Abstract

This article examines the poetics and politics of place in Italian/American culture and in Tina De Rosa's novel *Paper Fish* (1980), particularly its portrayal of 'elegies and genealogies of place', an appropriate framework through which to read the importance of spatial belonging. It investigates the way in which cultural identity is mostly built on both imagined communities and imagined places, as is common in migrant and diasporic cultures, through the evocation or creation of ancestors and the homeland. In addition, the Italian/American community leaves the characteristic Little Italy enclaves or undergoes displacement due to urban renewal projects and the move to the suburbs in the mid-twentieth century, which is sometimes compared to a second migration or diaspora. As a consequence, former urban enclaves come to assume a centrality as lost sanctuaries, which is captured in the trope of the Old Neighbourhood. The article contributes to existing contemporary research on the binomial place-identity by tracing how key events of US urban history impacted on Italian/American culture. Furthermore, the goal is to offer new critical readings of *Paper Fish* through the focus on place-making.

Keywords: Italian/American culture, Little Italy, (sub)urban migrations, imagined places, place-making.

Rilke Charlie Louth, 2020-06-19 The life of Rilke s work is in its words and this book attends closely to the development of that life as it unfolds over Rilke s career What is a poem and how does it act upon us when we read This is a question of the greatest interest to Rilke who addresses it in several poems and for whom the experience of reading affords an interaction with the world a recalibration of our ways of attending to it which set it apart from other kinds of experience

Rilke's work is often approached in periods he is the author of the *Neue Gedichte* or of *Malte* or of the *Duino Elegies* or of the *Sonette an Orpheus* as if the different phases of his work had little to do with one another but in fact it is a concentrated and evolving exploration of the possibilities of poetic language a working of the life of words into precise and exacting forms in dialogue with the texture of the world This book traces that trajectory in a series of close readings that do not neglect the lesser known uncollected poems and the poems in French as well as Rilke's activity as a translator of Michelangelo Shakespeare Barrett Browning Mallarmé and Valéry among many others These encounters were part of Rilke's engagement with the world his way of extending the reach of his language to get it ever closer to the ungraspable movements the risk and promise of life itself One of his best known poems ends with the words You must change your life an injunction that can be seen to animate the whole of his work

Poetry in Exile Josef Hrdlička, 2020-09-01 In his book Josef Hrdlička opens the question of what exactly constitutes Exile Poetry and indeed whether it amounts to a category as fundamental as Romantic or Bucolic lyricism He covers the intricately complex and diverse topic of exile by exploring selected literary texts from antiquity to the present giving due attention to writers that have influenced the exile discourse from Ovid Goethe and Baudelaire to the thinkers and poets of the 20th century like Adorno or Saint John Perse Against this backdrop of exile poetics he turns his attention to Czech poets who left their homeland after the Communist Coup of 1948 and were notable contributors to Czech literature abroad Hrdlička considers the works of Ivan Blatný Milada Součková Ivan Diviš and Petr Král to show the continuity and changes in the western poetic tradition and expressions of exile

Rilke: The Last Inward Man Lesley Chamberlain, 2022-08-30 An incisive and intimate account of the life and work of the great poet Rilke exploring the rich interior world he created in his poetry When Rilke died in 1926 his reputation as a great poet seemed secure But as the tide of the critical avant-garde turned he was increasingly dismissed as apolitical as too inward In *Rilke: The Last Inward Man* acclaimed critic Lesley Chamberlain uses this charge as the starting point from which to explore the expansiveness of the inner world Rilke created in his poetry Weaving together searching insights on Rilke's life work and reception Chamberlain casts Rilke's inwardness as a profound response to a world that seemed ever more lacking in spirituality In works of dazzling imagination and rich imagery Rilke sought to restore spirit to Western materialism encouraging not narrow introversion but a heightened awareness of how to live with the world as it is of how to retain a

sense of transcendence within a world of collapsed spiritual certainty
