*Coming to Texas* Eric Anderson, 2000-09-25 A young Scottish doctor looks back on the unforgettable characters who became his patients in East Texas Qualified as a doctor only 18 months before he leaves the security of his medical school his hospital and his heritage to start a single handed rural practice in the wilds of Texas his only resources his ex flight attendant pregnant wife and their year old baby They exchanged their city sophistication for a rustic life their temperate climate for the appalling heat and humidity of Texas and their culture and language for a behavior and speech based on one of America's last frontiers Deceived by those who invited them to America and left briefly penniless befriended by a nearby village without medical help and miles from a hospital they cared for their new patients covering in an old Ford with a hole in the floor a house call area larger than New Hampshire and Rhode Island combined Like their patients they survived Because they had each other

*Meskel* Mellina Fanouris, Mellina and Lukas Fanouris, 2005 In September 1981 a four seater aircraft mounted into a scorched sky from an African desert track carrying two brothers to freedom So ended the fifty five year saga of the Fanouris family in Ethiopia As Lukas Fanouris looked down and saw patches of gold in the receding landscape he realized that the Meskel flower was in bloom everywhere He wept for the carpet of Meskel around Addis Ababa had been the first sight to meet his father's eyes when he had arrived in 1926 from his Greek island with his wife and infant son to seek his fortune among the descendants of Solomon and Sheba Manoli Fanouris began his new life by opening a restaurant but soon realized that Ethiopia's hungers did not stem from the stomach but the mind Soon he began selling newspapers gradually adding magazines and books and thereby laid the foundations for what was to become one of the largest book and press agency in Ethiopia Because of Emperor Haile Selassie's efforts to modernize his country and eradicate illiteracy close bonds had

developed between the Fanouris enterprise and the Palace Nevertheless the rising expectations generated by modernization outstripped the will and power of the Emperor In 1974 creeping dissension was whipped into military revolution by a hushed famine deposing the old and frail ruler While the new dictatorship proclaimed that the Emperor was under house arrest at the Menelik Palace members of his family and his ministers were thrown into the cells of common criminals deprived of the bare necessities of life Sixty princes ministers and high government officials were executed en masse and flung into an unmarked trench The wives and mothers of men detained and tortured without charges were imprisoned others forced to sell what little remained to them to pay for the bullets that had killed their loved ones Meskel is the true and poignant saga of a Greek family who lived to witness and record the devastating destruction of a beautiful country which was turned into a living hell by the tyrant Mengistu Haile Mariam

Miller, 2008-05 Following Onia's expulsion from the private school system she had been privileged to enter thanks to a special government sponsored program designed to assist the educating of underprivileged inner city kids her grandmother who raises Onia drops a bombshell on her The information disrupts Onia's life in a major way Soon after Onia becomes rebellious and resentful towards her grandmother However after Onia has a brief encounter with an elderly man who shares a thought provoking story about an aspect of his past Onia begins

questioning her rebellious attitude and her resentment towards her grandmother which ultimately leads to a productive transformation on Onia's part. She goes on to make very impressive achievements personally and professionally. Unfortunately, certain tendencies Onia developed during her rebellious adolescent period haunt her through much of her adult life despite her efforts to try to overcome the tendencies. To make matters worse, she's harboring a dreadful secret that if revealed will destroy everything she has worked so hard to establish. Because Onia embraces the view that life destiny is determined solely by fate, she rejects her grandmother's faith in the Christian way of resolving human crisis. The option Onia ultimately chooses to resolve her latest crisis is shocking.
