Wiedemann,2016-01-19 The theme in this book is that heaven is for those now alive Instead of self help we need God help When Jesus prayed on earth as it is in heaven He was giving us a solution to earthly problems In heaven there are no burdens as we know them There are no personality disorders no interrelationship problems or feuds no disease no sense of tragic sadness In fact heaven is the blueprint for perfection in every aspect of life on earth Without spoiling the punch line this book is about receiving help from heaven in a way that will remove obstacles in your path so that you do not have to continually face the same problems over and over again Only God can change our hearts and help us fix our problems at the deepest level This change is quickened as we spend time in His presence and believe that God is able to overcome our problems The challenge we have is waiting in His presence and believing This book will give you tips on how to access help from heaven that is available for you right now Your help from heaven can be instantaneous or it can take years The time required for you to receive your help depends on you Heaven is ready right now and Christ has done all that is required to set you free from your trouble However your problem may have taken years to develop Getting out of it so that it doesn't return to foil you the same way again may take some time too What does that say It says that we must never quit and never give up In preparing to read this book you may want to pray something like this Lord God I desire to enter Your presence Please open the eyes of my heart and let Your love and truth penetrate my mind body soul and spirit May Your hand guide me and Your Spirit resonate within me as I read this book Give me Your message and Your words Thank You for interceding in my life with help from heaven Amen *New Issues in Epistemological Disjunctivism* Casey Doyle,Joseph Milburn,Duncan Pritchard,2019-04-29 This is the first volume dedicated solely to the topic of epistemological disjunctivism The original essays in this volume written by leading and up and coming scholars on the topic are divided into three thematic sections The first set of chapters addresses the historical background of epistemological disjunctivism It features essays on ancient epistemology Immanuel Kant J L Austin Edmund Husserl and Ludwig Wittgenstein The second section tackles a number contemporary issues related to epistemological disjunctivism including its relationship with perceptual disjunctivism radical skepticism and reasons for belief Finally the third group of essays extends the framework of epistemological disjunctivism to other forms of knowledge such as testimonial knowledge knowledge of other minds and self knowledge Epistemological Disjunctivism is a timely collection that engages with an
