**Teluke A Big Foot Account** White Song Eagle, 2008-11-21 If one understands a bit about quantum science you begin to understand that our bodies in fact our reality is not what we perceive it to be Speeding up the vibratory rate of molecules changes the density of seemingly solid objects which is mostly space anyway H<sub>2</sub>O becomes solid ice liquid water or vapor steam and our bodies are mostly water and space Allowing quantum mechanics to maintain the founding perception of reality in this book one steers clear of science fiction in this no holds barred recounting of interaction with Sasquatch or Big Foot The author tells of a year and a half of her life as she tends to a Big Foot family on the family horse farm Unlike other reports White Song's sensitive perception picks up the vibration of the Big Foot when they are unnoticed by others and allows interaction with them Many unusual insights are revealed and much can be gained by digesting this intelligently written book with an open mind Many of the states of consciousness and states of unconsciousness are detailed in Eckhart Tolle's book A New Earth from the Opra show Remarkable in content exciting and a fun read whether one believes or not Excellent food for thought
