*Professional Military Development Of Major General Ernest N. Harmon* Major Matthew B. Dale, 2014-08-15 This study is a partial biography of Major General Ernest N Harmon focusing on his military career from his West Point graduation in 1917 to his assuming command of the 2nd Armored Division in 1942 When Harmon attained division command in July 1942 he was one of the most experienced officers in the army to command an armored division However he is overlooked in many histories and leadership studies The intent of this thesis is to determine what in Harmon's professional military development prepared him to become a successful and widely acclaimed leader of armored forces in the European Theater of Operations ETO during World War II Harmon's career reflected the generation of army officers whose service began during World War I and ended just prior to or during the early years of the Cold War However his World War I experience was unique in that with only eighteen months of service he commanded the largest U S cavalry formation to see combat in France Harmon's interwar career mirrored that of most of his peers shifting between command staff instructor and student assignments Therefore this study also provides a snapshot era's officer professional development The first twenty five years of his career prepared Harmon for combat in World War II and the occupation of Germany that followed His career development and personal experiences forged his competence and character He personally played crucial roles in ending three of the greatest crises faced by American forces in the ETO Kasserine Anzio and the Ardennes The units that he commanded played decisive

parts in securing North Africa seizing Rome and penetrating the Siegfried Line into Germany Following the war Harmon served in a variety of key positions including military governor of Czechoslovakia and the organizer and first commander of the U S Constabulary Force in Germany before retiring in 1947 with thirty years of military service **Armor** ,2004 **Air Defense Artillery** ,1987 **United States Army in World War II.** ,1968 **United States Army in WWII - Europe - the Ardennes: Battle of the Bulge** Dr. Hugh M. Cole,2014-08-15 Includes 14 maps and 96 photos During most of the eleven months between D day and V E day the U S Army was carrying on highly successful offensive operations As a consequence the American soldier was buoyed with success imbued with the idea that his enemy could not strike him a really heavy counterblow Then unbelievably and under the goad of Hitler s fanaticism the German Army launched its powerful counteroffensive in the Ardennes in Dec 1944 with the design of knifing through the Allied armies and forcing a negotiated peace The mettle of the American soldier was tested in the fires of adversity and the quality of his response earned for him the right to stand shoulder to shoulder with his forebears of Valley Forge Fredericksburg and the Marne This is the story of how the Germans planned and executed their offensive It is the story of how the high command American and British reacted to defeat the German plan once the reality of a German offensive was accepted But most of all it is the story of the American fighting man and the manner in which he fought a myriad of small defensive battles until the torrent of the German attack was slowed and diverted its force dissipated and finally spent It is the story of squads platoons companies and even conglomerate scratch groups that fought with courage with fortitude with sheer obstinacy often without information or communications or the knowledge of the whereabouts of friends In recreating the Ardennes battle the author has penetrated the fog of war as well as any historian can hope to do No other volume of this series treats as thoroughly or as well the teamwork of the combined arms infantry and armor artillery and air combat engineer and tank destroyer or portrays as vividly the starkness of small unit combat Every thoughtful student of military history but most especially the student of small unit tactics should find the reading of Dr Cole s work a rewarding experience *ADA.* ,1987-07 *United States Army in World War 2, The Technical Services, The Ordnance Department, On Beachhead and Battlefront* , **The Ordnance Department** Lida Mayo,1968 *The Ordnance Department* ,1991 *The Ordnance Department: on Beachhead and Battlefront* Lida Mayo,1968 *The Ordnance Department: On beachhead and battlefront*, by L.
