Writers in East-West Encounter Guy Amirthanayagam, 1982-06-18 Canadiana, 1989-06 **The East and the West**, 1906 *Fifteen Years' Sport and Life in the Hunting Grounds of Western America and British Columbia* William Adolph Baillie-Grohman, 1900 **Canadian Books in Print**, 1991 **Writing Western History** Richard W. Etulain, 1991

The Idea of Historical Recurrence in Western Thought G. W. Trompf, 1979-01-01 The concept of viewing historical change as a cyclical process is analyzed beginning with the works of Polybius historian of the Roman empire and ending with Machiavelli with an examination of the biblical concept of historical change Writing the Rapture Crawford Gribben, 2009-02-02 For the past twenty years evangelical prophecy novels have been a powerful presence on American bestseller lists Emerging from a growing conservative culture industry the genre dramatizes events that many believers expect to occur at the end of the age the rapture of the saved the rise of the Antichrist and the fearful tribulation faced by those who are left behind Seeking the forces that drove the unexpected success of the Left Behind novels Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth century fundamentalists The first rapture novels came onto the scene at the high water mark of Protestant America From there the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels Yet as Gribben shows the rapture genre while vividly expressing some prototypically American themes also serves to greatly complicate the idea of American modernity assaulting some of its most cherished tenets Gribben concludes with a look at post Left Behind rapture fiction noting some works that were written specifically to counter the claims of the best selling series Along the way he gives attention not just to literary fictions but to rapture films and apocalyptic themes in Christian music Writing the Rapture is an indispensable guide to this flourishing yet little understood body of literature **The Illustrated Timeline of Western Literature** Carol Strickland, 2007 Professors students and anyone who loves to read will want this fascinating and attractive volume Beginning with great works from Antiquity to the Middle Ages this literary timeline gallops from Mesopotamian pictograms and Julius Caesar's Commentaries on the Gallic to Renaissance and Baroque masterworks by Machiavelli and Molière and on to modernism Along the way it presents the birth of the novel Gothic chills Thomas Paine's rabble rousing as well as landmark French and Russian authors Emerson's essays and the first detective story by Poe Victoriana the Aesthetic Movement Utopian Literature and Naturalism make their appearance all the way up to today's Tom Stoppard and Tony Kushner There's a detailed introduction plus color coding to show whether a work is poetry fiction non-fiction or drama *José Martí's "Our America"* Jeffrey Grant Belnap, Raul A. Fernandez, 1998 Considerable attention has been given to Cuban poet essayist and activist José Martí's 1891 essay *Nuestra América* but relatively little has been paid to the rest of the journalistic work that Martí produced during his fourteen year exile in the United States In José Martí's *Our America*

Jeffrey Belnap and Raúl Fernández present essays from Latin American Caribbean and U.S. based scholars who consider Martí's rich and underexplored body of work and position Martí as an emblem of New American studies. A Cuban exile from 1881 to 1895, Martí was a correspondent writing in New York for various Latin American newspapers. Grasping the significance of rising U.S. imperial power, he came to understand the Americas as a complex system of kindred but not equal national formations whose cultural and political integrity was threatened by the overbearing aggressiveness of the United States. This collection explores how in his journalistic work Martí critiques U.S. racism, imperialism, and capitalism; warns Latin America of impending U.S. geographical, cultural, and economic annexation; and calls for recognition of the diversity of America's cultural voices. Reinforcing Martí's hemispheric vision with essays by a wide range of scholars who investigate his analysis of the United States, his significance as a Latino outsider, and his analyses of Latin American cultural politics, this volume explores the affinities between Martí's thought and current reexaminations of what it means to study America. José Martí's *Our America* offers a new understanding of Martí's ambiguous and problematic relation with the United States and will engage scholars and students in American, Latin American, and Latino studies as well as those interested in cultural, postcolonial, gender, and ethnic studies.

The Industrial Resources, Etc., of the Southern and Western States: Embracing a View of Their Commerce, Agriculture, Manufacturers, Internal Improvements James Dunwoody Brownson De Bow, 1853 **The Western Lit Survival Kit** Sandra Newman, 2012-01-03. A side-splitting tour that makes it a blast to read the Western literary canon from the ancient Greeks to the Modernists. To many, the Great Books evoke angst; the complicated Renaissance dramas we bluffed our way through in college; the dusty Everyman's Library editions that look classy on the shelf but make us feel guilty because they've never been opened. On a mission to restore the West's great works to their rightful place, they were intended to be entertaining. Sandra Newman has produced a reading guide like no other. Beginning with Greek and Roman literature, she takes readers through hilarious detours and captivating historical tidbits on the road to Modernism. Along the way, we find parallels between Rabelais and South Park, Jane Austen and *Sex and the City*, Jonathan Swift and Jon Stewart, uncovering the original humor and riskiness that propelled great authors to celebrity. Packed with pop culture gems, stories of literary hoaxes, ironic

Between God and Beast Avraham Balaban,2011-11-30 In *Between God and Beast* Avraham Balaban argues that Oz's fiction has from the outset followed Jung's psychological theory. The major psychic processes that are depicted throughout Oz's prose are typically Jungian. For example, the treasure hunt, which is the deep structure of many of Oz's stories and novels, reflects the search for the self, in which all the vying forces of one's psyche coexist peacefully. Oz uses many of the symbols of the treasure, as well as of the self, as they are presented by Jung. Many of the symbols examined in this study have never before been discussed in articles about Oz's writings. Balaban also devotes a considerable portion of his study to the religious dimension of Oz's work, as well as the impact of his personal life on his writings. Balaban reveals that from the beginning, Oz's work has moved in two directions: it demonstrates an unceasing effort to delve ever deeper into the dark side of consciousness while heightening the contrast between the opposing elements vying within his protagonists, and it consistently attempts to bring those oppositions to peaceful coexistence and even to a fruitful mutual relationship.

Dance Circles Hélène Neveu Kringelbach,2013-11-01 Senegal has played a central role in contemporary dance due to its rich performing traditions, as well as strong state patronage of the arts, first under French colonialism and later in the postcolonial era. In the 1980s, when the Senegalese economy was in decline and state funding withdrawn, European agencies used the performing arts as a tool in diplomacy. This had a profound impact on choreographic production and arts markets throughout Africa. In Senegal, choreographic performers have taken to contemporary dance while continuing to engage with neo-traditional performance. Regional genres like the sabar and the popular dances they grew up with. A historically informed ethnography of creativity, agency, and the fashioning of selves through the different life stages in urban Senegal, this book explores the significance of this multiple engagement with dance in a context of economic uncertainty and rising concerns over morality in the public space.

Western Illuminated Manuscripts Paul Binski,Patrick Zutshi,2011-03-31 Cambridge University Library's collection of illuminated manuscripts is of international significance. It originates in the medieval university and stands alongside the holdings of the colleges and the Fitzwilliam Museum. The University Library contains major European examples of medieval illumination from the ninth to the sixteenth centuries, with acknowledged masterpieces of Romanesque, Gothic, and Renaissance book art, as well as illuminated literary texts, including the first complete Chaucer manuscript. This catalogue provides scholars and researchers easy access to the University Library's illuminated manuscripts, evaluating the importance of many of them for the very first time. It contains descriptions of famous manuscripts, for example, the *Life of Edward the Confessor* attributed to Matthew Paris, as well as hundreds of lesser-known items. Beautifully illustrated throughout, the catalogue contains descriptions of individual manuscripts with up-to-date assessments of their style, origins, and importance, together with bibliographical references.
