El Teatro De Claramonte Y La Estrella De Sevilla:

El teatro de Claramonte y "La estrella de Sevilla" Fernando Cantalapiedra Erostarbe, Andrés de Claramonte y Corroy, 1993 "El infanzón de Illescas" y las comedias de Claramonte Fernando Cantalapiedra Erostarbe, 1990 Spanish Dramatists of the Golden Age Mary Parker, 1998-09-17 The Golden Age of Spanish drama extends from the close of the 15th century to the death of Calderón in 1681. During that time, the humanists as dramatists followed Italy's artistic awakening direction and imitated Classical drama. With originality and dreams of greatness, they subverted the nature of tragedy, modified the approach of Comedy and invented the New Play, the Comedia Nueva. In it, the poet dramatists introduced important modifications of realism, including imagined reality, Christian symbolism, and theatricality as artistic truth. They elaborate all kinds of syntheses. For this reason, the Spanish Golden Age theater can be viewed as part of a tradition that includes the Greco-Roman comedy and tragedy, Christian tragedy, and the authentic national literary and dramatic tendencies.

The entries in this reference book explore the fascinating history of the Golden Age of Spanish drama. The volume begins with an introductory overview of the literary, cultural, and historical contexts that shaped dramatic writing of the period. The book then presents alphabetically arranged essays for nineteen significant Spanish dramatists of the Golden Age. Each essay is written by an expert contributor and includes biographical information, an analysis and evaluation of major works, a discussion of critical response to the plays, and an extensive bibliography of primary and secondary sources. The volume closes with a selected general bibliography of central critical studies of Golden Age Spanish drama.

Lope, Tirso, Claramonte Alfredo Rodríguez López-Vázquez, 1999 Rewriting Theatre Charles Ganelin, 1994 The Reception Theory orientation discusses how the recast was received in its time. Performance reviews contemporary with the new versions of old plays indicate the controversy elicited between those who believed on the one hand that the classics should be preserved as they have been handed down and on the other that a work of art is never finished and is always open to new stagings and interpretations. Lope de Vega, Tirso de Molina, Pedro Calderón de la Barca, and others have been and continue to be reinterpreted in the light of new literary, social, and political orientations.
