## Hello Winnipeg:

**For All We Have and Are** James M. Pitsula, 2011-11-30 The First World War profoundly affected every community in Canada. In Regina, the politics of national identity, the rural myth, and the social gospel all lent a distinctive flavour to the city's experience of the Great War. For many Regina men, the fight against German militarism merged with the struggle against social evils, and the Big Interests adding new momentum to the forces of social reform, including the fights for prohibition and women's suffrage. James M. Pitsula traces these social movements against the background of the lives of Regina men who fought overseas in battles such as Passchendaele and Vimy Ridge. Skillfully combining vivid detail with the larger social context, *For All We Have and Are* provides a nuanced picture of how one Canadian community rebuilt both its realities and myths in response to the cataclysm of the war to end all wars.

**Sexual Assault** Rita F. Gunn, Candice Minch, 1998-01-01 Only a small percentage of all cases of sexual assault are reported to the police. Why do so many women decide not to report an assault? And what happens to the assailant when a case is reported and charges are laid? In this volume, Rita Gunn and Candice Minch explore the answers to these questions, basing their analysis on the most comprehensive data available on sexual assault in Canada. Through interviews with victims of sexual assault, they analyze the factors that influence the women to report an attack or keep silent. Society still places the responsibility on women to avoid being sexually assaulted, so the victim is caught in a dilemma when deciding whether to disclose an assault. The authors then look at what happens when a sexual assault is reported. They follow a sample of assaults from the initial police report through to the final disposition of the case, demonstrating that only 10 percent of the original charges resulted in conviction, 20 percent were reduced to lesser charges, and over 70 percent of the charges were filtered out of the criminal justice system before trial. Societal attitudes, which blame victims for the offence, extend into the legal system. Finally, the authors offer an assessment of the effects of the 1983 sexual assault legislation on the processing and ultimately on the reporting of sexual offences. They conclude that law reform is necessary but not sufficient in itself. The law is only as innovative as the individuals who use, interpret, and apply it. This volume provides a valuable analysis of sexual assault as it affects the victim and the assailant.

**The Collected Poems of Miriam Waddington** Miriam Waddington, 2014-05-08 This anthology brings together for the first time the complete published works of Jewish Canadian poet Miriam Waddington and features a rare selection of previously unpublished poems. Miriam Waddington's verse is deceptively accessible; it is personal but never private, emotional but not confessional, thoughtful but never cerebral. The subtlety of her craft is the hallmark of a modernist poet whose work opens to the world and its readers. She details intoxicating romance and mature love, the pleasures of marriage and motherhood, the experience of raising two sons to adulthood, and the ineffable pain of divorce. As she moved through life, she wrote clearly and uncompromisingly about the vast sweep of Canada, her travels to new lands, the passage of time, the death of her ex-husband, the loss of close friends, and later of growing old.
