*Prague* Cynthia Paces, 2025 This comprehensive political social and cultural history traces Prague s origins in the ninth century through the end of the Cold War Highlights include the golden ages of Charles IV and Rudolph II the religious conflicts of the Hussite and Thirty Years Wars the rich culture of Europe s largest Jewish community the rivalry between the city s German and Czech speakers the World Wars and Nazi occupation and the Communist era Prague The Heart of Europe highlights the complex culture of the city where Mozart premiered his magnificent Don Giovanni and where Franz Kafka wrote his foreboding tales *A Question of Tradition* Kathryn Hellerstein, 2014-07-23 In *A Question of Tradition* Kathryn Hellerstein explores the roles that women poets played in forming a modern Yiddish literary tradition Women who wrote in Yiddish go largely unrecognized outside a rapidly diminishing Yiddish readership Even in the heyday of Yiddish literature

they were regarded as marginal But for over four centuries women wrote and published Yiddish poems that addressed the crises of Jewish history from the plague to the Holocaust as well as the challenges and pleasures of daily life prayer art friendship nature family and love Through close readings and translations of poems of eighteen writers Hellerstein argues for a new perspective on a tradition of women Yiddish poets Framed by a consideration of Ezra Korman s 1928 anthology of women poets Hellerstein develops a discussion of poetry that extends from the sixteenth century through the twentieth from early modern Prague and Krakow to high modernist Warsaw New York and California The poems range from early conventional devotions such as a printer s preface and verse prayers to experimental transgressive lyrics that confront a modern ambivalence toward Judaism In an integrated study of literary and cultural history Hellerstein shows the immensely important contribution made by women poets to Jewish literary tradition      **Archeologies of Confession** Carina L.

Johnson,David M. Luebke,Marjorie Elizabeth Plummer,Jesse Spohnholz,2017-05-01 Modern religious identities are rooted in collective memories that are constantly made and remade across generations How do these mutations of memory distort our picture of historical change and the ways that historical actors perceive it Can one give voice to those whom history has forgotten The essays collected here examine the formation of religious identities during the Reformation in Germany through case studies of remembering and forgetting instances in which patterns and practices of religious plurality were excised from historical memory By tracing their ramifications through the centuries Archeologies of Confession carefully reconstructs the often surprising histories of plurality that have otherwise been lost or obscured      "Genizat Germania" - Hebrew and

Aramaic Binding Fragments from Germany in Context Andreas Lehnardt,2010-03-08 Genizat Germania is a project at the Johannes Gutenberg University in Mainz focused on the search for and analysis of Hebrew and Aramaic binding fragments found in the books and files of archives and libraries In recent years this systematic search has revealed several hundred new fragments including some rare Talmudic Midrashic and liturgical fragments The new discoveries both in Germany and elsewhere in Europe have broadened the knowledge of Jewish literature in the Middle Ages and Early Modern periods This volume collects the papers of international scholars which cover recent discoveries in Germany the European Genizah or fragments found in Italy Poland Great Britain and Austria the approaches of similar projects in Austria and the Czech Republic as well as an extensive bibliography      *Cosmos and Materiality in Early Modern Prague* Suzanna Ivanič,2021 In

the seventeenth century Prague was the setting for a complex and shifting spiritual world By studying the city s material culture this book presents a bold alternative understanding of early modern religion in central Europe      **The Jews and the Reformation** Kenneth Austin,2020-06-11 Judaism has always been of great significance to Christianity but this relationship has also been marked by complexity and ambivalence The emergence of new Protestant confessions in the Reformation had significant consequences for how Jews were viewed and treated In this wide ranging account Kenneth Austin examines Christian attitudes toward Jews the Hebrew language and Jewish learning arguing that they have much to tell us about the

Reformation and its priorities and have important implications for how we think about religious pluralism today *Jewish Identity in Early Modern Germany* Dean Phillip Bell, 2016-05-06 Although Jews in early modern Germany produced little in the way of formal historiography Jews nevertheless engaged the past for many reasons and in various and surprising ways They narrated the past in order to enforce order empower authority and record the traditions of their communities In this way Jews created community structure and projected that structure into the future But Jews also used the past as a means to contest the marginalization threatened by broader developments in the Christian society in which they lived As the Reformation threw into relief serious questions about authority and tradition and as Jews continued to suffer from anti Jewish mentality and politics narration of the past allowed Jews to re inscribe themselves in history and contemporary society Drawing on a wide range of sources including chronicles liturgical works books of customs memorybooks biblical commentaries rabbinic responsa and community ledgers this study offers a timely reassessment of Jewish community and identity during a frequently turbulent era It engages but then redirects important discussions by historians regarding the nature of time and the construction and role of history and memory in pre modern Europe and pre modern Jewish civilization This book will be of significant value not only to scholars of Jewish history but anyone with an interest in the social and cultural aspects of religious history **Renaissance Philosophy in Jewish Garb** Giuseppe Veltri, 2009 The book deals with the coordinates of a oemodernity as premises of Jewish philosophy in the Renaissance and early modern period Gentile Tales Miri Rubin, 2004-05-03 During the late medieval period accusations that Jews had abused Christ by desecrating the Eucharist created a powerful anti Jewish movement and violent clashes quickly spread throughout Europe *Your Voice Like a Ram's Horn* Marc Saperstein, 2014-10-01 The eighteen studies in this book continue the exploration of the Jewish sermon Saperstein began in his groundbreaking *Jewish Preaching 1200 1800* His new research further illustrates the importance of this genre largely ignored by modern scholarship as an indispensable resource for understanding Jewish history spirituality and thought from the High Middle Ages to the beginning of the Emancipation in Europe Saperstein's thematic studies explore the most important occasions for traditional rabbinic preaching the Days of Awe and the Passover season Two studies focus on the homiletical exegesis of classical Jewish texts and two deal with the historical interaction of Christians and Jews Saperstein discusses the diffusion of philosophical ideas through homiletics and identifies central conceptual issues presented in the Italian Jewish pulpit Other essays include a critical analysis of the work of Saul Levi Morteira of Amsterdam an examination of sermons in eighteenth century Prague for indications of a traditional community in crisis and homiletical evidence for a developing sense of patriotic identification with the state even before Emancipation changed the legal status of the Jews Saperstein also presents newly discovered sermonic texts in order to explore a full panoply of issues relating to historical context and genre All are published for the first time with his annotated translation accompanying the Hebrew original Included are a Guide for Preachers sermons on repentance and on the Binding of Isaac

and three eulogies the last a fascinating memorialization of the antisemitic empress Maria Theresa *Antisemitism* Richard S. Levy, Dean Phillip Bell, William Collins Donahue, Kevin Madigan, Jonathan Morse, Amy Hill Shevitz, Norman A.

Stillman, 2005-05-24 Written by top scholars in an accessible manner this unique encyclopedia offers worldwide coverage of the origins forms practitioners and effects of antisemitism leading to the Holocaust and surviving to the present day The word antisemite was first used to describe a politically motivated enemy of the Jews in 1879 The subject of antisemitism has often been focused on the Holocaust however current events and history have much to add to this discussion For example in 1995 a Japanese pseudo Buddhist religious cult imagining itself to be under attack by Jews released sarin gas on the Tokyo subway killing 12 From 1881 to 1900 there were 128 public accusations of Jewish ritual murder allegedly involving the killing of Christian children to use their blood for religious purposes Entries in this encyclopedia span the period from ancient Egypt to the modern era Key theoreticians of Jew hatred and their written works its permeation of Christianity and modern Islam and its political artistic and economic manifestations are covered This is the first comprehensive work that deals with the entire history of ideas and practices that engendered the Holocaust **Messianic Mystics** Moshe

Idel, 2000-05-01 One of the world's leading scholars of Jewish thought examines the long tradition of Jewish messianism and mystical experience **Migration and Mobility in Prague's Jewish Community during the transition from the**

**Middle Ages to the Modern Period** Marie Buňatová, 2025-07-14 The first comprehensive treatment of the topic of migration in the Jewish community in Prague The book provides a trans regional context and a new perspective on family networks and the mobility of merchants scholars and rabbis between Prague and other Jewish communities in Europe Since the Middle Ages the history of European Jews has been characterised by migrations that were triggered by expulsions from certain countries but were also motivated by trade and cultural religious and family contacts between the communities This publication is the first comprehensive treatment of the topic of migration and mobility in the Jewish community in Prague which was one of the most important in the 16th century Based on extensive archival research it offers a new perspective on the causes course and consequences of the migration of Prague's Jews At the same time the authors also trace the supra regional mobility of Jewish merchants and traders family networks and the mobility of rabbis doctors and other scholars whose fates were linked to Prague Religious Confessions and the Sciences in the Sixteenth Century Jürgen Helm, Annette

Winkelmann, 2001-07-01 The present volume re evaluates the role that religious confession played in the development and understanding of the sciences and medicine in the sixteenth century It presents the results of an international interdisciplinary conference held in Wittenberg in December 1998 Scholars from Israel Italy Great Britain and Germany discussed the ways in which religious conviction and the development of the natural sciences and medicine influenced each other in the sixteenth century Contrary to the still widespread view that relations between religion and the sciences at the dawn of the scientific revolution were ridden with bitter conflict the studies here present a more differentiated picture They

indicate that scientists in the sixteenth century were pious and religiously observant well aware of their respective sacred tradition No matter whether Jewish Roman Catholic or Protestant they found their specific ways and means to pursue studies on nature and in the medical sciences

*European Genizah* Andreas Lehnardt, 2020-06-22 This volume includes contributions presented at two conferences in Mainz and Jerusalem and presents new discoveries of binding fragments in several European libraries and archives and abroad It presents newly discovered texts with unknown Jewish writings from the Middle Ages and analyses fragments of well known texts such as textual witnesses of Midrashim One chapter overviews recent discoveries in certain collections some of them far beyond the geographical horizon of the original project but certainly all of European origin Other chapters study palaeographical and codicological issues of manuscript fragments and Ashkenazic inscriptions A final article refers to the beginnings of scholarly interest in Hebrew binding fragments in Germany and sheds light on the part played by Christian Hebraists in its development

**Layered Landscapes** Eric Nelson, Jonathan Wright, 2017-06-26 This volume explores the conceptualization and construction of sacred space in a wide variety of faith traditions Christianity Hinduism Islam Judaism and the religions of Japan It deploys the notion of layered landscapes in order to trace the accretions of praxis and belief the tensions between old and new devotional patterns and the imposition of new religious ideas and behaviors on pre existing religious landscapes in a series of carefully chosen locales Cuzco Edo Geneva Granada Herat Istanbul Jerusalem Kanchipuram Paris Philadelphia Prague and Rome Some chapters hone in on the process of imposing novel religious beliefs while others focus on how vestiges of displaced faiths endured The intersection of sacred landscapes with political power the world of ritual and the expression of broader cultural and social identity are also examined Crucially the volume reveals that the creation of sacred space frequently involved more than religious buildings and was a work of historical imagination and textual expression While a book of contrasts as much as comparisons the volume demonstrates that vital questions about the location of the sacred and its reification in the landscape were posed by religious believers across the early modern world
