## **Help Mom Hollywood Is In My Hamper:**

**Raising Your Kids Right** Michelle Ann Abate, 2010-07-14 Dr Seuss's classic character the Lorax has delighted children for decades while passing along a powerful message about environmental responsibility. The book's young readers and their parents would likely be surprised by the emergence of a new character Truax, a kindly logger created by a longtime employee of the wood products industry who not surprisingly has a far different viewpoint to share. Yet the Truax character and the book of the same name is just one example of a growing genre of conservative-themed narratives for young readers spawned by the continuing strength of the American political right. Highlighting the works of William Bennett, Lynne Cheney, Bill O'Reilly and others, Michelle Ann Abate brings together such diverse fields as cultural studies, literary criticism, political science, childhood studies, brand marketing and the cult of celebrity. **Raising Your Kids Right** dispels lingering societal attitudes that narratives for young readers are unworthy of serious political study by examining a variety of texts that offer information, ideology and even instructions on how to raise kids right, not just figuratively but politically. **The Morals of Monster**

**Stories** Leslie Ormandy, 2017-08-07 The simplicity of children's picture books, stories told with illustrations and a few well-chosen words or none at all, makes them powerful tools for teaching morals and personal integrity. Children follow the story and see the characters' behaviors on the page and interpret them in the context of their own lives. But unlike many picture books, most children's lives don't feature monsters. This collection of new essays explores the societally sanctioned behaviors imparted to children through the use of monsters and supernatural characters. Topics include monsters as instructors, the normalization of strangers or the other, fostering gender norms and therapeutic monsters among others. **The**

**Culture-Wise Family** Theodore Baehr, Pat Boone, 2007-02-05 Sex, Graphic killings, Profanity, Adultery, Flip on the television head for the movie theater or open a newspaper and you can't get away from it. How do you raise a family in a world supersaturated with media extolling toxic values that are not your own? Media critic Dr. Ted Baehr and legendary entertainer Pat Boone draw from their own extensive experiences and interviews with experts to help readers understand the power of the media and its influence on families. They also examine the ongoing threats to family values by those in the media who promote a humanistic worldview. Media consumers are challenged to understand their own worldviews, make wise choices and are given the information they need to do so. Baehr and Boone also look at the progress that has been made in family values programming in Hollywood and offer hope for the future. *Tales for Little Rebels* Julia L. Mickenberg, Philip

Nel, 2008-11 A rarely discussed aspect of children's literature, the politics behind a book's creation has been thoroughly explored in this intelligent, enlightening and fascinating account. **USA Today**, 2007-07 *CQ Weekly*, 2009 **My**

**Hollywood** Mona Simpson, 2010-08-03 A wonderfully provocative and appealing novel from the much-loved author of *Anywhere But Here* and *A Regular Guy*, her first in ten years.
