism Theodor Herzl was so inspired by Wagner's opera that he wrote The Jewish State while attending performances of it. A Knight at the Opera uses Tannhuser as a way to examine the changing relationship between Jews and the broader world during the advent of the modern era and to question if any art even that of a prominent anti-Semite should be considered taboo.

The Retelling of Chronicles in Jewish Tradition and Literature Isaac Kalimi, 2009-06-30. Isaac Kalimi reveals the history of the book of Chronicles from Hellenistic times to the beginning of critical biblical scholarship at the dawn of the 17th century. This comprehensive examination focuses first and foremost on the use of Chronicles in Jewish societies through the generations and highlights the attitudes and biases of writers, translators, historians, artists, exegetes, theologians and philosophers toward the book. The reader is made aware of what the biblical text has meant and what it has accomplished in the many contexts in which it has been presented. Throughout the volume, Kalimi strives to describe the

journey of Chronicles not only along the route of Jewish history and interpretation but also in relation to the book's non Jewish heritage namely Christianity demonstrating the differences and distinctiveness of the former In contrast the majority of commentaries on Chronicles written from the mid 19th century to the present day have contained little or nothing about the application interpretation and reception history of Chronicles by Jews and Christians for hundreds of years **Heinrich Heine's Contested Identities** Jost Hermand, Robert C. Holub, 1999 Collects papers from an October 1997 conference that took place in Berkeley California Papers examine how the Heine's identity was formed reformed and revised in relationship to the politics religion and nationalism of his era Several papers focus on his Jewish identity and most touch on his relationship to the politics of his era offering not a radically different vision of Heine but one that recognizes the ambivalences and vacillations as well as the development and consistency of his complex identity No index Annotation copyrighted by Book News Inc Portland OR Giacomo Meyerbeer Marco Clemente Pellegrini, 2008-10-01 This Guide has resulted from years of research on the papers and music of Giacomo Meyerbeer and aims to provide a bibliographical aid and point of reference for further research The first part presents the private papers connected to the composer and his principal librettist Eugène Scribe both archival and printed with working papers and correspondence as found in Berlin Paris and some of the famous libraries of the world The body of Part 2 draws together all the known resources on Meyerbeer's life and historical reputation from full scale biographies and entries in reference books through critical discussions to website resources to records of symposia The third part provides material about his background with its unique mixture of Jewish and Prussian elements the powerful role of the city of Berlin in his life and work The fourth part lists bibliographic material for Meyerbeer's music looking at his operas grouped as German Italian and French with each individual entry providing a record of the scores available both modern and historical the various arrangements made from the operas during the heyday of their popularity reviews of modern performances discography and bibliography of studies and publications pertinent to the wider cultural and historical contexts of the works The next two sections constitute an extended record of material pertinent to the contemporaries of Meyerbeer In the fifth section are select bibliographies of composers authors artists performers politicians those who played some part in the composer's life or anyone of significance in his wider contemporary circumstances This is continued in the sixth part where the cultural and aesthetic elements of the composer's milieu or life in the theatre during seventy years of the nineteenth century are listed The seventh part adds a bibliography of social and historical background where the incidental issues of Judaism in nineteenth century Europe and the wider political historical and geographical circumstances of Meyerbeer's life his relentless travelling and closely recorded experiences in Germany France Italy Belgium England and Austria The eighth section provides a thematic key to this extensive material Part 9 provides an extended tripartite series of lists of the published scores arrangements and some special studies of Meyerbeer over the period 1820 to 2005 in alphabetical chronological and thematic ordering The last two sections furnish the modern equivalent of this record

of Meyerbeer and his compositions showing in Part 11 the list of performances of his operas since the Second World War and in Part 12 listing the recordings of the operas both commercial and private for the same period The thirteenth and last section is iconographical pictures that represent an interesting survey of the popular response to Meyerbeer in the 19th century

"Was deutsch und echt..." Kasper Bastiaan van Kooten, 2019-03-25 By examining theoretical debates about the nature of nineteenth century German opera and analyzing the genre's development and its international dissemination this book shows German opera's entanglement with national identity formation The thorough study of German opera debates in the first half of the nineteenth century highlights the esthetic and ideological significance of this relatively neglected repertoire and helps to contextualize Richard Wagner's attempts to define German opera and to gain a reputation as the German opera composer par excellence By interpreting Wagner's esthetic endeavors as a continuation of previous campaigns for the emancipation of German opera this book adds an original and significant perspective to discussions about Wagner's relation to German nationalism

as well as a historiographical exploration of the impact of transnational history on the field of sports history **Bestiarium Judaicum** Jay Geller, 2017-11-14 Given the vast inventory of verbal and visual images of nonhuman animals pigs dogs vermin rodents apes disseminated for millennia to debase dehumanize and justify the persecution of Jews *Bestiarium Judaicum* asks What is at play when Jewish identified writers tell animal stories Focusing on the nonhuman animal constructions of primarily Germanophone authors including Sigmund Freud Heinrich Heine Franz Kafka and Gertrud Kolmar Jay Geller expands his earlier examinations *On Freud's Jewish Body Mitigating Circumcisions and The Other Jewish Question Identifying the Jew and Making Sense of Modernity* of how such writers drew upon representations of Jewish corporeality in order to work through their particular situations in Gentile modernity From Heine's ironic lizards to Kafka's Red Peter and Siodmak's Wolf Man *Bestiarium Judaicum* brings together Jewish cultural studies and critical animal studies to ferret out these writers' engagement with the bestial answers upon which the Jewish and animal questions converged and by which varieties of the species Jew were identified *Imperial Fictions* Todd Kontje, 2018-04-25 *Imperial Fictions* explores ways in which writers from late antiquity to the present have imagined communities before and beyond the nation state It takes as its point of departure challenges to the discrete nation state posed by globalization migration and European integration today but then circles back to the beginnings of European history after the fall of the Roman Empire Unlike nationalist literary historians of the nineteenth century who sought the tribal roots of an allegedly homogeneous people this study finds a distant mirror of analogous processes today in the fluid mixtures and movements of peoples *Imperial Fictions* argues that it is time to stop thinking about today's multicultural present as a deviation from a culturally monolithic past We should rather consider the various permutations of German identities that have been negotiated within local and imperial contexts from the early Middle Ages to the present **Nexus** William Collins Donahue, Martha B.
