**Benchere in Wonderland** Steven Gillis, 2015-08-17 What is the role of art in the world And what is the responsibility of the artist After the death of his wife Michael Benchere a well respected sculptor and once famous architect looks for ways to redefine the meaning of his life through the purpose of his art Determined to create a sculpture that celebrates nothing more than the pure beauty of art Benchere heads into the Kalahari desert where he is followed quite unexpectedly by a ragtag mix of people Over the course of his months in the desert Benchere must address not only the relationship of his art to the world at large but his own relationship to the world and how our responsibilities our loves and dreams don't ever fade in time but in effect become evermore defined

**The Good Women of China** Xinran, 2011-03-18 An unprecedented intimate account of the lives of modern Chinese women told by the women themselves true stories of the political and personal upheavals they have endured in their chaotic and repressive society For eight groundbreaking years Xinran hosted a radio program in China during which she invited women to call in and talk about themselves Broadcast every evening Words on the Night Breeze became famous throughout the country for its unflinching portrayal of what it meant to be a woman in modern China Centuries of obedience to their fathers husbands and sons followed by years of fear under Communism had made women terrified of talking openly about their feelings Xinran won their trust and through her compassion and ability to listen became the first woman to hear their true stories This unforgettable book is the story of how Xinran negotiated the minefield of restrictions imposed on Chinese journalists to reach out to women across the country Through the vivid intimacy of her writing these women confide in the reader sharing their deepest secrets Whether they are the privileged wives of party leaders or peasants in a forgotten corner of the countryside they tell of almost inconceivable suffering forced marriages sexual abuse separation of parents from their children extreme poverty But they also talk about love about how despite cruelty despite politics the urge to nurture and cherish remains Their stories changed Xinran's understanding of China forever Her book will reveal the lives of Chinese women to the West as never before

**Guilty Not Guilty** Felix Francis, 2019-11-19 New York Times bestselling author Felix Francis returns with another nail biting thriller in the Dick Francis tradition It is said that everyone over a certain age can remember distinctly what they were doing when they heard that President Kennedy had been assassinated or that Princess Diana had been killed in a Paris car crash but I for one could recall all too clearly where I was standing when a policeman told me that my wife had been murdered Bill Russell is acting as a volunteer steward at Warwick races when he confronts his worst nightmare the violent death of his much loved wife But the aftermath proves much worse when he is accused of killing her and then hounded mercilessly by the media Losing his job and in danger of losing his home too Bill's life begins to unravel completely Even his best friends turn against him thinking him guilty of the heinous crime despite the lack of any compelling evidence As Bill sets out to clear his name he finds that proving one's innocence isn't easy He believes he can track down the true culprit but can he prove it before he becomes the

When The Forest Bleeds David Bailey, 2003-02-07 When reporter Tony Parkins was sent to Newport to cover a multiple murder he could not have expected what awaited him What seemed like a clash between loggers and environmentalists soon proved to be a conspiracy that would be traced to the most powerful people in the world What he thought he knew and who he thought he could trust would soon be challenged and changed forever As he uncovered more of the truth he would have to fight for his life and the lives of those around him Some of those lives would be saved while others would be lost The coverup and betrayal would test his inner strength and beliefs to the limits In the end he would learn about himself and what was important to him It would not be the story he had expected to find It would be a story to tell the world if only the world would believe
