## **Heavens Gate:**

Heaven's Gate George D. Chryssides, 2016-12-05 On March 26 1997 the bodies of 39 men and women were found in an opulent mansion outside San Diego all victims of a mass suicide Messages left by the Heaven s Gate group indicate that they believed they were stepping out of their physical containers in order to ascend to a UFO that was arriving in the wake of the Hale Bopp comet The Heaven s Gate suicides were part of a series of major incidents involving New Religions in the 1990s as the new millennium approached Despite the major attention that Heaven s Gate attracted at the time of the suicides there have been relatively few scholarly studies This anthology on Heaven s Gate includes a combination of articles previously published in academic journals some new writings from experts in the field and some original Heaven s Gate documents All the material is expertly brought together under the editorship of George D Chryssides **Heaven's Gate** Benjamin E Zeller, Robert W Balch, 2014-10-31 The captivating story of the religious group focused on transcending humanity and the Earth and seeking salvation in the literal heavens on board a UFO 2015 Best Book Award from the Communal Studies Association In March 1997 thirty nine people in Rancho Santa Fe California ritually terminated their lives To outsiders it was a mass suicide To insiders it was a graduation This act was the culmination of over two decades of spiritual and social development for the members of Heaven s Gate In this fascinating overview Benjamin Zeller not only explores the question of why the members of Heaven s Gate committed ritual suicides but interrogates the origin and evolution of the religion its appeal and its practices By tracking the development of the history social structure and worldview of Heaven s Gate Zeller draws out the ways in which the movement was both a reflection and a microcosm of larger American culture The group emerged out of engagement with Evangelical Christianity the New Age movement science fiction and UFOs and conspiracy theories and it evolved in response to the religious quests of baby boomers new religions of the counterculture and the narcissistic pessimism of the 1990s Thus Heaven s Gate not only reflects the context of its environment but also reveals how those forces interacted in the form of a single religious body In the only book length study of Heaven s Gate Zeller traces the roots of the movement examines its beliefs and practices and tells the captivating story of its people The most thorough work on the cult of Heaven s Gate that is presently available Choice Heaven's Gate Erin Yorke, 1992 Heaven s Gate by Erin Yorke released on Mar 25 1992 is available now for purchase **Ti & Do the Father & "Jesus" Heaven'S Gate Ufo Two Witnesses** Sawyer, 2017-01-18 This book provides detailed evidence from everything Jesus prophesied often broken down to the root definitions of terms from the Greek and Aramaic Hebrew languages which manuscripts were written in to show in context by numerous Bible records how and why those called Ti Tee and Do Doe were the new incarnations of the One referred to as the Father and before then Jehovah and Elohim with the One who was incarnate in the vehicle body named Jesus and before then Elijah Moses Enoch and Adam who with Their Crew of Student Saints were on earth again to fulfill the promised return of Their Kingdom during these End Times through Their task recorded as the Two Witnesses in the Book of

Ti and Do left extensive records of everything they came to awaken to know over their combined 25 years incarnate. As I spent 19 fully dedicated years with them I drew upon their records and my experience to describe many new translations of terms and new interpretations of most all Book of Revelations records. Finally I studied world history and current events that can be shown to be valid reference points in many prophecies. Bromley, J. Gordon Melton, 2002-05-13 This explores the question of when and why violence by and against new religious cults erupts and whether and how such dramatic conflicts can be

foreseen managed and averted The authors leading international experts on religious movements and violent behavior focus on the four major episodes of cult violence during the last decade the tragic conflagration that engulfed the Branch Davidians in Waco Texas the deadly sarin gas attack by the Aum Shinrikyo in Tokyo the murder suicides by the Solar Temple in Switzerland and Canada and the collective suicide by the members of Heaven s Gate They explore the dynamics leading to these dramatic episodes in North America Europe and Asia and offer insights into the general relationship between violence and religious cults in contemporary society The authors conclude that these events usually involve some combination of internal and external dynamics through which a new religious movement and society become polarized *Prophets and*

*Photons* Benjamin E Zeller,2010-03-01 This in depth study shows how new religious movements offer a variety of strategies for reconciling science and religious faith By the twentieth century established religious traditions were forced to grapple with the challenges presented by scientific knowledge and innovation But emerging religions still led by a living founder to guide them found new ways to respond to science The Hare Krishnas the Unification Church and Heaven s Gate each found distinct ways to incorporate major findings of modern American science understanding it as central to their wider theological and social agendas In *Prophets and Photons* Benjamin Zeller examines how these New Religious Movements NRMs crafted their views on science during their founding period and how those views evolved over time These NRMs shed light on how religious groups new old alternative or mainstream could respond to the tremendous growth of power and prestige of science in late twentieth century America In this engrossing book Zeller carefully shows that religious groups had several methods of creatively responding to science and that the often assumed conflict based model of science vs religion must be replaced by a more nuanced understanding of how religions operate in our modern scientific world *End of Days* Wendell G.

**Sacred Suicide** Carole M. Cusack,2016-04-08 The label Suicide Cults has been applied to a wide variety of different alternative religions from Jonestown to the Solar Temple to Heaven s Gate Additionally observers have asked if such group suicides are in any way comparable to Islamist suicide terrorism or to historical incidents of mass suicide such as the mass suicide of the ancient community of Masada Organizationally and ideologically diverse it turns out that the primary shared trait of these various groups is a common stereotype of religion as an irrational force that pushes fanatics to undertake acts of suicidal violence Offering a valuable perspective on New Religious Movements and on religion and violence Sacred Suicide brings together contributions from a diverse range of international scholars of sociology religious studies and criminology
