Truman Nicole L. Anslover, 2013-08-22 Harry S Truman presided over one of the most challenging times in American history the end of World War II and the onset of the Cold War Thrust into the presidency after Franklin D Roosevelt died in office Truman oversaw the transition to a new post war world in which the United States wielded the influence of a superpower With his humble beginnings and straightforward manner Truman was the personification of a typical American As president however he dealt with decisions that were anything but typical His presidency saw the decision to drop the atomic bomb the integration of the military and the development of an interventionist foreign policy aimed at containing Communism from providing aid in the Marshall Plan to entering the Korean War In the post Cold War
