Eleven Million Mile High Dancer:

The Eleven Million Mile High Dancer Carol Hill, 1996-01-26 A cult classic from its first appearance this ambitious novel is a rich and comic blend of physics feminism and political farce Brilliant physicist Amanda Jaworski is in training to be the first person to journey to Mars With her magic cat Schrodinger Amanda soon finds herself doing battle with the greatest seductress of all the Eleven Million Mile High Dancer a being from 40 million light years away Amanda & the Eleven Million Mile High Dancer Carol Hill, 1993-03-01 Amanda is an Hill, Manfred Ohl, 1989 astronaut who roller skates through the halls of NASA and a subparticle physicist who can enter the mind of Mary Shelley With her magical cat Schrondinger she finds herself in confrontation with the ultimate seductress the eleven million mile **Science Fiction in the Real World** Norman Spinrad,1990 Updates Lentz s previous work which Library high dancer journal said was producers screenwriters cinematographers special effects technicians make up artists art directors III film index IV TV series index V alternate title index Science fiction writer Spinrad presents 13 essays some previously published examining particular works in the genre aspects of the industry and how they influence each other Topics include critical standards the visual expression in comic books and movies modes of content politics and profiles of individual authors No bibliography Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR Amanda & the Eleven Million Mile High Dancer Carol Hill, 1988 The story of the beautiful Amanda an astronaut and subparticle physicist who with her magical cat Schrodinger finds herself on a trajectory that leads to a confrontation with the ultimate seductress the Eleven Million Mile High Dancer as she seeks a message of love to save the world Eleven Million Mile-High Dancer **12-Copy Floor Display** Carol Hill, 1986-06-03 Space Oddities Marie Lathers, 2012-05-03 A fascinating new perspective on the Space Race combining brilliant film scholarship with gender studies and feminist theory Made From This Earth Vera Norwood, 2014-07-01 The broad sweep of environmental and ecological history has until now been written and understood in predominantly male terms In Made From This Earth Vera Norwood explores the relationship of women to the natural environment through the work of writers illustrators landscape and garden designers ornithologists botanists biologists and conservationists Norwood begins by showing that the study and promotion of botany was an activity deemed appropriate for women in the early 1800s After highlighting the work of nineteenth century scientific illustrators and garden designers she focuses on nature s advocates such as Rachel Carson and Dian Fossey who differed strongly with men on both women s nature and the value of the natural world These women challenged the dominant male controlled ideologies often framing their critique with reference to values arising from the female experience Norwood concludes with an analysis of the utopian solutions posed by ecofeminists the most recent group of women to contest men over the meaning and value of More Book Lust Nancy Pearl, 2009-09-29 Whether you re searching for the perfect read for yourself or for a friend nature More Book Lust offer eclectic recommendations unlike those in any other reading guide available In this followup to the

bestselling Book Lust popular librarian Nancy Pearl offers a fresh collection of 1 000 reading recommendations in more than 120 thematic intelligent and wholly entertaining reading lists For the friend wanting to leave her job Living Your Dream offers good armchair dreaming books about people who have left stodgy jobs to do what they love Are you a budding chef Fiction For Foodies includes books that sneak in a recipe or two along with a tantalizing plot For the James Bond wannabe Crime is a Globetrotter features crime novels set in various locations around the world such as Tibet Sweden and Sicily In the book s introduction Pearl jokes If we were at a twelve step meeting together I would have to stand up and say Hi I m Nancy P and I m a readaholic Booklist magazine plays off this obsession while echoing a sentiment of Nancy Pearl's fans everywhere A self confessed readaholic Pearl lets us benefit from her addiction May she never seek recovery Indeed History of American Literature: Volume 7, Prose Writing, 1940-1990 Sacvan Bercovitch, Cyrus R. K. Patell, 1994 Volume VII of the Cambridge History of American Literature examines a broad range of American literature of the past half century revealing complex relations to changes in society Christopher Bigsby discusses American dramatists from Tennessee Williams to August Wilson showing how innovations in theatre anticipated a world of emerging countercultures and provided America with an alternative view of contemporary life Morris Dickstein describes the condition of rebellion in fiction from 1940 to 1970 linking writers as diverse as James Baldwin and John Updike John Burt examines writers of the American South describing the tensions between modernization and continued entanglements with the past Wendy Steiner examines the postmodern fictions since 1970 and shows how the questioning of artistic assumptions has broadened the canon of American literature Finally Cyrus Patell highlights the voices of Native American Asian American Chicano gay and lesbian writers often marginalized but here discussed within and against a broad set of national traditions Science Fact and Science Fiction Brian Stableford, 2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed The Widow's Children Paula Fox, 2025-04-25 Chekhovian Every line of Fox's story every gesture of her characters is alive
