**Gotta Have 'em** R. Crumb, 2002 Call Out Words of wisdom from R Crumb hisself sic All my life I ve loved women and hated em at the same time often at the exact same moment I realized I was a geek and I wasn t going to make it with the girls I felt so painfully isolated that I vowed I would get revenge on the world by becoming a famous cartoonist The only burning passion I m sure I have is the passion for sex My personal obsession for big women interferes with some people s enjoyment of my work I knew it was weird and disturbing and even offensive to a lot of people particularly women But I couldn t keep it out of the comics I would always try to give it some sort of metaphorical sense because I derived such masturbatory pleasure out of drawing these women in bizarre situations with these little guys doing stuff to them History and Presence Robert A. Orsi, 2018-06-11 A Choice Outstanding Academic Title of the Year Beginning with metaphysical debates in the sixteenth century over the nature of Christ s presence in the host the distinguished historian and scholar of religion Robert Orsi imagines an alternative to the future of religion that early moderns proclaimed was inevitable Orsi s evoking of the full reality of the holy in the world is extremely moving shot through with wonder and horror Caroline Walker Bynum Common Knowledge This is a meticulously researched humane and deeply challenging book The men and women studied in this book do not belong to a world we have lost They belong to a world we have lost sight of Peter Brown Princeton University A brilliant theologically sophisticated exploration of the Catholic experience of God s presence through the material world On every level from its sympathetic honest and sometimes moving ethnography to its astute analytical observations this book is a scholarly masterpiece A W Klink Choice Orsi recaptures God s breaking into the world The book does an excellent job of explaining both the difficulties and values inherent in recognizing God in the world Publishers Weekly This book is classic Orsi careful layered humane and subtle a thought provoking expertly arranged tour of precisely those abundant excessive phenomena which scholars have historically found so difficult to think Sonja Anderson Reading Religion *Encyclopedia of Comic Books and Graphic Novels* M. Keith Booker, 2010-05-11 The most comprehensive reference ever compiled about the rich and enduring genre of comic books and graphic novels from their emergence in the 1930s to their late century breakout into the mainstream At a time when graphic novels have expanded beyond their fan cults to become mainstream bestsellers and sources for Hollywood entertainment Encyclopedia of Comic Books and Graphic Novels serves as an exhaustive exploration of the genre s history its landmark creators and creations and its profound influence on American life and culture Encyclopedia of Comic Books and Graphic Novels focuses on English language comics plus a small selection of influential Japanese and European works available in English with special emphasis on the new graphic novel format that emerged in the 1970s Entries cover influential comic artists and writers such as Will Eisner Alan Moore and Grant Morrison major genres and themes and specific characters comic book imprints and landmark titles including the pulp noir 100 Bullets the post apocalyptic Y The Last Man the revisionist superhero drama Identity Crisis and

*Portraits of Resistance* Jennifer Van Horn, 2022-01-01 A highly original history of American portraiture that places the experiences of enslaved people at its center This timely and eloquent book tells a new history of American art how enslaved people mobilized portraiture for acts of defiance Revisiting the origins of portrait painting in the United States Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait's importance as a site of resistance Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War the book illuminates how enslaved people's relationships with portraits also shaped the trajectory of African American art post emancipation Van Horn asserts that Black creativity subjecthood viewership and iconoclasm constituted instances of everyday rebellion against systemic oppression *Portraits of Resistance* is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built

Robert Crumb D. K. Holm, 2005 For almost forty years Robert Crumb has been at the forefront of the underground cartooning movement From his early sketches for the newspaper *Yarrowstalks* to recent comic books such as *Mystic Funnies* Crumb has both defined the world of comix and tested the limits of what makes a comic book story What's in this book Crumb's complicated life is laid out and his numerous pop culture influences are cataloged From Crumb's childhood letters and first attempts at comics to his vastly influential early books such as *Zap* and *Motor City Comics* the most significant and interesting work by Crumb is analyzed Also covered is Crumb's relationship to music the movies by and about him and the remarkable change his work took in the 80s Also in this book which is the first critical study of Crumb's work published in English the cartoonist is assessed as an important writer The book concludes with a rare interview with the reclusive cartoonist
