Guthrie,2014-04 The Pre Tribulational Rapture theory of the end times is the most prevalent and well known end time scenario of the Bible It is well entrenched and established in most fundamental churches The Pre Tribulational Rapture has been popularized by the Left Behind book and movie series However consider the following What if the blessed hope was not a promise of the Rapture What if the wrath the Church was not appointed to had nothing to do with the Tribulation What if the Rapture is not and cannot be an imminent event What if the Antichrist will not and cannot rule over the entire world What if the Church is not missing during any portion of the book of Revelation What if the falling away in 2 Thessalonians 2 3 is only a reference to the end time apostasy of the Church predicted by Jesus What if only unbelievers enter into the Millennial Kingdom What if Enoch is no more a representation of a Pre Tribulational Rapture than Elijah is a representation of a Post Tribulational Rapture What if the time at which both the Rapture and the Second Coming will occur is unknown What if Jesus Paul and Daniel presented the exact same end time scenario What if a literal interpretation of Scripture reveals a Post Tribulational Rapture In a detailed and thorough analysis of Scripture The Rapture From the Ground Up explores these and many more questions related to the end time events surrounding the Rapture in a step by step approach This eschatological study is unsurpassed in detail for the knowledgeable Bible student and yet remains basic simple and straightforward for the novice Using a literal interpretation of Scripture the Post Tribulational Rapture is the undeniable result of such a diligent and literal study of God s Word **Rebellion and Violence in Islamic Law** Khaled Abou El Fadl,2001-11-01 Khaled Abou El Fadl s book represents the first systematic examination of the idea and treatment of political resistance and rebellion in Islamic law Pre modern jurists produced an extensive and sophisticated discourse on the legality of rebellion and the treatment due to rebels under Islamic law The book examines the emergence and development of these discourses from the eighth to the fifteenth centuries and considers juristic responses to the various terror inducing strategies employed by rebels including assassination stealth attacks and rape The study demonstrates how Muslim jurists went about restructuring several competing doctrinal sources in order to construct a highly technical discourse on rebellion Indeed many of these rulings may have a profound influence on contemporary practices This is an important and challenging book which sheds light on the complexities of Islamic law and pre modern attitudes to dissidence and rebellion **Pledged as a Rebel** Matthew Hoff,2022-09-15 A history and analysis of the rising that covers the principal players the strategy and execution of the plan This new history shows the Uprising from initiation to its aftermath The uprising came during the tough times of World War I and was viewed by some as heroic and by others as treachery **The Whole Story** John E.
