Original Scholarly Monograph *Buddhavacana and Dei Verbum* Michael Fuss, 2023-08-07 Challenged by the teaching of

Vatican II about the seeds of the Word in non Christian religions this book investigates the sacred character of the

Saddharmapu arika S tra and its relation to the fundamental theological category of scriptural inspiration In applying the

methods of modern exegesis the S tra in its ingenious composition is disclosed as a religious drama about the inspirational

experience of the Buddha The draft of a theology of inspiration along the guide lines of the Dogmatic Constitution Dei

Verbum of Vatican II elaborates a christology of the Word as its core which allows an extension of inspiration in analogical

manner to non Biblical scriptures The contrast of Christ the Word incarnate and Buddha the Inspired One offers a new

contribution to an inter religious dialogue **Shaking the Fundamentals** Jan van Lin, 2016-08-09 The issue central to this

study can be considered one of the most pressing facing the World Council of Churches today and in the decades to come and

is much greater than that which confronted the International Mission Council in the years 1910 to 1938 The question

answered in this study is what significance can the theology of religions as it developed between 1910 Edinburgh and 1938

Tambaram have for present day endeavours to develop a more common understanding and vision within the ecumenical

movement as regards the theological problem of religious plurality This significance becomes clear in the conclusions and

suggestions in the final chapter One of these conclusions is that classic Trinitarian theology and Pneumatology will be

incapable of drawing the theology of religions out of the present impasse as long as traditional Christological models

continue to exist within them A commemoration of the Edinburgh meeting will undoubtedly be organized in 2010 and in view

of this commemoration Dr van Lin suggests considering the possibility of starting a process of reflection on the World

Council of Churches theology of religions similar to those on Baptism Eucharist and Ministry and Towards the Common

Expression of the Apostolic Faith Today Given the fact that the study of religious plurality shakes the ecumenical movement

to its foundations within the foreseeable futures serious thought has to be given to placing the study of the theology of

religions on the agenda of Faith and Order within the World Council of Churches **Catalogue of Title-entries of Books**
