Complete Works marks the completion of the Arden Shakespeare Third Series and includes all of Shakespeare's plays, poems and sonnets edited by leading international scholars. New to this edition are the apocryphal plays partly written by Shakespeare: *Double Falsehood*, *Sir Thomas More* and *King Edward III*. The anthology is unique in giving all three extant texts of *Hamlet* from Shakespeare's time: the first and second Quarto texts of 1603 and 1604, and the first Folio text of 1623. With a simple alphabetical arrangement, the Complete Works are easy to navigate. The lengthy introductions and footnotes of the individual Third Series volumes have been removed to make way for a general introduction, short individual introductions to each text, a glossary and a bibliography, instead, to ensure all works are accessible in one single volume. This handsome Complete Works is ideal for readers keen to explore Shakespeare's work and for anyone building their literary library.
