

Schaeffer argues that in the modern period two important developments have affected our lives and, consequently, art as well. The first he calls a theological development: Christians have compartmentalized their lives into sacred and secular areas; the arts then are viewed as being secular and relegated to second-class importance. The second aspect, which happened concurrently, he calls a secular development: increasingly people have looked at themselves and their work in strictly utilitarian terms. Thus, art, having no immediate "relevance" to manufacturing cars or hair spray, is perceived as of peripheral importance. Schaeffer succinctly describes his view of the results: "The arts were particularly and bitterly affected, first relegated to the basement of the church as unspiritual and now, whenever they were allowed to see the light of day, demanded to make some useful contribution to that church" (pp. 31-32). The author's purpose, then, is to restore a holistic view, both of our position in the world (being created in God's image, we are of great intrinsic worth) and of our work ("all human endeavor is Christian [if it is not sin] and has its roots in God's good grace") (p. 47).

Addicted to Mediocrity is organized in two sections, the first being a general discussion of the issues, the second taking a question-and-answer format. The second appears to be a convenient excuse to include some items which the author could not conveniently incorporate in his essay. The first section is clearly the stronger one.

Schaeffer is witty, clever, and often biting in his satire. At times, though, he seems to dismiss with too cavalier an attitude those who have an inadequate understanding of and appreciation for the arts. In fact, one wonders whether some of those who should hear the message will not be miffed by the tone of the essay and refuse to read it; and those who will enjoy it probably agree already. Nonetheless, Schaeffer has an incisive word for evangelicals who are pious but artistically illiterate. His text is reinforced by Kurt Mitchell's clever lampooning drawings.

HEAVEN: A FUTURE FINER THAN DREAMS. U. Milo Kaufmann. Winona Lake, Ind.: Light and Life Press, 1981. Pp. 220.

In his poem "Birches," Robert Frost celebrates the birch-swingers' quest toward heaven, while emphasizing to any eaves-dropping fate that he is certainly in no great hurry to go there. This popular conviction that "heaven can wait," surprisingly, is one of the few recurring questions which University of Illinois English professor Milo Kaufmann does not address in his *Heaven: A Future Finer Than Dreams*, which discusses "twenty of the most common questions about

Heaven, a Future Finer Than Dreams U. Milo Kaufmann, 1981-07-01 *Joyful Exiles* James M. Houston, 2006-09-27
Jim Houston reviews the insight he has gained over his years of teaching counseling and mentoring Christians and presents what he now regards as pivotal concerns for leading a faithful Christian life in today's world. If you are interested in Christian maturity and want a guide through the currents and eddies of our society and culture, this book is for you. **Mothers and Masters in Contemporary Utopian and Dystopian Literature** Mary Elizabeth Theis, 2009
Because advances made by science and technology far outstripped improvements in human nature, utopian dreams of perfect societies in the twentieth century quickly metamorphosed into dystopian nightmares which undermined individual identity and threatened the integrity of the family. Armed with technological and scientific tools, totalizing social systems found in literature abolish the distinction between public and private life and thus penetrate and corrupt the very core of all utopian blueprints and visions: the education of future generations. At the heart of the family, mothers as parents transmit their diverse cultural traditions while socializing their children and thus compete with ideologically driven systems that usurp their role as educators. *Mothers and Masters in Contemporary Utopian and Dystopian Literature* focuses therefore on the thematic importance of this and other maternal roles for generic metamorphosis: the shift to dystopia invariably is signaled by the inversion of traditional maternal roles. The longevity of the utopian/dystopian literary tradition and persistence of the maternal model of human relationships serve as points of reference in this post-modern age of relative cultural values. Meta-utopian exploration of this thematic tension between utopia and dystopia reminds us that no place may not be home, but we need to keep going there. **The Discerning Reader** David Barratt, Roger Pooley, Leland Ryken, 1995 如何讀聖經? Julie Clinton, president of Extraordinary Women ministries, influences the lives of thousands of women each year. In *Living God's Dream for You*, Clinton shares devotions rich with insight and wisdom gained through her ministry, life, marriage, and faith. Her message inspires women to grab hold of the dream God has for them as they discover the truth and depth of God's love for them: personally, the mercy of Jesus' intercession for their needs; daily, the freedom of never having to prove their worth; the joy of walking in God's abundant hope and purpose; the wellspring of gratitude even on the tough days. With each turn of the page, women will find refreshment as they pray, believe, and live out God's dream for them. This inviting devotional is for every woman ready to rest in all that God is doing in her life and eager to witness all that God is planning for her future. **Many are Called, But Most Leave Their Phone Off the Hook** Doug Peterson, 1992
A collection of inspirational stories of building a church that combines humor, serious stories, parables, anecdotes, sermons, beliefs, facts, and even a bit of Dr. Seuss-style poetry. It shows how good it is for God's people to laugh or, in the immortal words of G. K. Chesterton, "The angels can fly because they take themselves lightly."
