Hebrew From Scratch Part One:

Hebrew From Scratch Shlomit Chayat, 2000 *Hebrew from Scratch part 1* Sara Israeli Shlomit Chayat (Hilla Kobliner), 2007 **Dynamics of Teaching and Learning Modern Hebrew as an Additional Language** Yona Gilead, 2017-10-02 In *Dynamics of Teaching and Learning Modern Hebrew as an Additional Language* Yona Gilead presents original research into classroom interactional practices by offering a thick description of a successful beginner level Modern Hebrew program at an Australian university The book charts and theorizes the cohort's teacher and students trajectory of using Hebrew as the main means of instructing and acquiring the language and highlights seven key features which contribute to students learning The book's research based findings and analysis of classroom dynamics contribute to theorizing the currently largely praxis based discipline of L2 Modern Hebrew instruction hence providing a stronger theoretical understanding of how and why students can be assisted in their language learning This original research provides a template for renewed L2 Hebrew research **The Verbal System in Late Enlightenment Hebrew** Lily Kahn, 2009 This book constitutes the first detailed corpus based analysis of the verbal morphology and syntax employed in the Eastern European Maskilic Jewish Enlightenment Hebrew prose fiction written between 1857 and 1881 This verbal system exhibits biblical rabbinic and medieval elements as well as unprecedented features and similarities to Israeli Hebrew and Yiddish The first section of the work offers a selective examination of maskilic verbal morphology while the second section constitutes a thorough examination of the functions of the verbal conjugations and the third section surveys selected features of verbal syntax The work fills a serious gap in the Hebrew philological literature and will therefore be of great relevance to students and scholars of diachronic Hebrew language and linguistics *Between The Suns* Justin White, 2018-12-25 Justin White's memoir takes us on a journey from the Virginia suburbs to the cloistered precincts of Israel's Sephardic ultra orthodox Along the way he experiences a cross section of Israeli life working in Israel's high tech sector and attending some of the country's most prestigious universities as well as learning and living in the ghetto like neighborhoods of the extremely religious Many of the characters he meets religious or secular Sephardic or Ashkenazi immigrant or native born have in common with the State of Israel itself the quality of being neither here nor there caught between different worlds living in that liminal space between the suns where according to mystical lore nothing is quite real and anything is possible And so this record of one man's time in Israel provides us with a glimpse into the conflicts between religious and secular high tech and Torah European and Arab that roil Israeli society and whose resolution will determine the fate of the Land and its people
