Carlisle, 2016-11-05 This book contains proven steps and strategies on how to cope with people who never know when to be quiet Some people talk just to hear themselves talk while others have to explain every detail of their lives Some people never seem to shut up no matter if they are monopolizing the conversation or you have a meeting to start You will no doubt be familiar with these people because they are also the ones who can never let you finish your story before they unkindly interrupt you with a similar story that to them is even better However the person is talking too much and you can get them to shut up You need to if you want them to listen to you People who can't shut up generally just ramble on from subject to subject even when the subject they are bouncing to has no relevance to the topic that is actually being talked about These folks can be some of the most irritating people to socialize with They can in a real sense put a damper on an otherwise enjoyable time so to save you a lot of frustration you need to know how to cope with them Shut Up and Speak John Sheirer, 1998 The Power of Shut Up Lisa Dove Washington, 2021-04-17 When you hear the words SHUT UP I can absolutely imagine what you may be thinking Who are you talking to may have been the first question you asked I felt the same way But after a minute and checking the source and what was happening in that moment I realized that I needed to hear those words and that way The Power of Shut Up will serve as a tool to explain why sometimes it is necessary to Shut Up so you can hear and listen Our voice is the most important tool we can have to express ourselves and when someone is suggesting that we be quiet it can leave us feeling vulnerable helpless and scared In this book you will read about a powerful journey towards a new understanding of the words Shut Up Through real situations real feelings and real lessons this compelling story will share how when where and if you need to say it Through coaching tips and real life experiences this book will offer a different perspective on these words and help you to embrace the power of thinking first before you speak It's Time to burn those petty files and start discovering that there is great power in silence and thinking before you react can
