Burdett,2014-03-17 Frank E Burdett is a survivor from seriousness This is no laughing matter and only needs a simple explanation Frank decided to divorce himself

from all seriousness in an effort to gain control of his sense of humour Once he attained his sense of humour he realised that the amount of absurdity and nonsense that abounds in society can only be diagnosed in the gentlest of terms as over seriousness of epidemic proportions Frank has researched and evaluated the importance of nurturing your sense of humour in order to balance the well being of people everywhere especially against the high degrees of stress both emotional and work associated challenges that attack everyone today He came to the conclusion that people of all persuasions have completely lost the knack of being able to step aside and have a good and free laugh at themselves Therefore the time has come for you to learn to laugh at yourself and live longer Frank knows the effects of harrowing trauma being attacked mauled and carried away by a man eating tiger and curing himself of spreading melanoma cancer of the neck shoulder both lungs liver and bowel cancer He had been diagnosed by orthodox medicine as stage IV and given six months to live He tuned to find an alternative cure He has now been four years free of cancer Frank devised a technique whereby even you can benefit and learn to laugh at yourself You have nothing to lose except your overpowering seriousness Frank spent three years delving into the properties of laughing at yourself and he soon realised that there is more to laughing than showing a set of teeth Laughing at yourself allows you the complete freedom to see stress and serious ness in their proper light as a threat to your long lasting happiness This is your opportunity to take a real look at yourself by using Franks technique to step on the path towards learning the Art of Happiness You either want to be free from the pangs of stress and seriousness or you do not Your choice

A Wake-Up Call for Wisdom Bill Hussey, 2009-06-15 This book is a collection of Societal Insanities that could be described as idiotic systems customs and practices accepted mythologies and conventional wisdom governmental and business vices stemming from massive egos and out of control greed plus stupidity hypocrisy unethical behavior and declining integrity everywhere The chapters are seasoned with occasional humor profanities and some would say obscenities But thats not true according to the author see Chapter Thirty One This book could be considered tame compared to books by George Carlin the brilliant philosopher comedian however his fans would probably like it At the end of each chapter where it is appropriate the old sage thats the authors role in this book provides a SAGE SOLUTION to the problem a concept for change that could possibly lead to a workable plan It would require experts in all aspects of the problem to work together in a spirit of cooperation using their experience intelligence and WISDOM Yes thats a tall order but something must be done to put this country back on the right track And the people in Washington who are supposed to be solving our domestic and international problems should sit down together put their political doctrines aside quit trying to win their stupid partisan war and concentrate on saving this country Thirty four of the thirty eight chapters in this book are about different societal insanities so you could start with the Foreword and read straight through or you could look at the Table Of Contents select a chapter with subject matter that interests you and read the complete book in the order you prefer However for better understanding of any chapter be sure to read the Foreword and Chapter One before reading other chapters
