Hewett,Kevin Eric DePew,2015-04-15 Foundational Practices in Online Writing Instruction addresses administrators and instructors questions for developing online writing programs and courses Written by experts in the field this book uniquely attends to issues of inclusive and accessible online writing instruction in technology enhanced settings as well as teaching with mobile

technologies and multimodal compositions *L2 Writing Beyond English* Nur Yiğitoğlu Aptoula, Melinda Reichelt, 2019-04-10

Most of what we know about writing in a second or foreign language L2 is based on conclusions drawn from research on L2 writing in English. However, a significant quantity of L2 writing and writing instruction takes place in languages other than English, and so there is a need for studies that look beyond English. The chapters in this book focus on languages other than English and investigate curricular issues, multiple languages in contact, conflict in L2 writing instruction, and student attitudes toward pedagogical practices. The collection as a whole makes a valuable contribution to the study of L2 writing, and it will also prove an essential resource for instructors of second and foreign language writing.

[Resisting Qualifications Reforms in New Zealand](#) , 2019-02-18 New Zealand has been a veritable laboratory for a range of social experiments in the last twenty years including an arranged marriage with neo liberal economic policies during the late 80s and 90s These experiments extended to education where students teachers teacher educators and researchers have experienced wide ranging reforms in administration curriculum and

qualifications The most contentious of these have been a series of untried and radical qualifications reforms This book offers a critical examination of these reforms from the perspective of a group of educators who resisted them by doing the unthinkable devising their own national qualification and making it work *Education Reimagined: The Impact of Advanced Technologies on Learning* Mohammad Khalil, Mohammed Saqr, Sonsoles López-Pernas, Isabel Hilliger, 2024-12-18 The last decade has seen significant progress in technology particularly in the fields of Artificial Intelligence and machine learning which have had a profound impact on numerous industries including education The integration of technology in education has fundamentally altered the landscape of learning where data becomes a crucial component to provide insights into for example how students learn when and where additional support is needed Employing educational data is proving to be a catalyst for innovation in education opening up new possibilities for students and educators alike The focus of this Research Topic is to explore the impact of recent technological innovations and advances such as AI AI powered Chatbots Learning Analytics Virtual and Augmented Reality and remote and virtual labs on different education systems both from the educational and the psychological perspective The scope is twofold on the one hand examining the use of these advanced technologies in learning and teaching activities and on the other hand teaching students about these technologies and understanding the impact of including them in new education policies and curricula including teaching of AI data science analytics and the ethical implications of data The Research Topic seeks to provide insightful and thought provoking perspectives on how technology is being utilized to enhance the learning experience for students of all ages Both in higher education and K12 education and their transition to higher education By gathering experts in psychology education and technology this Research Topic aims to present research findings and best practices and to stimulate discussions on the role of technology in shaping the future of education The ultimate objective is to inspire innovation and to improve the education of future generations through advanced technologies **Toward More Sustainable Metaphors of Writing Program**

Administration Lydia Wilkes, Lilian W. Mina, Patti Poblete, 2023-02-15 The field of writing program administration has long been a space rich in metaphor From plate twirling to fire extinguishing parents to dungeon masters and much more the work of a WPA extends to horizons unknown Responding to the constraints of austerity *Toward More Sustainable Metaphors of Writing Program Administration* offers new lenses for established WPAs and provides aspiring and early career WPAs with a sense of the range of responsibilities and opportunities in their academic and professional spaces This volume presents twelve chapters that reclaim and revise established metaphors offer new metaphors based on sustainable relational or emotional labor practices and phenomena and reveal the improvisational artisanal nature of WPA work Chapters resonate across three sections The first section focuses on organic relationships captured in phrases like putting out fires and seeing forests for the trees alongside unexpected comparisons to ground and light The second describes institutional landscapes featuring generative juxtapositions such as the WPA as a labor activist or a mapper of emotional geography And the third

discusses performance crafts like improv comedy and artisanal making Toward More Sustainable Metaphors of Writing Program Administration offers new and revised ways of thinking and acting for WPAs who are constantly negotiating the paradoxical demands of their work and continually striving to act ethically in conflicted and even fraught situations It will inspire practicing aspiring and former WPAs working in a time of transformation by highlighting more sustainable ways of enacting WPA identity Contributors Jacob Babb John Belk Katherine Daily O Meara Ryan J Dippre Douglas Hesse Andrew Hollinger Rona Kaufman Cynthia D Mwenja Manny Pi a Scott Rogers Robyn Tasaka Alexis Teagarden Christy I Wenger Lydia Wilkes
