Corporate Social Capital and Liability Roger Th.A.J. Leenders,Shaul M. Gabbay,2013-03-09 In studies of inter organizational relations IOR s there is a tendency to look at dyads of firms and to consider networks as aggregates of such dyads But there are several roles for a third party a go between This chapter looks at a go between not in the sense of a middleman who intermediates in existing production or trade such as an agent wholesaler retailer and not in the sense of an entrepreneur who intermediates in the realization of new potential in connecting supply and demand It looks at a go between in the sense of a relationship counsellor for the development and maintenance of social capital providing support in setting up adapting and ending cooperative relations between others Or in yet different terms to help in the embedding of relati ons in Granovetter s 1985 sense Uzzi 1997a Such roles may be performed by middlemen or entrepreneurs but also by specialized agents who do not play a direct role in linking stages in a chain of production and distribution as middlemen and entrepreneurs typically do Indeed some of the roles require an independence that is served by not having a direct stake in the relations that need to be developed I propose that the analysis yields a perspective for looking at the roles of trade and industry associations in European business systems and of banks and trading houses in Japanese enterprise groups Kigyo Shudan

European Business Ethics Cases in Context Wim Dubbink,Luc van Liedekerke,Henk van Luijk,2011-02-09 Business ethics as a discipline leans on cases but flourishes by thorough analysis and reflection The present volume offers both After three introductory chapters into business ethics eight

recent European cases mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact are extensively described and analysed Among them are the Lernout and Hauspie speech technology disaster Heineken's struggle with the promotion girls selling beer in Cambodia cartels in the Dutch construction industry the pharmaceutical industry and the Aids crisis and Unilever allegedly making use of child labour in the cotton industry in India Each case is followed by two expert comments from the fields of general ethics but also of law economics management and organisation theory sociology and social psychology Cases and comments together offer an unique entrance in varieties of moral reasoning and in the personal and institutional dimensions to be taken into account when facing a corporate case saturated with moral ambiguities This book will be of interest to researchers as well as teachers of undergraduate and graduate courses in Business Ethics Business in Society Management and Organisation Theory and Strategic Management It will also be useful for business practitioners eager to find moral guidance in their specific field *Wij van de hbs* Roelof

The Heineken Story Barbara Smit, 2014-11-06 Heineken is known all around the world but few of the drinkers who eagerly watch the foam rise in their glass have heard of the business ploys marketing tricks and extraordinary characters that transformed the Dutch family business into a global brand Taking us on a journey from a small brewery in Amsterdam in 1864 to the present day The Heineken Story tells the remarkable and sometimes controversial true story of one of the world s largest brewing companies and of Alfred Freddy Heineken the singular business man who secured its position From spectacular takeovers and inspired marketing campaigns to a kidnapping that brought in the largest ransom ever paid for an individual this is a gripping account of the battle for the international beer market Barbara Smit has experience writing on family drama marketing and consumer culture and in The Heineken Story she has put together a narrative that is meticulously researched and fizzing with competition personalities and betrayal
