Frankum, Jr.,2024-11-01 Frederick Reinhardt arrived in Vietnam as the second United States Ambassador during a critical time in the relationship between the two countries Vietnam had been without an American ambassador since the departure of Donald Heath in November 1954 while American interests were being handled by General J Lawton Collins who accepted the position of Special Representative at President Dwight D Eisenhower s request Collins had a difficult relationship with Ngo Dinh Diem one that was marred by his intrigue with the French and his tendency to place the Vietnamese in a secondary position even when he had their best interests in mind Reinhardt repaired the fragile relationship and oversaw American s interests in Vietnam during a period of several significant events including the removal of the French Expeditionary Corps a referendum to depose Bao Dai the creation of a Vietnamese Constitution and Vietnam s first national election It was Reinhardt s temperament and professionalism that allowed Ngo Dinh Diem to regain trust in the United States as the two countries continued to work towards the common goal of Vietnamese independence in a Communist Free Republic     **Westmoreland's War** Gregory Daddis,2014 This groundbreaking study offers a major reinterpretation of American strategy during the first half of the Vietnam War Gregory A Daddis argues senior military leaders developed a comprehensive campaign strategy one not confined to attrition of enemy forces This innovative work is a must for a genuine understanding of the Vietnam War     **No Sure Victory** Gregory A. Daddis,2011-06-01 In *No Sure Victory* Army officer and historian Gregory Daddis looks deep into the Army s techniques for measuring military success in Vietnam and presents a much more complicated and disturbing account of the American misadventure in Indochina Daddis shows how the US Army adopted a massive and eventually unmanageable system of measurements and formulas to track the progress of military operations that ranged from pacification efforts to search and

destroy missions Concentrating more on data collection and less on data analysis these indiscriminate attempts to gauge success may actually have hindered the army's ability to evaluate the true outcome of the fight at hand a roadblock that Daddis believes significantly contributed to the many failures that American forces suffered in Vietnam Filled with incisive analysis and rich historical detail No Sure Victory is not only a valuable case study in unconventional warfare but a cautionary tale that offers important perspectives on how to measure performance in current and future armed conflict

Shadows of Vietnam Frank E. Supplement to Vietnam 1964-1973, 2005      Vietnam War Slang Tom Dalzell, 2014-07-25 In 2014 the US marks the 50th anniversary of the Gulf of Tonkin Resolution the basis for the Johnson administration's escalation of American military involvement in Southeast Asia and war against North Vietnam Vietnam War Slang outlines the context behind the slang used by members of the United States Armed Forces during the Vietnam War Troops facing and inflicting death display a high degree of linguistic creativity Vietnam was the last American war fought by an army with conscripts and their involuntary participation in the war added a dimension to the language War has always been an incubator for slang it is brutal and brutality demands a vocabulary to describe what we don't encounter in peacetime civilian life Furthermore such language serves to create an intense bond between comrades in the armed forces helping them to support the heavy burdens of war The troops in Vietnam faced the usual demands of war as well as several that were unique to Vietnam a murky political basis for the war widespread corruption in the ruling government untraditional guerilla warfare an unpredictable civilian population in Vietnam and a growing lack of popular support for the war back in the US For all these reasons the language of those who fought in Vietnam was a vivid reflection of life in wartime Vietnam War Slang lays out the definitive record of the lexicon of Americans who fought in the Vietnam War Assuming no prior knowledge it presents around 2000 headwords with each entry divided into sections giving parts of speech definitions glosses the countries of origin dates of earliest known citations and citations It will be an essential resource for Vietnam veterans and their families students and readers of history and anyone interested in the principles underpinning the development of slang      *The Dove and the Eagle* Roberto Fornasier, 2013-01-03 This book represents research conducted over a two year period on the politico diplomatic relations between Italy and the United States in the mid Sixties and Seventies Based on conspicuous archival materials from Italian American and British sources and on a great amount of secondary literature it traces an accurate panorama of the Italian political social and diplomatic developments from the student and worker protests of 1968 to the killing of Aldo Moro in 1978 from the behind the scenes bargains between parties to the fear of the Communist Party's growth during the Premiership of the conservative Christian Democrat Mariano Rumor 1915-1990 The volume includes an innovative comparison between

Rumor's basic choices of foreign policy and those of the duo Nixon and Kissinger. From here arises the book's title where the dove is represented by Rumor, a fervent Catholic, a firm anti-Communist, a reliable Atlantist, and an indefatigable Europeanist, while the eagle is embodied by the Republican Administrations of Richard Nixon and Gerald Ford. *Through the Valley*,

On War and Leadership Michael Owen Connelly, 2009-01-10. What can we learn about leadership and the experience of war from the best combat leaders the world has ever known? This book takes us behind the scenes and to the front lines of the major wars of the past 250 years through the words of twenty combat commanders. What they have to say, which is remarkably similar across generational, national, and ideological divides, is a fascinating take on military history by those who lived it. It is also worthwhile reading for anyone from any walk of life who makes executive decisions. The leaders showcased here range from Frederick the Great to Norman Schwarzkopf. They include such diverse figures as Napoleon Bonaparte, commanders on both sides of the Civil War, William Tecumseh Sherman and Stonewall Jackson, German and American World War II generals Rommel and Patton, a veteran of the Arab-Israeli wars Moshe Dayan, and leaders from both sides of the Vietnam War, Vo Nguyen Giap and Harold Moore. What they have had in common is an unrivaled understanding of the art of command and a willingness to lead from the front. All earned the respect and loyalty of those they led and moved them to risk death. The practices of these commanders apply to any leadership situation, whether military, business, political, athletic, or other. Their words reveal techniques for anticipating the competition, leading through example, taking care of the troops, staying informed, turning bad luck to advantage, improvising, and making bold decisions. Leader after leader emphasizes the importance of up-front, muddy boots leadership and reveals what it takes to persevere and win. Identifying a pattern of proven leadership, this book will benefit anyone who aspires to lead a country, a squadron, a company, or a basketball team. It is a unique distillation of two and a half centuries of military wisdom. **Supplement to Vietnam 1964-1973** Elwood L.

White, 2005. This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium. It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War, although some works prior to that date are included. The bibliography is selected from the holdings on that war housed in the McDermott Library, United States Air Force Academy, and includes books, journal articles, government publications, and technical reports. Newspaper articles, works of fiction, collections of poetry, and most personal narratives are not included. The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia. Those items are also excluded from this bibliography since they are limited to in-house use only. Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist. Tet Offensive Richard Worth, 2009.
