Hiestand,2025-08-28 This fully illustrated study examines the bloody battle between the US Army's M18 tank destroyer and Germany's formidable Panther tank at Arracourt in September 1944 In response to Germany's Blitzkrieg victories of 1939-41 the US Army created a dedicated tank destroyer force intended to encircle and destroy the massed attacking armored divisions Fast relatively well armed but weakly armored the M18 was designed from the start as a tank destroyer unlike the M10 and M36 By September 1944 the German Army's armored divisions fielded the Panther tank alongside the PzKpfw IV In this book William Hiestand

notes that the Panther's combination of long range firepower impressive armour and good mobility won it a fearsome reputation but shows how the M18 proved to be a very able opponent when the two types clashed on a foggy September morning during the battle of Arracourt Fully illustrated with specially commissioned artwork and mapping alongside archive photographs this lively study examines the origins development strengths and limitations of the two AFVs as well as their crews training doctrine and combat effectiveness It also provides a detailed account of the momentous battle between the US 704th Tank Destroyer Battalion and the German Panzer Brigade 113 at Arracourt where the two types clashed in a surprising encounter that challenges our preconceptions about armored warfare in World War II
