Helmut Kohl Die Macht Und Das Geld:

Helmut Kohl's Quest for Normality Christian Wicke, 2015-02-01 During his political career Helmut Kohl used his own life story to promote a normalization of German nationalism and to overcome the stigma of the Nazi period In the context of the cold war and the memory of the fascist past he was able to exploit the combination of his religious generational regional and educational he has a PhD in History experiences by connecting nationalist ideas to particular biographical narratives Kohl presented himself as the embodiment of normality a de radicalized German nationalism which was intended to eclipse any anti Western and post national peculiarities This book takes a biographical approach to the study of nationalism by examining its manifestation in Helmut Kohl and the way he historicized Germany's past *Die Politik der Öffentlichkeit - die Öffentlichkeit der Politik* Bernd Weisbrod, 2003 **Helmut Kohl, die Macht und das Geld** Hans Leyendecker, 2002

German Public Policy and Federalism Arthur B. Gunlicks, 2004-10-01 Since unification German society and institutions have been challenged by various transformations and the need to adjust to changing conditions While much has been accomplished many political legal and institutional problems remain This volume deals with selected aspects of domestic and European policy political parties the challenge of direct democracy and federalism in unified Germany all issues that have been the subject of much discussion political posturing legislation and to some extent constitutional amendments and court decision for many years if not decades In conclusion a British scholar looks at German federalism and a number of public policy issues from a comparative perspective and arrives at some surprising and encouraging results

Silence and Concealment in Political Discourse Melani Schröter, 2013-05-08 This book constitutes a significant contribution to political discourse analysis and to the study of silence both from the point of view of discourse analysis as well as pragmatics and it is also relevant for those interested in politics and media studies It promotes the empirical study of silence by analysing metadiscourse about politicians silence and by systematically conceptualising the communicativeness of silence in the interplay between intention to be silent expectation of speech and relevance of the unsaid Three cases of sustained metadiscourse about silent politicians from Germany are analysed to exemplify this approach based on media texts and protocols of parliamentary inquiries Ideals of political transparency and communicative openness are identified as a basis for disappointed expectations of speech which trigger and determine metadiscourse about politicians silences Finally the book deals critically with the role of those who act as advocates of the public's demand to speak out The Best System Money Can Buy Carolyn Warner, 2011-03-15 As the European Union moved in the 1990s to a unified market and stronger common institutions most observers assumed that the changes would reduce corruption Aspects of the stronger EU promised to preclude or at least reduce malfeasance regulatory harmonization freer trade and privatization of publicly owned enterprises Market efficiencies would render corrupt practices more visible and less common In The Best System Money Can Buy Carolyn M Warner systematically and often entertainingly gives the lie to these assumptions and provides a framework

for understanding the persistence of corruption in the Western states of the EU In compelling case studies she shows that under certain conditions politicians and firms across Europe chose to counter the increased competition they faced due to liberal markets and political reforms by resorting to corruption More elections have made ever larger funding demands on political parties privatization has proved to be a theme park for economic crime and party profit firms and politicians collude in many areas where EU harmonization has resulted in a net reduction in law enforcement powers and state led export promotion efforts especially in the armaments infrastructure and energy sectors have virtually institutionalized bribery The assumptions that corruption and modernity are incompatible or that Western Europe is somehow immune to corruption simply do not hold as Warner conveys through colorful analyses of scandals in which large corporations politicians and bureaucrats engage in criminal activity in order to facilitate mergers and block competition and in which officials accept private payments for public services rendered At the same time the book shows the extent to which corruption is driven by the very economic and political reforms thought to decrease it **United and Divided** Mike Dennis,Eva

Kolinsky,2004-03-01 The system transformation after German unification in 1990 constituted an experiment on an unprecedented scale At no point in history had one state attempted to redesign another without conquest bloodshed or coercion but by treaties public policy and bureaucratic processes Unification was achieved by erasing the eastern political and economic model However in the meantime it has become clear that the same cannot be said about social transformation On the contrary social and cultural attitudes and differentiation have continued and resulted in deep divisions between West and East Germany After unification the injustices of politics seemed to have been replaced in the eyes of most former GDR citizens by unexpected injustices in the personal spheres of ordinary people who lost their jobs and faced unknown realities of deprivation and social exclusion These are the main concerns of the contributors to this volume Incorporating new research findings and published data they focus on key aspects of economic political and social transformation in eastern Germany and compare through case studies each area with developments in the west **Christian Democratic Parties in Europe Since the End of the Cold War** Steven Van Hecke,Emmanuel Gerard,2004 The period since the end of the Cold

War has been characterised by an acceleration in the European integration process a changing pattern of political ideologies and the emergence of new political parties and issues This book assesses the impact of these phenomena on Christian Democratic parties in the current and future member states of the European Union and highlights some of the particularities and universalities of European Christian Democracy from a comparative and transnational perspective Political scientists and historians from various universities examine the way in which Christian Democratic parties have responded to these challenges for instance by a rapprochement with non Christian Democrats and explain how those responses have resulted in failure in some cases and success in others **European Integration as an Elite Process** Max Haller,2008-05-05 Max Haller s impressive book presents an analysis of the process of European integration which keeps the relation between elites

and citizens at the forefront A timely and original read this book will be a useful addition to the library of any political sociologist political scientist or scholar of European integration **Demokratietheorie und Demokratieentwicklung**

André Kaiser, Thomas Zittel, 2013-03-08 Die moderne Demokratie kann als Produkt eines Wechselverhältnisses zwischen ihren ideellen Grundlagen und konkreten historischen Erfahrungen begriffen werden Die Beiträge des Bandes nehmen diese Perspektive auf und thematisieren drei zentrale Fragestellungen die sich aus ihr ergeben 1 Welche in der Regel widerstreitenden ideellen Grundlagen und Ordnungsvorstellungen liegen der Entwicklung der modernen Demokratie zugrunde 2 In welchen institutionellen Ausprägungen erscheint die moderne Demokratie und wie können diese systematisch erfasst werden Was lernen wir aus der Entwicklungsgeschichte und der Praxis der modernen Demokratie hinsichtlich der Umsetzbarkeit abstrakter Ordnungsvorstellungen 3 Stellt sich die Frage nach der Leistungsbilanz und der Zukunftsfähigkeit von Demokratie Kann diese historisch geronnene Ordnung neue Herausforderungen bewältigen und Problemlösungen anbieten

Wandel und Fortschritt in den Christdemokratien Europas Andreas Wagner, 2014-06-20 Die christdemokratischen Parteien Westeuropas sahen sich zuletzt besonders stark mit gesellschaftlichem und politischem Wandel konfrontiert Die Reaktionen dieser einst hyperstabilen christdemokratischen Parteien der bundesdeutschen CDU der österreichischen VP und des niederländischen CDA fielen dagegen umso mehr auf Andreas Wagner stellt dar dass es trotz der einst gefestigten gesellschaftlichen Verhältnisse und der ganz besonderen innerparteilichen Beharrungskraft zu erstaunlichen Veränderungsprozessen kam die sich immer wieder gegen über den innerparteilichen Vetospielern behaupten mussten Gerade in Oppositionszeiten zeigte sich jedoch über die Landesgrenzen hinweg wie die Christdemokratien die Zeit nutzten um als politische Großorganisationen zu lernen und sich zu verändern *The Corruption Notebooks*, 2004 The Corruption Notebooks 25 Investigative Journalists Report on Abuses of Power in Their Home Country is a hard hitting collection of essays by leading investigative journalists around the world on what happens when the public is either uninformed about abuses of power or incapable of doing anything about it Many of the 25 contributing journalists have been threatened jailed and in some cases had their offices firebombed All have spent years fearlessly uncovering government and corporate scandal in their home countries Their unique and comprehensive essays reveal how no democracy including the United States is immune from the scourge of corruption Published by the Center for Public Integrity The Corruption Notebooks is essential for anyone seeking to understand the insidious impact of corruption on societies around the world The book is a companion to the Center's groundbreaking online report Global Integrity An Investigative Report Tracking Corruption Openness and Accountability in 25 countries *Die Anatomie des Machtwechsels* Stefan Schwarzkopf, 2002
