Hellfire Corner Reminiscences Of Wartime In South East England:

Hellfire Corner Roy S. Humphreys,1994 Kent and Sussex 1940 Stuart Hylton,2004-09-20 In June 1940 Britain's front line against the German armies was the coast of Kent and Sussex Across the Channel Hitler's forces gathered preparing for invasion as the Home Forces struggled desperately to recover from the disaster and miracle of Dunkirk Occupation of these islands was nearer than for almost nine hundred years Kent and Sussex 1940 tells the story of the communities that found themselves in the front line placing their experience within the context of huge historic events *Hellfire Corner* East-West Publications (U.K.) Limited,Roy Humphreys,1998-05-01 **British Coastal Weapons vs German Coastal Weapons** Neil Short,2023-04-27 For the first time ever compare the British and German World War II big guns duelling with each other and harrying shipping in the Channel One of the longest running battles of World War II took place across the English Channel in which huge artillery guns attempted to destroy each other created psychological terror among the local inhabitants living near the coast and harassed shipping over a four year period Neil Short examines the array of powerful weapons located across the Strait of Dover Superb colour artworks explore both fixed gun batteries including Jane and Clem and batteries Todt and Lindemann and railway artillery such as the German K5 and K12 guns and the British 18in Boche Buster Construction and targeting technology used by each side are also covered in detail and the locations of all the major sites around Dover and Calais are pinpointed on easy to follow maps Dunkirk: Nine Days That Saved An Army John Grehan,2018-03-30 The epic of Dunkirk has been told many times but the numerous accounts from surviving soldiers and sailors were often a blur of fear and fighting with the days mingling into each other leaving what is at times a confusing picture In this book adopting a day by day approach the author provides a clear portrayal of the unfolding drama on the perimeter around Dunkirk in the port itself and along the beaches to La Panne and the Belgian border Reports from many of the captains of the vessels which took part in the great evacuation were submitted to the Admiralty immediately after the conclusion of Operation Dynamo With access to these and supported by the various records maintained by the Army and RAF the author has been able to finally piece together the movements and actions of the many of the squadrons units and ships involved With the Admiralty reports and a mass of other firsthand accounts many of which have never been published before the true tale of the heroism of the rescued and the rescuers is laid bare Operation Dynamo saw civilian volunteers and Royal Navy personnel manning every type of craft from the anti-aircraft cruiser HMS Calcutta to the cockle boats of the Thames Estuary The accounts of the men who crewed these vessels tell of being bombed and strafed by the Luftwaffe or shelled from the shore There are stories of collisions in the dark chaos on the beaches and tragic losses as ships went down Similar tales are told by the men waiting on the beaches defending the perimeter or flying in the skies overhead in a valiant effort to hold the German Army and Luftwaffe at bay Yet this is ultimately a story as Churchill described it of deliverance for against all the predictions the BEF was saved to fight again another day With civilians and servicemen working without respite for days and

nights on end under almost continual attack to rescue the army the nation pulled together as never before It truly was
