## **Electoral Politics Is Not Enough Racial And Ethnic Minorities And Urban Politics:**

**Electoral Politics Is Not Enough** Peter F. Burns, 2012-02-16 Focusing on four medium sized northeastern cities with strong political traditions *Electoral Politics Is Not Enough* analyzes conditions under which white leaders respond to and understand minority interests Peter F Burns argues that conventional explanations including the size of the minority electorate the socioeconomic status of the citizenry and the percentage of minority elected officials do not account for variations in white leaders understanding of and receptiveness toward African American and Latino interests Drawing upon interviews with more than 200 white and minority local leaders and through analysis of local education and public safety policies he finds that unconventional channels namely neighborhood groups and community based organizations strongly influence the representation of minority interests

**Ethnopolitical Entrepreneurs** Daniel Fittante, 2023-12-15 *Ethnopolitical Entrepreneurs* presents the story of the Armenians of Glendale California Coming from Argentina Armenia Egypt Iran Jordan Lebanon Russia Syria and many other countries this group is internally fragmented and often has limited experience with the American political system Nonetheless Glendale s Armenians have rapidly mobilized and remade an American suburban space in their own likeness In telling their story Daniel Fittante expands our understanding of US political history From the late nineteenth century onward Irish Italian Jewish and several other immigrant populations in large American cities began changing the country s political reality The author shows how Glendale s Armenians as well as many other immigrants are now changing the country s political reality within its dynamic multiethnic suburbs The processes look different in various suburban contexts but the underlying narrative holds immigrant populations converge on suburban areas and ambitious political actors develop careers by driving coethnics political incorporation

**Transforming the City** Marion Orr, 2007 A path breaking book the first to examine the evolution of community organizing in U S cities While embracing mobilization the contributors acknowledge the challenges inherent in globalization and the norms and values that shape contemporary American culture Still they reaffirm that community organizing has an important role to play as part of a broader progressive movement

**Minority Report** John D. Griffin, Brian Newman, 2008-09-15 Are the views of Latinos and African Americans underrepresented in our federal government For that matter what does it mean to be represented equitably Rather than taking for granted a single answer to these complex questions John Griffin and Brian Newman use different measures of political equality to reveal which groups get what they want from government and what factors lead to their successes One of the first books to compare the representation of both African Americans and Latinos to that of whites *Minority Report* shows that congressional decisions and federal policy tend to mirror the preferences of whites as a group and as individuals better than the preferences of either minority group even after accounting for income disparities This is far from the whole story though and the authors multifaceted approach illustrates the surprising degree to which group population size an issue s level of importance the race or ethnicity of an office holder and electoral turnout can affect how

well government action reflects the views of each person or group Sure to be controversial Minority Report ultimately goes beyond statistical analyses to address the root question of what equal representation really means *Latinos in New York* Sherrie Bayer,Angelo Falcón,Gabriel Haslip-Viera,2017-06-23 Significant changes in New York City s Latino community have occurred since the first edition of *Latinos in New York Communities in Transition* was published in 1996 The Latino population in metropolitan New York has increased from 1.7 million in the 1990s to over 2.4 million constituting a third of the population spread over five boroughs Puerto Ricans remain the largest subgroup followed by Dominicans and Mexicans however Puerto Ricans are no longer the majority of New York s Latinos as they were throughout most of the twentieth century *Latinos in New York Communities in Transition* second edition is the most comprehensive reader available on the experience of New York City s diverse Latino population The essays in Part I examine the historical and sociocultural context of Latinos in New York Part II looks at the diversity comprising Latino New York Contributors focus on specific national origin groups including Ecuadorians Colombians and Central Americans and examine the factors that prompted emigration from the country of origin the socioeconomic status of the emigrants the extent of transnational ties with the home country and the immigrants interaction with other Latino groups in New York Essays in Part III focus on politics and policy issues affecting New York s Latinos The book brings together leading social analysts and community advocates on the Latino experience to address issues that have been largely neglected in the literature on New York City These include the role of race culture and identity health the criminal justice system the media and higher education subjects that require greater attention both from academic as well as policy perspectives Contributors Sherrie Bayer Juan Cartagena Javier Castaño Ana María Díaz Stevens Angelo Falcón Juan Flores Gabriel Haslip Viera Ramona Hernández Luz Yadira Herrera Gilbert Marzán Ed Morales Pedro A. Noguera Rosalva Reyes Clara E. Rodríguez José Ramón Sánchez Walker Simon Robert Courtney Smith Andrés Torres and Silvio Torres Saillant *Social Movements and Activism in the USA* Stephen Valocchi,2009-09-10 *Social Movements and Activism* puts front and center the stories rhetoric and emotions of progressive activists from Hartford Connecticut a post industrial city in neo liberal nation Resisting the impulse to flatten the myriad voices of activism but refusing to leave these voices without context *Social Movements and Activism* uses analytic concepts from social movement theory to assist these activists in telling us who they are why and how they do activism and what conflicts tensions and satisfactions they derive from it **Rethinking Community Resilience** Min Hee Go,2021-08-03 Explores the unintended consequences of civic activism in a disaster prone city After Hurricane Katrina thousands of people swiftly mobilized to rebuild their neighborhoods often assisted by government organizations nonprofits and other major institutions In *Rethinking Community Resilience* Min Hee Go shows that these recovery efforts are not always the panacea they seem to be and can actually escalate the city s susceptibility to future environmental hazards Drawing upon interviews public records and more Go explores the hidden costs of community resilience She shows that despite good intentions recovery efforts after Hurricane

Katrina exacerbated existing race and class inequalities putting disadvantaged communities at risk Ultimately Go shows that when governments nonprofits and communities invest in rebuilding rather than relocating they inadvertently lay the groundwork for a cycle of vulnerabilities As cities come to terms with climate change adaptation rather than prevention Rethinking Community Resilience provides insight into the challenges communities increasingly face in the twenty first century

*Political Corruption in Bridgeport* Rob Sullivan, 2014-05-20 First incorporated in 1836 Bridgeport is notorious for a raucous political history that includes both liberating accomplishments and salacious scandals From a state senator who spent several years in prison for racketeering to a mayor who was caught taking drugs while in office Bridgeport has had its fair share of unlawful politicians The political playground of the city has also seen invigorating leaders who fought hard to bring jobs industries and prosperity to the community The city's most famous mayor was none other than circus impresario P T Barnum Discover the stories behind some of the most contentious elections like the alleged ballot stuffing that ended the twenty four year era of socialist mayor Jasper McLevy or the power politics and threats that landed John Mandanici in office Join author and reporter Rob Sullivan as he brings the Park City's fiery political history alive
