that trace the position of the bottom in Mexican nationalist literature the forms of exposure risk and proximity in the performance work of artist Lechedevirgen Trimegisto a reading of violence and the erotic in the work of artist Bruno Ramri and reading artists such as Yosimar Reyes Yanina Orellana and Carlos Martiel as they build a framework of sexual inheritance that carries the traumas of Mexicanness into the diaspora Through a broad archive rooted in hemispheric Latinx performance Bottoms Up considers how sexual and political power are bound up with each other in the shaping of Mexicanness Placing particular emphasis on questions of queer and trans Mexican embodiment the book explains how Mexicanness is constituted through discourses of exposure *Bisexuality: A Critical Reader* Merl Storr, 2013-04-03

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing

publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology

Testimonio John Beverley, 2004 These four germinal essays by John Beverley sparked the widespread discussion and debate surrounding testimonio the socially and politically charged Latin American narrative of witnessing that culminated with David Stoll's highly publicized attack on Rigoberta Menchú's celebrated testimonial text *Challenging Hardt and Negri's Empire* Beverley's extensive new introduction examines the broader historical political and ethical issues that this literature raises tracing the development of testimonio from its emergence in the Cold War era to the rise of a globalized economy and of U.S. political hegemony Informed by postcolonial studies and the current debate over multiculturalism and identity politics Testimonio reaches across disciplinary boundaries to show how this particular literature at once represents and enacts new forms of agency on the part of previously repressed social subjects as well as its potential as a new form of alliance politics between those subjects and artists scientists teachers and intellectuals in a variety of local national and international contexts

The Cambridge Companion to the Latin American Novel Efraín Kristal, 2005-05-26 The diverse countries of Latin America have produced a lively and ever evolving tradition of novels many of which are read in translation all over the world This Companion offers a broad overview of the novel's history and analyses in depth several representative works by for example Gabriel García Márquez Machado de Assis Isabel Allende and Mario Vargas Llosa The essays collected here offer several entryways into the understanding and appreciation of the Latin American novel in Spanish speaking America and Brazil The volume conveys a real sense of the heterogeneity of Latin American literature highlighting regions whose cultural and geopolitical particularities are often overlooked Indispensable to students of Latin American or Hispanic studies and those interested in comparative literature and the development of the novel as genre the Companion features a comprehensive bibliography and chronology and concludes with an essay about the success of Latin American novels in translation

The Avowal of Difference Ben. Sifuentes-Jauregui, 2014-11-19 Discusses how theories of queer performativity as articulated within the U.S. Academy are unable to capture the whole of Latino American queer subjectivity and experience The Avowal of Difference explores the potentialities and limitations that queer theory offers in the context of Latino American texts and subjects Ben Sifuentes Jauregui contrasts Latino American sexual genealogies with the Anglo European coming out narrative and interrogates the centrality of the coming out story as the regulating metaphor for gay lesbian or queer identities In its place the book looks at other strategies from silence to circumlocution from disavowal to indifference to theorize queer subject formation in a Latino American cultural context The analysis of texts by Jos Lezama Lima Luis Zapata Manuel Puig Severo Sarduy Junot Díaz and others offers a comparative approach to understanding how queer sexualities are shaped and written in other cultural contexts The Avowal of Difference is a delightful critical encounter between queer criticism and Latino American literature and culture I wish I had written it myself

Ramón E Soto Crespo author of *Mainland Passage The Cultural Anomaly of Puerto Rico* **Adonis García** Luis Zapata, 1981
 A humorous account of a male prostitute in Mexico City *Latin American Writers on Gay and Lesbian Themes* David William Foster, 1994-11-07
 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe **Ciudad, género e imaginarios urbanos en la narrativa latinoamericana** Lucía Guerra, 2014
 No obstante el orden implementado en la ciudad por su diseño geométrico en ella transitan y fermentan los signos de la dispersión heterogénea En una contigüidad que burla todo intento de sistematización coexisten diversas temporalidades y diferencias de carácter social y genérico La ciudad en su trama densa y compleja se niega a ser dicha y aquellos que la habitan la redicen y contradicen desde su propia subjetividad en una red rica urbana que fragmenta y modifica la cartografía oficial Para una perspectiva masculina la ciudad es alegoría de la nación con sus centros y periferias de la pobreza mientras una subjetividad homosexual hace de los lugares convencionales escenarios del deseo Por otra parte la casa en el imaginario de las mujeres es sitio de transgresión y lugar de una historia otra en los márgenes de la historia oficial Dentro de un contexto histórico que va de la ciudad colonial a la ciudad posmoderna en este libro se analizan imaginarios urbanos que ponen en evidencia no sólo la importancia del factor genérico sino también el valor referencial de la ciudad con respecto a la nación y a la memoria Memoria Alma Leticia Martínez Figueroa, 2005
The Social Conscience of Latin American Writing Naomi Lindstrom, 1998
 Literature in Latin America has long been a vehicle for debates over the interpretation of social history cultural identity and artistic independence Indeed Latin American literature has gained international respect for its ability to present social criticism through works of imaginative creation In this comprehensive up to the minute survey of research and opinion by leading Latin American cultural and literary critics Naomi Lindstrom examines five concepts that are currently the focus of intense debate among Latin American writers and thinkers Writing in simple clear terms for both general and specialist readers of Latin American literature she explores the concepts of autonomy and dependency postmodernism literary intellectuals and the mass media testimonial literature and gender issues including gay and lesbian themes Excerpts in English from relevant literary works illustrate each concept while Lindstrom also traces its passage from the social sciences to literature
