Hidden Valley John A. W. Inman, 2020-05-13 When six high security prisoners escape from Barnaby Prison on the western edge of the Great Dividing Range in southern New South Wales it will never bode well for anyone they meet Leaving a trail of destruction behind them fate seems to direct the steps of the rapists murderers hit men and crime bosses towards Hidden Valley a peaceful close knit community on the edge of the national park When confronted with dangers far greater and more sinister than the wild dogs decimating their sheep the residents of the valley realise that given the right circumstances anyone can become a killer

To Hell and Beyond Mark Henry, 2017-05-30 It's been thirty years since they battled through a war torn frontier Now they'll ride together once again and the bullets will fly THE HELL RIDERS During the bloody Apache Wars Trap O Shannon Clay Madsen Ky Roman and a few others distinguished themselves with uncommon valor in the brutal Geronimo Campaign Known as the Scout Trackers this fearsome bunch of battle hardened warriors rode hard shot straight and plenty and took chances no one else was willing to take But times have changed and the brotherhood is scattered here and there in a changing land until the past comes rolling back with a vengeance HARD ROAD

TO HEAVEN Reunited the gang is ready to ride hard from Montana all the way to the Arizona Territory to enforce their fearless brand of justice Killers of every stripe will stand in their way but that only means Trap and his men will fight that much harder to bury every last one of them Here together for the first time are Mark Henry's explosive Western epics that show the brutal gut punching American West in all its violent glory *Movement* Nicole Gelinas, 2024-11-05 A gripping account of how the automobile has failed NYC and how mass transit and a revitalized streetscape are vital to its post pandemic recovery In 1969 as all students of New York City history think they have learned master builder Robert Moses lost his long battle to urbanist Jane Jacobs over his planned Lower Manhattan Expressway The ten lane elevated expressway would have sliced across SoHo and Little Italy demolishing historic buildings and displacing thousands of families and businesses Jacobs and her neighbors defeated Moses and as a result New York became the only major American city with no interstate highway running through its core Like many global cities though New York had spent fifty years during the first half of the twentieth century trying and failing to tame its heavily populated landscape to fit the private automobile New York has now spent more than fifty years trying to undo those mistakes wresting back city space for people not cars *Movement* New York's Long War to Take Back Its Streets from the Car chronicles the earlier less known battles that preceded the cancellation of the Lower Manhattan Expressway Jacobs became an example for generations of urban planners but whose example did Jacobs emulate in an earlier victory that saved Washington Square Park Moses may serve handily as New York's uber villain now but who before him was responsible for destroying a critical part of New York's transit system A well respected urban writer who has focused on New York's transportation system for more than a decade author Nicole Gelinas resumes the story where Robert Caro's landmark *The Power Broker* ended *Movement* explores how in the half century leading up to the COVID 19 pandemic New York's re embracement of its mass transit system and a livable streetscape helped save the city Gelinas tackles the 1970s environmental movement the 1980s rebuilding of the subways and more contemporary battles from Mayor Bloomberg's push for more pedestrian plazas and bike lanes in the early 2000s to transportation advocates protests to prevent traffic deaths in the Mayor de Blasio era of the 2010s to how New York's stewardship of its streets and subways have played a critical role during the 2020 pandemic and subsequent recovery Introducing a cast of transportation heroes to rival Jane Jacobs Shirley Hayes Hazel Henderson Richard Ravitch Nilka Martell and puncturing the myth of Moses as New York's anti hero *Movement* explores how New York City has helped redefine what it means to be a global city not a place that is easy to drive through but a place where people can take transit walk and bike to work to school or just for fun **Suitably Modern** Mark Liechty, 2020-11-10 *Suitably Modern* traces the growth of a new middle class in Kathmandu as urban Nepalis harness the modern cultural resources of mass media and consumer goods to build modern identities and pioneer a new sociocultural space in one of the world's least developed countries Since Nepal's opening in the 1950s a new urban population of bureaucrats service personnel small business owners and others have

worked to make a space between Kathmandu's old and still privileged elites and its large and growing urban poor Mark Liechty looks at the cultural practices of this new middle class examining such phenomena as cinema and video viewing popular music film magazines local fashion systems and advertising He explores three interactive and mutually constitutive ethnographic terrains a burgeoning local consumer culture a growing mass mediated popular imagination and a recently emerging youth culture He shows how an array of local cultural narratives stories of honor value prestige and piety flow in and around global narratives of progress modernity and consumer fulfillment Urban Nepalis simultaneously adopt and critique these narrative strands braiding them into local middle class cultural life Building on both Marxian and Weberian understandings of class this study moves beyond them to describe the lived experience of middle classness how class is actually produced and reproduced in everyday practice It considers how people speak and act themselves into cultural existence carving out real and conceptual spaces in which to produce class culture
