Assassination of a Saint Matt Eisenbrandt, 2017-01-24 Informational goulash prior investigations of the Romero assassination In violation of the law of nations the Romero assassination comes to the United States The enemy comes from our people coffee anti communism and the death squads The door of history Archbishop Romero and the Catholic Church in El Salvador A bed to drop dead in the search for Ivaro Saravia and the death squad financiers Arena's Achilles heel our first trip to El Salvador Baby robbers mad bombers and other assorted criminals Saravia's escape to Miami brings U S foreign policy full circle You're making a lot of noise looking for evidence on the death squad financiers You know better than to ask that the search for the getaway driver A rabid anti communist meeting witnesses from the Arena party We don't have a clue what the hell is going on the continuing hunt for Saravia and insider witnesses God forgive me for what I'm going to do an insider goes on the record There must have been a thousand Romeros final interviews and trial preparation Of a magnitude that is hardly describable the Romero assassination case goes to trial The fleas always stick to the skinniest dog the verdict's impact on Saravia Militarization and Demilitarization in El Salvador's Transition to Democracy Philip J. Williams, Knut Walter, 1997-12-15 With the resignation of General Renee Emilio Ponce in March 1993 the Salvadorian army's sixty year domination of El Salvador came to an end The country's January 1992 peace accords stripped the military of the power it once enjoyed placing many areas under civilian rule Establishing civilian control during the transition to democracy was no easy task especially for a country that had never experienced even a brief period of democracy in its history In Militarization and Demilitarization in El Salvador's Transition to Democracy Phillip J Williams and Knut Walter argue that prolonged military rule produced powerful obstacles that limited the possibilities for demilitarization in the wake of the peace accords The failure of the accords to address several key aspects of the military's political power had important implications for the democratic transition and for future civil military relations Drawing on an impressive array of primary source materials and

interviews this book will be valuable to students scholars and policy makers concerned with civil military relations democratic transitions and the peace process in Central America

Martyrdom and the Politics of Religion Anna Lisa Peterson, 1997-01-01 Martyrdom and the Politics of Religion explores the ways that Salvadoran Catholics sought to make sense of political violence in their country in the 1970s and 1980s by constructing a theological ethics that could both explain repression in religious terms and propose specific responses to violence Drawing on extensive fieldwork the book highlights the ways that progressive Catholicism offered a justification and tools for political resistance in the face of extraordinary destruction Using the case of Catholicism in El Salvador the book explores the nature of religious responses to social crisis and the ways that ordinary believers construct and strive to live by ethical systems By highlighting the importance of theological belief of narrative and of religious rationality in political mobilization it touches questions of general interest to readers concerned with the social role of religion and ethics

A Modern History of Forgotten Genocides and Mass Atrocities Jeffrey S. Bachman, Esther Brito Ruiz, 2024-11-01 This is the first textbook of its kind to amass cases of genocide and other mass atrocities across the nineteenth twentieth and twenty first centuries that have largely been pushed to the periphery of Genocide Studies or forgotten altogether Divided into four thematic sections Genocide and Imperialism War and Genocide State Repression Military Dictatorships and Genocide and Human Caused Famine Attrition and Genocide A Modern History of Forgotten Genocides and Mass Atrocities covers five continents including case studies from Biafra Yemen Argentina Russia China and Bengal They range from the French conquest of Algeria in the mid nineteenth century to the Yazidi genocide perpetrated by the Islamic State in Iraq and Syria between 2014 and 2017 and show that at times of rising authoritarianism military conquest and weaponization of hunger lines between what is war and what is genocide are increasingly blurred By including genocides and mass atrocities that are often overlooked this volume is crucial to the ongoing debates about whether this atrocity or that one amounts to genocide By including key points events terms and critical questions throughout this is the ideal textbook for undergraduate students who study genocide mass atrocities and human rights across the globe

Our Own Backyard William M. LeoGrande, 2009-11-18 In this remarkable and engaging book William LeoGrande offers the first comprehensive history of U S foreign policy toward Central America in the waning years of the Cold War From the overthrow of the Somoza dynasty in Nicaragua and the outbreak of El Salvador's civil war in the late 1970s to the final regional peace settlements negotiated a decade later he chronicles the dramatic struggles in Washington and Central America that shaped the region's destiny For good or ill LeoGrande argues Central America's fate hinged on decisions that were subject to intense struggles among and within Congress the CIA the Pentagon the State Department and the White House decisions over which Central Americans themselves had little influence Like the domestic turmoil unleashed by Vietnam he says the struggle over Central America was so divisive that it damaged the fabric of democratic politics at home It inflamed the tug of war between Congress and the executive branch over control of foreign

policy and ultimately led to the Iran contra affair the nation's most serious political crisis since Watergate *Responding to Human Rights Violations, 1946-1999* Katarina Tomaševski, 2021-10-05 This volume maps out the response of states to human rights violations It covers the period 1946-1999 and offers a complete and unmatched record for this period Its starting point is that such responses are not established and accepted state practice Traditional if unwritten norms of states behaviour developed through centuries of silence and inaction the prevalent reaction to human rights violations by another state remains the absence of any response Furthermore this book probes into evidence of active and passive complicity by reviewing aid to countries in which violations have been taking place and diplomatic initiatives undertaken to shield violators from public opprobrium Since international law is generated through state practice the book highlights the ongoing tussle between the pre 1946 heritage of silence and inaction and the 1946-1999 haphazard pattern of responses to violations

Conservative Party-building in Latin America James Loxton, 2021 Voice and Inequality is about conservative parties in Latin America James Loxton examines parties formed between 1978 and 2010 and tries to understand why some were more successful than others The main puzzle is the surprising connection between roots in dictatorship and success under democracy What allowed authoritarian successor parties in countries like Chile and El Salvador to succeed while those with more democratic origins in countries like Argentina and Guatemala failed It argues that this was not a coincidence the former inherited valuable resources from the old regime that helped them to thrive in the new Forgiven but Not Forgotten Ambrose Mong, 2020-12-09 This work explores issues of forgiveness and reconciliation in countries that had experienced political conflicts civil war and even genocide It attempts to move beyond mere discussion by examining case studies and the initiatives taken in dialogue and reconciliation In many cases religion can be a force for peace and play a significant role in resolving conflicts This work also examines the relationship between justice and forgiveness emphasizing that there will be no peace without justice and no justice without forgiveness Human justice is fragile Thus respect for rights and responsibilities must include forgiveness in order to heal and restore relationships **Securing Tyrants or Fostering Reform? U.S. Internal Security Assistance to Repressive and Transitioning Regimes** Seth G. Jones, Olga Oliker, Peter Chalk, C. Christine Fair, Rollie Lal, 2006-11-28 This study examines the results of U S assistance to the internal security forces of four repressive states El Salvador Uzbekistan Afghanistan and Pakistan Efforts to improve the security human rights and accountability of security forces appear more likely to succeed in states transitioning from repressive to democratic systems In addition several factors are critical for success the duration of assistance viability of the justice system and support and buy in from the local government including key ministries International Encyclopedia of Terrorism Martha Crenshaw, John Pimlott, 2015-04-22 This timely reference book places the growing 20th century phenomenon of terrorism in an historical context Starting with the use of assassination in Ancient Greece and including the recent bombing of the American military complex in Dhahran Saudi Arabia this encyclopedia covers the globe in its presentation of all aspects of

terrorism history theories of types of and responses to as well methods and techniques There is a chronology of major terrorist events from 1945 an A to Z listing of terrorist groups and leaders a select bibliography and indexes general name and geographical

Protecting the Dispossessed Francis M. Deng, 2010-12-01 An estimated 25 million people worldwide are internally displaced a significantly larger population than the 18 million refugees Victims of civil wars forced relocation communal violence natural and ecological disasters and gross violations of human rights they lack such human necessities as food shelter clothing safety basic health and education But because they remain inside their countries they don't receive the same protection and assistance from the international community as those who cross borders and become refugees Their plight however is drawing increasing international attention In March 1992 Francis Deng was appointed Special Representative of the United Nations Secretary General to study this harrowing situation In this book a substantially revised version of his report to the UN Deng examines the causes and consequences of internal displacement the legal standards for protection and assistance enforcement mechanisms the prevailing conditions in the affected countries and the urgent need for an international response In a compelling first person narrative Protecting the Dispossessed follows Deng's investigation and is based on interviews and information from governments international organizations individuals and visits to several countries in Europe Africa and Latin America Deng argues that sovereignty entails a responsibility to ensure the safety and welfare of the citizens and to protect fundamental human rights the international community must uphold this standard and make violators accountable While he acknowledges that steps are being taken in the right direction he maintains that there is still much to be done He presents a bold proposal one that requires substantial changes in the international system in the politics of major governments and in the relations between states He proposes a three phase strategy aimed at monitoring conditions worldwide to detect impending crises

Moral Victories Susan D. Burge, 2018-10-18 In the 1980s security forces and paramilitary organizations killed abducted or tortured an estimated 80 000 Salvadoran citizens During this period the government of Guatemala was responsible for the death or disappearance of more than 100 000 civilians many of them indigenous peasants But such abuses were curtailed when peace talks largely motivated by international human rights activism led to interventions by United Nations observers who raised the degree of respect for human rights within each nation These two cases are emblematic of many more in recent world events Susan Burge here explains how international pressure can be effective in changing oppressive state behavior Moral Victories includes a detailed comparative study of human rights abuses in El Salvador and Guatemala from 1980 to 1996 as well as a brief focused examination of the situation in Cambodia from 1975 to 1992 Moral Victories lays out the mechanisms by which the United Nations and transnational human rights activists have intervened in civil wars and successfully linked international peace and security with the promotion of human rights The meaning of state sovereignty defense of which had previously limited governments to unenforceable statements of opprobrium against violator nations has changed over the past two decades to

allow for more aggressive action in support of international moral standards As a result human rights have gained increasing importance in the arena of world politics While researching this book in Guatemala and El Salvador Burgerman interviewed government officials negotiators analysts and human rights workers and accompanied UN observer teams in their travels through rainforests and mountainous terrain

Missing Mila, Finding Family Margaret E. Ward, 2011-11-01 In the spring of 1983 a North American couple who were hoping to adopt a child internationally received word that if they acted quickly they could become the parents of a boy in an orphanage in Honduras Layers of red tape dissolved as the American Embassy there smoothed the way for the adoption Within a few weeks Margaret Ward and Thomas de Witt were the parents of a toddler they named Nelson an adorable boy whose prior life seemed as mysterious as the fact that government officials in two countries had inexplicably expedited his adoption In *Missing Mila Finding Family* Margaret Ward tells the poignant and compelling story of this international adoption and the astonishing revelations that emerged when Nelson's birth family finally relocated him in 1997 After recounting their early years together during which she and Tom welcomed the birth of a second son Derek and created a family with both boys Ward vividly recalls the upheaval that occurred when members of Nelson's birth family contacted them and sought a reunion with the boy they knew as Roberto She describes how their sense of family expanded to include Nelson's Central American relatives who helped her piece together the lives of her son's birth parents and their clandestine activities as guerrillas in El Salvador's civil war In particular Ward develops an internal dialogue with Nelson's deceased mother Mila an elusive figure whose life and motivations she tries to understand
