China's Information Resource Industry Huiling Feng,Guojun Zhao,Minghui Qian,2021-09-30 The industrialization of
information resources has been a growing trend across the world in recent years especially in China where the information
resource industry IRI has expanded exponentially for over more than a decade While analysing the development conditions of
China s IRI this two volume set clearly defines the implications and strategic value of the industry summarizes basic IRI
theories and clarifies the history of its development and special regional characteristics within the Chinese context Drawing
on the statistics and measurement of various economic indicators of IRI the authors propose four stages of development a
germination period an initial development period a subsequent rapid development period and lastly a steady development
period At the same time the set draws upon various theoretical models such as the Dynamic Resource Triangle model the

Information Resource Industrial Symbiosis model the value chain model and the explanation model of information consumption in order to shed light on IRI s elements and the optimization of its management In addition the authors present the Information Resource Industry Development Index IRIDI to evaluate IRI s development in different provinces and cities across Mainland China and monitor its dynamics from the point of view of industrial value and the external environment While the set lays a solid theoretical foundation for the growth of China s IRI it will also give international readers a clear picture of China s emerging industries in the current era As an emerging strategic industry in China the information resource industry IRI has had and will continue to have a growing impact on economic and social development Focusing on the special characteristics of IRI policies in China this set provides an in depth discussion of the major directions methods and paths of development for IRI policies via a comprehensive analysis of the structural organizational promotional policies and policy instruments of China s IRI Concentrating on policy instruments the set for the first time provides a systematic all rounded review of China s IRI policies that have been released to date and proposes a China Information Resource Industry Policy Library comprising six types of IRI policy documents organizational information regulatory incentives market and social The whole contributes to a comprehensive understanding of the application of various IRI policies in China and also supports the decision making behind and building of industrial policies

,2000 Innovation in Applied Nursing Informatics Gillian Strudwick,Glynda Rees,Robyn Cook,Young Ji Lee,2024-07-15 The use of health information technology is becoming ever more essential for the provision of nursing care globally and this has resulted in the need to pay more attention to the innovative use of the technology This book presents the proceedings of NI2024 the 16th International Congress on Nursing Informatics held from 28 31 July 2024 in Manchester England This

quadrennial international conference provides one of the most important opportunities for healthcare professionals from around the world to gather and exchange expertise in the research and practice of both basic and applied nursing informatics. The theme of NI2024 is innovation in applied nursing informatics and the book includes all 88 of the full papers presented at the conference as well as 24 case studies and over 100 poster summaries. Topics cover a wide range of themes including applied clinical informatics, education, global health, innovation and entrepreneurship, public health, population health, research and methods, and user-facing technologies. More specifically, some of the topics in focus include generative AI, informatics integration, equity, diversity and inclusion, technological innovations, patient-centered care, data analytics, the burden of documentation, mobile health, and virtual care. These themes and topics highlight the diversity and breadth of research and innovation in nursing informatics, emphasizing the integration of advanced technologies, the enhancement of education and professional development, and the ongoing effort to improve patient care and health outcomes. The book will be of interest to all those working in the field.

Public Policy's Role in Achieving Sustainable Development Goals Hamdan, Mahani, Anshari, Muhammad, Ahmad, Norainie, Ali, Emil, 2023-08-18. In 2015, UN member states agreed to 17 global Sustainable Development Goals (SDGs) to end poverty, protect the planet, and ensure prosperity for all. The academic community, policymakers, industry leaders, and civil society must work together and share experiences on the implementation of SDGs. Open discussion on lessons learned from the inclusive education policies, the difficulties and obstacles developing economies face in implementing the SDGs, and the affordability of the clean energy policies initiated by the SDGs will guide and inform better decision making for future implementations across the world. Public Policy's Role in Achieving Sustainable Development Goals is authored by various esteemed researchers, policymakers, and academics from a multidisciplinary perspective and emphasizes quality research-based studies that contribute to theory, lessons learned, best practices, critical understanding, and policy implications or formulation on the Sustainable Development Goals (SDGs) in any country. It supports the acceleration required to implement the SDGs by mobilizing the academic community, policymakers, industry, and civil society to discuss experiences focusing on the SDGs and their implementation in the context of public policy administration and governance, deemed most important for world regions. Thus, the book will have a global discussion while addressing the SDGs in a way that considers each region's specificities. It is designed for researchers from the social sciences, arts, and humanities, sociology, politics, and the broader interdisciplinary fields of business and economics, and also for policymakers, corporations, NGOs, government bodies, research centers, think tanks, and university libraries worldwide.
