Elections In Indonesia The New Order And Beyond:

Elections in Indonesia Hans Antlov, Sven Cederroth, 2021-03-24 It has sometimes been argued that many Indonesians had little sympathy with western notions of elections being events for the contesting and transfer of power and that they rather supported the New Order's use of festivals of democracy elections as occasions at which the mass of ordinary Indonesians were given the opportunity to celebrate the country's achievements under the rule of its New Order leadership as well as legitimize the continued rule of these leaders But the need to stage manage these elections as New Order triumphs finally undid the regime With chapters describing the last New Order election and the first free election in the post Suharto era this volume makes an important contribution to our understanding of the demise of the New Order and the directions being taken by the emerging regime

Problems of Democratisation in Indonesia Edward Aspinall, Marcus Mietzner, 2010 Alternately lauded as a democratic success story and decried as a flawed democracy Indonesia deserves serious consideration by anyone concerned with the global state of democracy Yet more than ten years after the collapse of the authoritarian Suharto regime we still know little about how the key institutions of Indonesian democracy actually function This book written by leading democracy experts and scholars of Indonesia presents a sorely needed study of the inner workings of Indonesia's political system and its interactions with society Combining careful case studies with an eye to the big picture it is an indispensable guide to democratic Indonesia its achievements shortcomings and continuing challenges

Democratization in Post-Suharto Indonesia Marco Bunte, Andreas Ufen, 2008-08-21 This book gives an overview of the difficult and multilayered process of democratization in Indonesia since the fall of its long term autocratic ruler Suharto

Indonesia Beyond Suharto Donald K. Emmerson, 2015-05-20 This text presents an accessible introduction to the most significant problems facing Indonesia and raises issues for further investigations It addresses such questions as how has Indonesia managed to remain one country and is there a truly national Indonesian culture

Deepening Democracy in Indonesia? Maribeth Erb, Priyambudi Sulistiyanto, 2009 Since the fall of long reigning President Soeharto in 1998 Indonesia has been in an era of transition away from an authoritarian regime and on a quest for democracy This quest started with decentralization laws implemented in 2001 which gave greater autonomy to the regions and continued with the direct elections for the national and local legislatures and the President in 2004 The latest development in this democratization process is the implementation of a system for the direct election of regional leaders which began in 2005 the first round of elections across the nation for all governors mayors and district heads was completed in 2008 Authors of the chapters in this volume the result of a workshop in Singapore in 2006 present data from across the archipelago for these first direct elections for local leaders and give their assessment as to how far these elections have contributed to a deepening democracy

Islam, State and Society in Indonesia Yanwar Pribadi, 2018-06-13 Islamic powers in secular countries have presented a challenge for states around the world including Indonesia home to the largest Muslim population as well as the third largest democracy in the world This

book explores the history of the relationships between Islam state and society in Indonesia with a focus on local politics in Madura It identifies and explains factors that have shaped and characterized the development of contemporary Islam and politics in Madura and recognizes and elucidates forms and aspects of the relationships between Islam and politics between state and society between conflicts and accommodations between piety tradition and violence in that area and the forms and characters of democratization and decentralization processes in local politics This book shows how the area s experience in dealing with Islam and politics may illuminate the socio political trajectory of other developing Muslim countries at present living through comparable democratic transformations Madura was chosen because it has one of the most complex relationships between Islam and politics during the last years of the New Order and the first years of the post New Order in Indonesia and because it is a strong Muslim area with a history of a very strong religious as well as cultural tradition than is commonly understood and is largely ignored in literature on Islam and politics Based on extensive sets of anthropological fieldwork and historical research this book makes an important contribution to the analysis of Islam and politics in Indonesia and future socio political trajectory of other developing Muslim countries experiencing comparable democratic transformations It will be of interest to academics in the field of Religion and Politics and Southeast Asian Studies in particular Southeast Asian politics anthropology and history

Politics in Contemporary Indonesia Ken M.P

Setiawan,Dirk Tomsa,2022-03-28 In Politics in Contemporary Indonesia Ken M P Setiawan and Dirk Tomsa analyse the most prominent political ideas institutions interests and issues that shape Indonesian politics today Guided by the overarching question whether Indonesia still deserves its famous label as a model Muslim democracy the book argues that the most serious threats to Indonesian democracy emanate from the fading appeal of democracy as a compelling narrative the increasingly brazen capture of democratic institutions by predatory interests and the narrowing public space for those who seek to defend the values of democracy In so doing the book answers the following key questions What are the dominant political narratives that underpin Indonesian politics How has Indonesia s institutional framework evolved since the onset of democratisation in 1998 How do competing political interests weaken or strengthen Indonesian democracy How does declining democracy affect Indonesia s prospects for dealing with its main policy challenges How does Indonesia compare to other Muslim majority states and to its regional neighbours Up to date comprehensive and written in an accessible style this book will be of interest for both students and scholars of Indonesian politics Asian Studies Comparative Politics and International Relations

The Internet in Indonesia's New Democracy David T. Hill,Krishna Sen,2005-06-28 The Internet in Indonesia s New Democracy is a detailed study of legal economic political and cultural practices surrounding the provision and consumption of the Internet in Indonesia at the turn of the twenty first century Hill and Sen detail the emergence of the Internet into Indonesia in the mid 1990s and cover its growth through the dramatic economic and political crises of 1997 and the subsequent transition to democracy Conceptually the Internet is seen as a global phenomenon with global implications

however this book develops a way of thinking about the Internet within the limits of geo political categories of nations and provinces The political turmoil in Indonesia provides a unique context in which to understand the specific local and national consequences of a global universal technology

Indonesian Presidency, The: Assessing The 2024 Presidential Elections And Beyond Bilveer Singh, 2024-07-30 The book examines the various dynamics involved in Indonesian presidential elections inter alia the political and changing presidential system the history of the presidency the various forces at work in the 2024 presidential elections especially the personalities and political forces involved in the elections and eventually the factors behind the victory of Prabowo Subianto who had tried four times first as a vice presidential candidate and thrice as a presidential candidate and how he won the presidential election in a single round without a runoff The implications of this victory for Indonesia and the wider world are also discussed

Political Parties' Performance at Local Parliament in Indonesia, 2007

Islamism and Democracy in Indonesia Masdar Hilmy, 2010 Most scholarly works conducted within the period of post New Order Indonesia have underlined the fact that Indonesian Islamists reject the notion of democracy no adequate explanation nonetheless has been attempted thus far as to how and to what extent democracy is being rejected This book is dedicated to filling the gap by examining the complex reality behind the Islamists rejection of democracy It focuses its analysis on two streams of Islamism the two Islamist groups that seek extra parliamentary means to achieve their goals that is MMI and HTI and the PKS Islamists who choose the existing political party system as a means of their power struggle As this book has demonstrated there are times when the two streams of Islamism share a common platform of understanding and interpretation as well as an intersection where they are in conflict with one another The interplay between contested meanings over particular theological matters on normative grounds and power contests among the Islamists proves to be critical in shaping this complexity

Party Politics and Democratization in Indonesia Dirk Tomsa, 2008-09-03 Party Politics and Democratization in Indonesia Golkar in the Post Suharto Era provides the first in depth analysis of contemporary Indonesian party politics and the first systematic explanation why Golkar is still the strongest party in Indonesia Applying a multi dimensional conceptual framework of party institutionalization theory the book examines Golkar s organizational infrastructure its decisional autonomy and programmatic platform as well as the party s relations to the mass media Strengths and weaknesses in the individual dimensions of institutionalization are then contrasted with the corresponding levels of institutionalization reached by Indonesia s other major parties Tomsa argues that Golkar remains Indonesia s strongest party because it is better institutionalized than its electoral competitors However while highlighting the former regime party s strengths in key aspects of party institutionalization he also shows that Golkar also has some considerable institutional weaknesses which in 2004 prevented the party from achieving an even better result in the general election As an empirical study on Golkar and Indonesia s other major political parties this book will be of huge interest to students and scholars of Southeast Asian politics political parties and elections and democratization

Democracy in Indonesia Thomas Power, Eve Warburton, 2020-08-19 Indonesia has long been hailed as a rare case of democratic transition and persistence in an era of global democratic setbacks But as the country enters its third decade of democracy such laudatory assessments have become increasingly untenable The stagnation that characterized Susilo Bambang Yudhoyono's second presidential term has given way to a more far reaching pattern of democratic regression under his successor Joko Widodo This volume is the first comprehensive study of Indonesia's contemporary democratic decline Its contributors identify explain and debate the signs of regression including arbitrary state crackdowns on freedom of speech and organization the rise of vigilantism deepening political polarization populist mobilization the dysfunction of key democratic institutions and the erosion of checks and balances on executive power They ask why Indonesia until recently considered a beacon of democratic exceptionalism increasingly conforms to the global pattern of democracy in retreat

Nomination and Selection Process of Indonesian Legislative Candidates, 2005

Political Regimes and the Media in Asia Krishna Sen, Terence Lee, 2008-02-25 This book analyzes the relationship between political power and the media in a range of nation states in East and Southeast Asia focusing in particular on the place of the media in authoritarian and post authoritarian regimes It discusses the centrality of media in sustaining repressive regimes and the key role of the media in the transformation and collapse of such regimes It questions in particular the widely held beliefs that the state can have complete control over the media consumption of its citizens that commercialization of the media necessarily leads to democratization and that the transnational liberal dimensions of western media are crucial for democratic movements in Asia Countries covered include Burma China Indonesia Malaysia Singapore Thailand the Philippines and Vietnam

Constitutional Democracy in Indonesia Melissa Crouch, 2022-11-25 Constitutional Democracy in Indonesia discusses the ongoing debates over the meaning implementation and practice of constitutional democracy in Indonesia Current legal issues are analysed in light of social political and economic reforms since the constitution's entering into force

Localising Power in Post-Authoritarian Indonesia Vedi Hadiz, 2010-01-26 This book is about how the design of institutional change results in unintended consequences Many post authoritarian societies have adopted decentralization effectively localizing power as part and parcel of democratization but also in their efforts to entrench good governance Vedi Hadiz shifts the attention to the accompanying tensions and contradictions that define the terms under which the localization of power actually takes place In the process he develops a compelling analysis that ties social and institutional change to the outcomes of social conflict in local arenas of power Using the case of Indonesia and comparing it with Thailand and the Philippines Hadiz seeks to understand the seeming puzzle of

how local predatory systems of power remain resilient in the face of international and domestic pressures Forcefully persuasive and characteristically passionate Hadiz challenges readers while arguing convincingly that local power and politics still matter greatly in our globalized world **Political Representation in Indonesia** Michael

Hatherell,2019-04-29 This book analyses the transformation of political representation in contemporary Indonesia to argue the need to better understand how political representatives use claims to engage in storytelling about themselves and the community they represent By adopting a new approach that focuses on the cultural and performative aspects of representation and draws on a substantive evidence base of representative claims this book examines common narratives developed by Joko Widodo Tri Rismaharini Basuki Tjahaja Purnama Ridwan Kamil and Nurdin Abdullah Through this analysis the book highlights two key foundations of their claims technocratic focus and innovative engagement This study considers how the ideational power generated through the representative claim making of these leaders interacts and competes with other forms of power Moreover the author emphasises the success of the representative claims developed by the innovative technocrats while noting the impact their emergence has had on the broader context of Indonesian politics An empirical monograph on new and upcoming leaders in Indonesia this book will be of interest to scholars of democracy and democratisation and political change in general and Southeast Asian politics and Indonesian politics in particular *Beyond Free and Fair* Eric Bjornlund,2004-11-02 Publisher Description
