Apparently we are entering a Brave New World where truth justice and the American way have been cast aside for subterfuge indoctrination and manipulation Most of the people who live in this amazing country still hold the traditional values which have always been the solid ground under its foundation Local national and social media as well as the doublespeak from most of our self serving politicians employ outright lies and innuendo to convince the majority of good people they are in the minority and their voice is irrelevant They have been erroneously led to believe and accept their supposed minority status with the vast bulk of the population supposedly residing on the opposite end of the political spectrum Such is the false propaganda being foisted on us To quote Joseph Goebbels Hitler s minister of propaganda Think of the press as a great keyboard on which the government can play Accuse the other side of that which you are guilty You can t change the masses They will always be the same dumb gluttonous and forgetful If you repeat a lie often enough people will begin to believe it and you ll even come to believe it yourself Propaganda works best when those who are being manipulated are confident they are acting on their own free will A lie told once remains a lie but a lie told a thousand times becomes the truth Sound familiar It ought to We are living it and it will be our undoing Never believe for one minute this is simply the way it goes in all societies The greatest sin reasonable individuals can commit is the refusal to think and perceive reality for what it is This is my attempt to create a character Iggy Marcus the epitome of integrity bearing the standard for all honest men and women everywhere who abhor the destruction of America man s greatest political creation If we refuse to take up the standard with him and abandon our obligation to posterity we will witness America s slide into oblivion as we get what we deserve for our apathy Gerald Ciccarone **I'm Pregnant. . .Now What?** Ruth Graham,Sara PhD Dormon,2004-10-01 We have been where you are Our book comes out of experience This book has been written by people who know what you are confronting If you are reading this you are full of questions for which you have few if any answers People may be giving you answers but they do not really know your questions and do not seem to be listening to you You are under a great amount of stress and pressure You may be alone in your dilemma with no support from those who made you promises You feel rejected and betrayed You are hurt and angry We understand those feelings It is our desire to address your needs factually and to encourage you We will examine the issues involved from all sides and give you the best information available so you can make a decision with which you can live
