McGee, 2019-04-04 How to Harvest God s Blessings in Your Marriage By Fred S McGee Why does it seem that so many marriages are failing in this day and age How can we keep it from happening to us Perhaps one of the biggest problems is a change in our point of view about what the characteristics of marriage are and should be Using the teachings of the Bible How to Harvest God s Blessings in Your Marriage will help you develop lasting marriage with your spouse and a relationship that grows in intensity throughout the years **Husbands, Wives, and Concubines** Emlyn Eisenach, 2004-06-01 Emlyn Eisenach uses a wide range of sources including the richly detailed and previously unexplored records of nearly two hundred marriage related disputes from the bishop s court of Verona to illuminate family and social relations in early modern northern Italy Arguing against the common emphasis on the growth of law and government in this period her study emphasizes the fluidity of the principles that governed marriage and its dissolution and deepens our understanding of the patriarchal family and its complex relationship with gender and status during the sixteenth century Peopled by characters from across the social spectrum of the city of Verona and its contado Eisenach s study moves between stories about specific individuals serving girls seeking honorable marriage through the unlikely route of concubinage peasant men in search of independence from their fathers and aristocratic wives seeking revenge against adulterous husbands and broader analyses of social economic and geographical patterns of behavior She shows how the Veronese at all social levels attempted to better their familial and personal fortunes by creatively molding wedding rituals to fit their particular circumstances or engaging in the significant but until now little understood practices of concubinage clandestine marriage or informal marriage dissolution Eisenach also evaluates the first half century of religious reforms in Verona as the leading pre Tridentine bishop Gian Matteo Giberti and his successors challenged common practices and understandings in sermons

treatises confessionals and court Emphasizing the limitations of what the religious authorities could impose on the people she explores how learned and popular notions of marriage family and gender shaped each other as they were put into action in the strategies of individual Veronese *The Family in the New Millennium* Thomas B.
