Gospel In A Pluralist Society:

The Gospel in a Pluralist Society Lesslie Newbigin, 1989-10-30 How does the gospel relate to a pluralist society What is the Christian message in a society marked by religious pluralism ethnic diversity and cultural relativism Should Christians encountering today's pluralist society concentrate on evangelism or on dialogue How does the prevailing climate of opinion affect perhaps infect Christians faith These kinds of questions are addressed in this noteworthy book by Lesslie Newbigin A highly respected Christian leader and ecumenical figure Newbigin provides a brilliant analysis of contemporary secular humanist pluralist culture and suggests how Christians can more confidently affirm their faith in such a context While drawing from scholars such as Michael Polanyi Alasdair MacIntyre Hendrikus Berkhof Walter Wink and Robert Wuthnow The Gospel in a Pluralist Society is suited not only to an academic readership This heartfelt work by a missionary pastor and preacher also offers to Christian leaders and laypeople some thoughtful helpful and provocative reflections

The Gospel in a Pluralist Society Lesslie Newbigin, 1989-10-30 INSPIRATIONAL

The Gospel in a Pluralist Society Lesslie Newbigin, 1989 *The Gospel and Pluralism Today* Scott W. Sunquist, Amos Yong, 2015-10-06 This collection of essays explores the legacy of Lesslie Newbigin's classic work The Gospel in a Pluralist Society critically analyzing the nature of Western pluralism and discussing the influence of Newbigin's work on the field of missiology By looking backward this volume advances a vision for Christian witness in the pluralistic world of the twenty first century

The gospel in a pluralistic society Lesslie Newbigin,

In the World, But Not of the World Andrew L. Fitz-Gibbon, 2000-01-01 In the *World But Not of the World* explores the threefold tension among Alasdair MacIntyre's prognosis for Western society the desires of some for a social transformation with a Christian moral vision at the sacred centre and a baptist understanding of Christianity as essentially voluntary non sacramental discipleship Andrew Fitz Gibbon uses five contemporary Christian social thinkers from different traditions as conversation partners Through his examination of these thinkers Fitz Gibbon explores how the church may continue to truthfully narrate the Christian story in the midst of the moral tensions of late capitalist Western society His creative conclusion is that the church at the beginning of the twenty first century can move toward a resolution of the central tension of being in the world but not of the world through a synthesis of the believers church tradition and an affirmation of communitarian liberal democracy

Foolishness to the Greeks Lesslie Newbigin, 1986 In this book Lesslie Newbigin attempts to look at modern Western culture through the eyes of an outsider and to ask What would it mean to confront this culture with the gospel Newbigin looks first at the broad issues raised by any cross cultural communication of the gospel He then focuses his discussion on modern Western culture examining its essential features and the present signs of its disintegration This leads to the main thrust of the book the question of how biblical authority can be a reality for those who are shaped by this culture Newbigin goes on to consider what would be involved in the encounter between the gospel and modern science politics and economics Finally he discusses the task of the church in bringing about

this missionary encounter *Converting Witness* David W. Congdon, John G. Flett, 2019-06-05 Building on the work and legacy of Darrell L. Guder *Converting Witness: The Future of Christian Mission in the New Millennium* explores key questions and new possibilities in missiology in light of the world Christian context. The conversation around missional theology and the missional church has examined the gap between theology and mission with the intent of fostering renewal within North American Christianity. But this can only fully occur in relation to the reality of world Christianities and the framing significance of global cultural diversity. Many of the classic categories and methods such as church planting, catholicity, and even the term world Christianity itself are in need of fresh examination and thoughtful analysis. The contributors to this volume address a range of important missiological topics including globalization, interfaith dialogue, integral mission, intercultural hermeneutics, and church practices.

Theology in Missionary Perspective Mark T. B. Laing, Paul Weston, 2012-10-24 Lesslie Newbigin was one of the most significant missionary strategists and theologians of the twentieth century. With the breakdown of confidence in some of the central philosophical and theological paradigms that have been shaped and sustained by the culture of modernity, Newbigin's approach to a genuinely missionary theology offers fresh insights and approaches, providing something of a prophetic model for the global Christian community in new and challenging times. In this collection of essays, scholars and practitioners from around the world engage with aspects of Newbigin's continuing legacy. They explore Newbigin's approach to theological method, his theological and philosophical account of Western culture in the light of the gospel, and some of the implications of his thought for global mission in the third millennium. This collection is essential reading not just for Newbigin enthusiasts but also for all who are concerned to develop a genuinely missionary encounter with contemporary culture.

Contributors: Ian Barns, John G. Flett, Michael W. Goheen, Kenneth D. Gordon, Eleanor Jackson, Veli-Matti Karkkainen, David J. Kettle, J. Andrew Kirk, Mark Laing, Murray Rae, Jürgen Schuster, Wilbert Shenk, Jenny Taylor, Geoffrey Wainwright, Ng Kam Weng, and Paul Weston.

Grasping Truth and Reality Donald Le Roy Stults, 2008-08-01 When Lesslie Newbigin returned to Britain in 1974 after years of missionary service, he observed that his homeland was as much a mission field as India, where he had spent the majority of his missionary career. He concluded that the Western world needed a missionary confrontation. Instead of the traditional approach to missions, however, Newbigin realized that the Western world needed to be confronted theologically. From his earliest days at Cambridge University, Newbigin developed certain theological convictions that shaped his understanding of the Christian faith. Newbigin utilizes these theological convictions as criteria for evaluating the belief system of Western culture and for providing an answer to Western culture's dilemma. It is Newbigin's contention that the West is suffering from a loss of purpose because at the time of the Enlightenment it rejected a belief system that gave it purpose. This was also a belief system that made it uniquely different from the rest of the world, particularly Asia. The Enlightenment reintroduced humanism and dualism into Western culture, which resulted in the loss of purpose and the rise of skepticism. Modern science and the scientific method in

the form of scientism added to the problem making human reason the measure of truth and limiting facts to only that which could be verified through controlled experiment Newbigin's solution is to reintroduce the Christian belief system into Western culture in order to restore purpose and truth to Westerners and to put them into contact with true reality through Jesus Christ He desires to do this in the context of both modernism and post modernism This book will discuss Newbigin's theological convictions and how they factored into both his critique of and his solution for Western culture's spiritual and worldview problems

In Search of Understanding Clinton Bennett, 2019-10-04 Clinton Bennett reflects on four decades of engagement with Muslims and Christian Muslim relations as a missionary scholar and interfaith activist Set in the context of his personal story chapters discuss a series of critical questions to the Christian Muslim relationship reprising earlier writing Bennett asks can Christians appreciate the prophet Muhammad as a genuine messenger from God or is this theological treason How might Christians respond to the Muslim claim that Jesus was a prophet and is not God incarnate Can Christians with integrity regard the Qur'an as a word from God and is there any possibility of rapprochement on the issue of whether Jesus died on the cross Focusing on the United States Bennett also describes church sponsored Christian Muslim initiatives and offers suggestions on how Christians can rethink their ideas about Muslims and cooperate with them in peace and justice advocacy and social and community development Exploring some of the causes of Islamophobia Bennett set out to challenge Christians to keep the commandment not to bear false witness against their Muslim neighbors

Humble Confidence Paul Weston, 2025-01-30 Lesslie Newbigin's development of a fresh paradigm of missionary theology and cultural engagement has solidified his reputation as not just one of the most important missionary theologians of the twentieth century but as continually relevant in the twenty first Paul Weston focusses on how the engagement with Michael Polanyi's understanding of personal knowledge illuminates Newbigin's work and contributes to its ongoing significance Interlinking themes of Revelation Knowing and Story and tracing through Newbigin's engagements with modernity and post modernity Weston suggests how the logic of Newbigin's approach continues to provide insight to mission theologians and practitioners It is Weston's conviction that Humble Confidence presents Newbigin's thinking in a way that can serve the continuing mission of the church

The Church and Its Vocation Michael W. Goheen, 2018-11-06 Lesslie Newbigin one of the twentieth century's most important church leaders offered insights on the church in a pluralistic world that are arguably more relevant now than when first written This volume presents his ecclesiology to a new generation Michael Goheen clearly articulates Newbigin's missionary understanding of the church and places it in the context of Newbigin's core theological convictions Suitable for students as well as church leaders this book offers readers a better understanding of the mission of the church in the world today Foreword by N T Wright

Theology and Ethics for the Public Church Samuel Yonas Deressa, Mary Sue Dreier, 2023-11-24 How might the Christian church effectively engage today's politically charged profit motivated world while remaining faithful to its biblical and theological roots The contributors in this book argue that public

theology provides a promising pathway forward The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M Simpson Lutheran pastor and systematic theologian His approach to public theology is intersectional and global he artfully weaves together Lutheran theology and the civil society arena of Critical Social Theory These essays provide three angles of vision on faith active in twenty first century public contexts contextual ethical and theological While not mutually exclusive these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty first century social world Some reflect on God s activity within particular global contexts others offer new perspectives on Lutheran confessional traditions still others step boldly into innovative theological assertions As the Christian church is ever forming and reforming this book urges it to grapple with the publicness of its timely and timeless mission Jacob & the Prodigal Kenneth E.

Bailey,2011-06-27 Drawing on a lifetime of study in both Middle Eastern culture and the Gospels Kenneth E Bailey compares the Old Testament saga of Jacob and the New Testament parable of the prodigal son offering a fresh view of how Jesus interpreted Israel s past his present and their future **Persons, Powers, and Pluralities** Eric G. Flett,2011-04-14

Through an intimate conversation with the writings of Thomas F Torrance Flett articulates a Trinitarian theology of culture Torrance s work suggests that Christian assumptions in the areas of God creation and humanity had an important influence upon the development of Western scientific culture This book develops each of these areas of Torrance s thought in order to articulate a theology of culture rooted in a Christian understanding of God as triune creation as contingent and human persons as stewards created in the image of God Drawn together these three areas of Torrance s thought suggest that human culture and cultural plurality ultimately originate in the creative action of a triune God mediated through the creative activity of the human creature as it engages a contingent created order in its attempts to foster human flourishing and to bear embodied witness to its Creator The result is not only a unique contribution to the emerging secondary material on Torrance s work but also a contribution to the field of theology of culture as a systematic locus in its own right **The Kuyper**

Conversations Murray A. Rae,2012-01-18 Critical Conversations provides a series of theological engagements with the work of Michael Polanyi one of the twentieth century s most profound philosophers of science Polanyi s sustained explorations of the nature of human knowing open a range of questions and themes of profound importance for theology He insists on the need to recover the categories of faith and belief in accounting for the way we know and points to the importance of tradition and the necessity sometimes of conversion in order to learn the truth of things These themes are explored along with Polanyi s social and political thought his anthropology his hermeneutics and his conception of truth Several of the essays set Polanyi alongside the work of other thinkers particularly Karl Barth Lesslie Newbigin Hans Georg Gadamer and Rene Girard and

they discuss points of comparison and contrast between the respective figures While all the essays are appreciative of Polanyi's contribution they do not shy away from critical analysis and take further therefore the critical appreciation of Polanyi's work

An Ordinary Mission of God Theology Andrew R. Hardy, 2022-04-13 The mission church literature seems to be dominated by idealized conceptions of the benefits of equipping congregations to participate in local mission work This investigation challenges this idealism by paying critical attention to congregants' ordinary theologies that develop in reaction to the communication of Missio Dei theology to them Their voices are absent from the formal literature The study employs rescripting methodology to modify key assumptions made in the formal ecclesiological literature by drawing on insights that come from Christians' ordinary theological voices The study traces how the introduction of a Missio Dei theology to a British Reformed congregation had a significant impact on them A small team of Christian leaders communicated Missio Dei theology to this church over a period of six years It found that mission changes came at substantial personal cost to the church's members 1 a schism occurred when congregants attempted to remove the leader responsible for these changes from his office as church pastor and a third of congregants left the church because they did not want to embrace the church's new mission identity 2 three divergent groups then emerged two of them wanted different kinds of churches that seemed incompatible 3 two thirds of members supported and participated in the church's mission activities which put strains on some of their families 4 unresolved tensions continued to impact the congregation throughout the whole change process 5 unexpectedly for a Reformed church a third group made up of women developed prophetic practices that arose due to the mediation of Missio Dei theology Vitally this thesis challenges the notion that helping churches to become mission focused will make them thrive

The Triune God and Mission Pieter Verster, 2022-07-18 The wonderful love of the Father Son and Holy Spirit makes mission possible A deep christological view of mission must be taken The offices of Christ namely his Kingly Priestly and Prophetic offices undergird mission Glorious salvation is then possible The Holy Spirit confesses that Christ is Lord The church becomes a vehicle of the love of God through this confession The Father's acceptance of the prodigal son is a deep missiological act In the most challenging times of COVID 19 poverty and international conflict mission is radically necessary
