Heirs Of Donne And Johnson:

Miscellaneous writings [ed. by A.B. Grimaldi]. Stacey Grimaldi,1881 **Johnson's English Dictionary** Samuel Johnson,1828 *Johnson, Writing, and Memory* Greg Clingham,2002-09-05 This study demonstrates the importance of memory in Samuel Johnson s work Greg Clingham argues that this concept of memory is derived from the process of historical and creative writing it is embodied in works of literature and other cultural forms He examines Johnson s writing including his biographical writing as it intersects with eighteenth century thought on literature history fiction and law and its subsequent compatibility with and resistance to modern theory *The Huntington Library Quarterly* Henry E. Huntington Library and Art Gallery,1987 **The Poetic Imagination** Louis William Countryman,1999 An absorbing study of two of the most distinctive expressions of Anglo Saxon civilisation literature and Anglican spirituality Johnson's English Dictionary. To which is annexed the pronunciation according to present practice ... With an appendix containing several thousand words omitted by Dr. Johnson, etc. By W. Maver Samuel Johnson,1809 *Selections from the best English authors. With an outline of the history of the English language and literature. Ed. by A. F. Murison* English authors,1901 *The Life of John Milton* David Masson,1881 **The Interpretation of Samuel Johnson** J. Clark,H. Erskine-Hill,2012-06-12 A major academic controversy has raged in recent years over the analysis of the political and religious commitments of Samuel Johnson the most commanding of the commanding heights of eighteenth century English letters This book one of a trilogy from Palgrave brings that debate to a decisive conclusion retrieving the historic Johnson *Chambers's National Reading-books* William Chambers,1877 *A John Donne Companion (Routledge Revivals)* Robert H. Ray,2014-05-01 First published in 1990 this title provides a compendium of useful information for any reader of Donne to have at hand crucial biographical material historical contextualisation and details about his life s work The intention throughout is to enhance understanding and appreciation without being exhaustive The major portion of the volume in both importance and size is A Donne Dictionary Its entries are arranged alphabetically they identify describe and explain the most influential persons in Donne s life and works as well as places characters allusions ideas concepts individual words phrases and literary terms that are relevant to a rounded appreciation of his poetry and prose A Jonne Donne Companion will prove invaluable for all students of English poetry and Anglican theology **Chambers's national reading-books** Chambers W. and R., ltd,1877

Twentieth-century Literature in Retrospect Reuben Arthur Brower,1971 The sixteen essays in this second volume of Harvard English Studies explore and reevaluate the work of twentieth century writers and critics from Joyce and James to Iris Murdoch and Mailer from Yeats and Eliot to critics and poets of the present generation Part I Writers and Critics includes among other essays an exploration of erotic imagination in Dubliners and a study of Dickensian motifs in Murdoch s London novels Other articles deal with the present standing of Yeats s and Eliot s poetry the prosodies of free verse and the role of the writer in modern fiction Part II Twentieth Century Valuations Reconsidered assesses some of the influential

twentieth century critical positions on Shakespeare the pastoral Donne the metaphysical poets Milton Pope and Wordsworth Distinguished contributors include Josephine Miles Frank Kermode F R Leavis and Christopher Ricks John Donne's Poetry and Early Modern Visual Culture Ann Hurley, 2005 This study argues the thesis that John Donne's poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically its visual culture It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne's verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne's poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College

The History of the County Palatine and City of Chester George Ormerod, 1882 Poetry of Abraham Cowley David Trotter, 1979-06-17 **The 1st- Annual Report of the Deputy Keeper of the Public Records ...** Great Britain. Public Record Office, 1876 **Notes and Queries**, 1903

Donne's Anniversaries and the Poetry of Praise Barbara Kiefer Lewalski, 2015-03-08 In his occasional poetry and especially in his two elegaic Anniversary poems Donne created a special symbolic mode in seventeenth century poetry of praise and compliment Barbara Kiefer Lewalski's reading of the Anniversary poems recognizes them as complex mixed genre works which weld together formal thematic and structural elements from the occasional poem of praise the funeral elegy the funeral sermon the hymn the anatomy and the Protestant meditation Focusing especially on theme and structure her reading demonstrates the coherent symbolic method and meaning of these poems and also their careful logical articulation both as individual poems and as companion pieces Essentially the author discovers their thorough and precise exploration through the poetic means of figure and symbol of the nature of man and the conditions of human life In order to discuss the significant contexts for and influences on the Anniversary poems the author has studied sixteenth and seventeenth century epideictic theory and practice Protestant meditation Biblical hermeneutics and funeral sermons She is also concerned with the effect of the poems and of Donne's other writings of a similar kind on contemporary and subsequent developments in the poetry of praise especially that of Marvell and Dryden This is a lucid and learned book that provides a major context for the Anniversary poems and gives new significance to the designation of Donne as a Metaphysical poet Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these

important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *A Record of the Descendants of Simon Henry (1766-1854) and Rhoda Parsons (1774-1847) His Wife* Frederick Augustus Henry, 1905 Ancestors and descendants of Simon Henry 1766 1854 and of his wife Rhoda Parsons Henry 1774 1847 who moved in 1817 from Massachusetts to Geauga County Ohio Ancestors lived chiefly in New England Descendants lived in New England Ohio Iowa Minnesota and elsewhere
