Helden Wie Wir Roman:

Humor, Satire, and Identity Jill E. Twark, 2007 Explores the Eastern German literary trend of the 1990s employing humor and satire to come to terms with socialism's failure and a difficult unification process This title surveys ten novels including works by Brussig Schulze and Hensel These contemporary texts help define Germany today from a specific East German perspective

Landmarks in the German Novel Peter Hutchinson, Michael Minden, 2007 The nine essays in this volume deal with major achievements in the German novel since 1959 They range from the very well known such as Brussig's *Helden wie wir* an extravagant treatment of life under the Stasi and the fall of the Berlin Wall to the much more recondite such as Hubert Fichte's *Detlevs Imitationen* Gr nspan one of the first and most important products of the abolition of the discrimination against gays in 1969 What is most surprising about this collection is that in contrast to the majority of successful novels written in German before 1959 only one of these is by a clearly West German author Hubert Fichte There is by contrast a surprising number who have their roots in the GDR Plenzdorf Wolf Brussig Schulze or in Austria Bachmann Bernhard This is also a period in which women writers emerge powerfully Bachmann Wolf and zdamar Virtually all these novels aroused controversy in some quarters at the time of their publication often for their treatment of semi taboo or at least uncomfortable subject matter These essays all by specialists in the relevant field were originally delivered as lectures in the University of Cambridge

Humor, Satire, and Identity Jill Twark, 2012-02-14 This is the first book in English to survey the Eastern German literary trend of employing humor and satire to come to terms with experiences in the German Democratic Republic and after the fall of the Berlin Wall As sophisticated attempts to make sense of socialism's failure and a difficult unification process these contemporary texts help define Germany today from a specific Eastern German perspective Grounded in politics and history ten humorous and satirical novels are analyzed for their literary aesthetics and language cultural critiques and socio political insights The texts include popular novels such as Thomas Brussig's *Helden wie wir* Ingo Schulze's *Simple Storys* and Jens Sparschuh's *Der Zimmerspringbrunnen* as well as lesser known but equally relevant works like *Schlehweins Giraffe* by Bernd Schirmer and *Katerfr hst ck* by Erich Loest A broad spectrum of humor and satire theories is applied to probe texts from various angles and suggest multi layered answers to the question of how these literary modes function in postwall Germany to construct a specifically Eastern German identity Interviews the author conducted with five of the satirists are appended as primary sources and contribute to the interpretation of the texts

Baltic Peripeties Eckhard Schumacher, Cordelia Heß, 2025-07-14 In Aristotle s Poetics the well constructed turning point peripeteia makes a story by unfolding its tragic or more broadly literary potential But neither narrative nor historical turning points occur in empty spaces Given the power of the peripety for plot making this volume inquires about its agency in the shaping of specific regions Narration matters for the constitution of events and regions alike space matters as a key element for the construction of plots and their dynamics The Baltic Sea region with its rich literary and cultural traditions and multiple overlapping layers of historical ruptures is a particularly fruitful area for exploring transformation processes from a narratological point of view

Literature & Place, 1800-2000 Peter Brown, 2008 Ten original essays examine the transactions between real places and the literary imagination including the reinvention of real places in literary form from 1800 to the present day They deal with different kinds of locations islands countries cities the topoi writers use to articulate a sense of place maps ruins landscape history their generic manifestations in fiction travel writing topography auto biography and poetry and the theoretical and methodological issues which arise The focus moves outwards from local to regional and national issues covering questions of cultural identity space representation historicity and modernity in England Scotland Ireland France Germany the United States and the South Pacific The contributors are drawn from both sides of the Atlantic and include established scholars as well as newer voices

Counterfactual Thinking - Counterfactual Writing Dorothee Birke, Michael Butter, Tilmann Köppe, 2011-11-30 Counterfactuality is currently a hotly debated topic While for some disciplines such as linguistics cognitive

science or psychology counterfactual scenarios have been an important object of study for quite a while counterfactual thinking has in recent years emerged as a method of study for other disciplines most notably the social sciences This volume provides an overview of the current definitions and uses of the concept of counterfactuality in philosophy historiography political sciences psychology linguistics physics and literary studies The individual contributions not only engage the controversies that the deployment of counterfactual thinking as a method still generates they also highlight the concept's potential to promote interdisciplinary exchange without neglecting the limitations and pitfalls of such a project Moreover the essays from literary studies which make up about half of the volume provide both a historical and a systematic perspective on the manifold ways in which counterfactual scenarios can be incorporated into and deployed in literary texts *Shifting Perspectives* Dennis Tate, 2007 Tate provides a detailed account of subjective authenticity in German literature its origins in the 1930s exile debates its evolution during the GDR's lifespan and its manifestations in the work of five East German authors Brigitte Reinmann Franz Fehrmann Stefan Heym Ginter de Bruyn and Christa Wolf Humor and Satire in Post-unification Eastern German Prose Jill Ellen Twark, 2002 **Translational Hermeneutics** Radegundis Stolze, John Stanley, Larisa Cercel, 2015-06-22 This volume presents selected papers from the first symposium on Hermeneutics and Translation Studies held at Cologne in 2011 Translational Hermeneutics works at the intersection of theory and practice It foregrounds both hermeneutical philosophy and the various traditions especially phenomenology to which it is indebted in order to explore the ways in which the individual person figures at the center of the mediating process of translation Translational Hermeneutics offers alternative ways to understand the process of translating it is a holistic and strategic process that enhances understanding by assisting the transmission of meaning in and across multiple social and cultural contexts The papers in this collection accordingly provide a preliminary outline of Translational Hermeneutics Gathered together these papers broach a new discipline within Translation Studies While some essays explain the theoretical foundations of this approach others concentrate on practical applications in diverse fields for example literary studies and postcolonial studies **Anglia**, 1879 Legal Tender John Griffith Urang, 2010 Through close readings of a diverse selection of films and novels from the former GDR Urang offers an eye-opening account of the ideological stakes of love stories in East German culture **German Writers and the Politics of Culture** Paul Cooke, Andrew Plowman, 2003-12-09 Before the fall of the Berlin Wall many East German writers were praised in the Western world as dissident voices of truth bravely struggling with the draconian constraints of living under the GDR's communist regime However since unification Germany has been rocked by scandals showing the level to which the Stasi the East German Secret Police controlled these same writers This is the first study in English to systematically explore how the writers have responded to the challenge of dealing with the Stasi from the 1950s to the present day **Rückblicke auf die Literatur der DDR**, 2016-08-09 Obwohl die DDR nunmehr ein abgeschlossenes Kapitel in der deutschen Geschichte geworden ist hält die Auseinandersetzung um

das was von ihr bleibt auch im Abstand von mehr als zehn Jahren an Selbst nach dem deutsch deutschen Literaturstreit unmittelbar nach der Wende der seinerseits schon Ruckblicken und Bilanzierungen ausgesetzt wurde bleibt der Stellenwert der Literatur in und aus der DDR ein umstrittenes Terrain Ungeachtet dessen dass es Einhelligkeit in literarischen Fragen ohnehin nicht geben kann sind die Urteile zur Literatur der DDR natürlich auch von den Erfahrungen und Erlebnissen mit der DDR geprägt In diesem Band haben wir uns für eine Sicht von aussen und von innen gleichermassen interessiert

Frye ,2021-08-31 The widespread opinion is that Northrop Frye s influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton s 1983 rhetorical question Who now reads Frye In The Reception of Northrop Frye Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye s work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye s reception in front of us such as Hayden White s theory of emplotments applied to historical writing and Byron Almn s theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton s rhetorical question is a very large and growing number the growth being not incremental but exponential **Germany's Two Unifications** R. Speirs,J. Breuilly,2004-12-06

Germany s unique historical experience of undergoing national unification twice in a little over a century makes it a fascinating object of study In this volume the processes of unification are analysed from the point of view of historians political scientists and literary historians Because each event had quite different historical pre conditions the first having

been long anticipated and pursued whereas the second took virtually all participants by surprise the processes of adjustment to it have differed in many ways Yet in each case the idea of national unity has held sway powerfully as a norm guiding the responses of those involved *Romanhaftes Erzählen von Geschichte* Daniel Fulda, Stephan Jaeger, 2019-08-19 In unserer Gegenwart erleben Erzähltexte mit historischen Themen wieder eine Hochkonjunktur Das ist im ästhetisch anspruchsvollen wie im populären Feld zu beobachten ebenso im Bereich non fiktionaler Sachtexte und der Familien bzw Auto Biographie Welche Formen Interessen und Funktionen sind damit verbunden Dies prägt konzentriert auf deutschsprachige Texte der von einem internationalen Beiträgerkreis verfasste Band Besonderes Augenmerk liegt auf dem was die gegenwärtige Situation seit ca 2000 auszeichnet Dies sind erstens die Hybridisierung etablierter Formen des Geschichtserzählens etwa des klassischen oder avantgardistischen historischen Romans und die Infragestellung der Fakt Fiktions Grenze und zweitens neuartige kulturelle Kontexte veränderte gesellschaftliche Orientierungsbedürfnisse die angebliche Krise des modernen Geschichtsverständnisses sowie das in unserer medialisierten Gegenwart gewachsene Bedürfnis nach Erfahrung Besondere Aufmerksamkeit gilt dem inner und außerhalb der Literatur auffällig beliebten Zeitreise Motiv Der Band liefert die erste umfassende Untersuchung romanhaften Geschichtserzählens in der deutschsprachigen Gegenwartsliteratur
