E. Sissman, 1999 Selected by Peter Davison with an introduction by Edward Hirsch Sissman was a true phenomenon in American poetry He published his first book a collection of antic autobiographical episodes in blank verse in 1968 Eight years and three books later he died of Hodgkin's disease at the age of forty eight Of Sissman's remarkable final poems John Updike wrote What other poet had ever given such wry and unblinking witness to his own dying His poetry gave back to life more generously than he had received and carried his beautiful wit into darkness undimmed Now Sissman's longtime editor Peter Davison has selected from his lifework the essential poems the essence of an American original A Mariner Original *The Call of Stories* Robert Coles, 2014-12-09 From the Pulitzer Prize winning author of *Children of Crisis* a profound examination of how listening to stories promotes learning and self discovery As a professor emeritus at Harvard University a renowned child psychiatrist and the author of more than forty books including *The Moral Intelligence of Children* Robert Coles knows better than anyone the transformative power of learning and literature on young minds In this persuasive book *The New York Times Book Review* Coles convenes a virtual symposium of college law and medical school students to explore the phenomenon of storytelling as a source of values and character Here are transcriptions of classroom conversations in which Coles and his students discuss the impact of particular works of literature on their moral development Here also are Coles's intimate personal reflections on his experiences in the civil rights movement his child psychiatry practice and his interactions with his own literary mentors including William Carlos Williams and L. E. Sissman The life lessons learned from these stories are of special resonance to doctors and teachers looking to apply them in classroom and clinical environments The rare public intellectual to be honored with a MacArthur Award a Presidential Medal of Freedom and a National Humanities Medal Robert Coles is a true national treasure and *The Call of Stories* is in the words of National Book Award winner Walker Percy Coles at his wisest and best **100 Poems to Break Your Heart** Edward Hirsch, 2021 We are not so much diminished as enlarged by grief by our refusal to vanish or to let others vanish without leaving a verbal record The poet is one who will not be reconciled who is determined to leave a trace in words to transform oceanic depths of feeling into the faithful nuances of art Poetry companions us Poems are written in solitude but they reach out to others which makes poetry a social act It rises out of one solitude to meet another Poems of terrible sadness and loss trouble and challenge us but they also make us feel less alone and more connected Our own desolations

become more recognizable to us more articulate something shared We become less isolated in our sorrow and thus are befriended by the words of another There is something ennobling in grief that is compacted expressed and transfigured into poetry Book jacket

The Healing Art Rafael Campo,2003 In this book Rafael Campo restores the link between poetry and healing in lyrical prose that also offers pharmaceutical samples of work by a diverse group of poets such as Mark Doty Marilyn Hacker Miroslav Holub Audre Lorde Lucia Perillo and William Carlos Williams He leads us through the stages of illness and recuperation from first inklings of mortality through symptoms diagnosis and treatment and finally recovery or and here medicine recoils but poetry perseveres death and even immortality BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

I Speak of the City Stephen Wolf,2007 I Speak of the City is the most extensive collection of poems ever

assembled about New York Beginning with an early piece by Jacob Steendam from when the city was called New Amsterdam and continuing through poems written in the aftermath of 9 11 this anthology features voices from more than a dozen countries It includes two Nobel Prize recipients fifteen Pulitzer Prize winners and many other recognizable names but it also preserves the work of long neglected poets who celebrate the wild possibilities and colossal achievements of this epic city Poets capture New York s major moments and transformations writing of Hudson s arrival Stuyvesant s prejudice and the city s astonishing growth and gentrification They speak of the thrills of a skyscraper s observation deck and the privations of teeming tenements They portray the immigrant experience at Ellis Island and the decay fear and unexpected kindness on a subway ride They take place on sidewalks bridges and docks in taxis buses and ferries and even within nature The Brooklyn Bridge Times Square Broadway the Statue of Liberty and other familiar landmarks are recast through the prism of individual experience yet still reflect the seeming invincibility of New York and its status as a cultural magnet for the freethinking and experimental While certain subjects and themes can be found in all urban verse poems about New York have their own restless rhythm and ever changing style much like the city itself Whether writing sonnets epics or experimental or imagistic verse each of these poets has been inspired by the marvels and madness humor and heartbreak of an enduring city
