*Helen Frankenthaler* Alison Rowley, 2007-10-24 This extraordinary examination of the work of colour field painter Helen Frankenthaler overturns assumptions about the artist whose work has been burdened by its label as the bridge between Pollock and what was possible Trained as a painter Alison Rowley brings a keen eye to Frankenthaler s paintings returning to the fore the artist s debt not only to Jackson Pollock but also to Cezanne and speculating for the first time as to her artistic responses to wider political events in particular the Rosenberg trial Making a fascinating case too for the connections between the breakthrough work *Mountains and Sea* and Lily Briscoe s painting in Virginia Woolf s novel *To the Lighthouse* this beautifully written book provides crucial new insights into Frankenthaler s practice as a painter who is also a woman

**Helen Frankenthaler [New York, 1971].**, 1971 *Dancing Through Fields of Color* Elizabeth Brown, 2019-03-19 They said only men could paint powerful pictures but Helen Frankenthaler 1928 2011 splashed her way through the modern art world Channeling deep emotion Helen poured paint onto her canvas and danced with the colors to make art unlike anything anyone had ever seen She used unique tools like mops and squeegees to push the paint around to dazzling effects Frankenthaler became an originator of the influential Color Field style of abstract expressionist painting with her soak stain

technique and her artwork continues to electrify new generations of artists today Dancing Through Fields of Color discusses Frankenthaler's early life how she used colors to express emotion and how she overcame the male dominated art world of the 1950s

Lamphier,Rosanne Welch,2017-01-23 This four volume set documents the complexity and richness of women's contributions to American history and culture empowering all students by demonstrating a more populist approach to the past Based on the content of most textbooks it would be easy to reach the erroneous conclusion that women have not contributed much to America's history and development Nothing could be further from the truth Offering comprehensive coverage of women of a diverse range of cultures classes ethnicities religions and sexual identifications this four volume set identifies the many ways in which women have helped to shape and strengthen the United States This encyclopedia is organized into four chronological volumes with each volume further divided into three sections Each section features an overview essay and thematic essay as well as detailed entries on topics ranging from Lady Gaga to Ladybird Johnson Lucy Stone and Lucille Ball and from the International Ladies of Rhythm to the International Ladies Garment Workers Union The set also includes a vast variety of primary documents such as personal letters public papers newspaper articles recipes and more These primary documents enhance users learning opportunities and enable readers to better connect with the subject matter

*Frank O'Hara and MoMA* Matthew Holman,2025-08-07 This is the first book to closely examine the curatorial work that the celebrated poet Frank O Hara 1926 1966 undertook for the Museum of Modern Art in New York and abroad Upon his premature death the New York Times obituary ran with the headline Frank O Hara 40 Museum Curator Exhibitions Aide at Modern Art Dies Also a Poet However in the half a century since O Hara's fascinating career as a curator where he oversaw exhibitions of the likes of Jackson Pollock Helen Frankenthaler David Smith and Larry Rivers among others has been eclipsed by the critical attention given over to his poetry Drawing on a broad range of unpublished archival material the book reveals the impact O Hara's curatorial work had both on the reception of American modern art abroad and on the curatorial profession itself It focuses on his travelling exhibitions for MoMA's International Program a vehicle for soft power during the fraught years of the cultural Cold War exposing him to new art artists and cities

while developing important transnational networks far from New York from Madrid to Venice Zagreb to Otterlo Bringing together close readings of O'Hara's poems and unpublished letters with a selection of archival illustrations Holman argues for O'Hara's sense of exuberant continuity between life as a writer and a curator an American and a cosmopolitan revealing that he was so much more besides the quintessential New York poet It is perfect reading for anyone interested in American art in the mid 20th century curatorial and museum studies or simply this lesser known but fascinating aspect of the legendary poet's career

Magill, 2013-05-13 Each volume of the *Dictionary of World Biography* contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

**Wayne Thiebaud** Timothy Anglin Burgard, 2025-03-18 Explores Wayne Thiebaud's career as a self described thief who appropriated and reinterpreted old and new European and American artworks Although artist Wayne Thiebaud 1920-2021 earned acclaim for his poetic renderings of the prosaic particulars of American life he openly admitted that it's hard for me to think of artists who weren't influential on me because I'm such a blatant thief Wayne Thiebaud *Art Comes from Art* features the artist's virtuosic appropriations and reinterpretations of old and new European and American artworks spanning from Andrea Mantegna to douard Manet Henri Matisse to Richard Diebenkorn offering crucial insights into his creative process Thiebaud's exploration of art artists and art history along with the practices of copying appropriation and reinterpretation allowed him not only to see through the eyes of other artists but also to commune with them through their work expanding his own vision This career long engagement with the concept of appropriation illustrates his perception of art history as an encyclopedic bureau of standards a rich repository and resource that offers working artists community with their predecessors and communion with their artworks Published in association with the Fine Arts Museums of San Francisco Exhibition dates Legion of Honor March 22 August 17 2025
