Elements and Components of Educational Psychology, 2013

Educational Psychology Walter Bernard Kolesnik, 1963

An Introduction to Educational Psychology Edgar Stones, 2012-05-04 This book introduces students of education to the elements of educational psychology It also relates as closely as possible the findings of research to classroom practice In order to make clear the fundamental processes involved in psychological development the book starts with a study of the way in which the young child adapts its behaviour to its environment This study considers some of the key aspects of physical development mainly the central nervous system At the same time the way physical growth and psychological development are influenced by the experience of the individual is also discussed This discussion of development is followed by an examination of the processes of learning with particular attention paid to the works of Piaget The salient points of each chapter are brought together in a summary which may be used by the reader to obtain a preliminary overview of the content of the chapter and as an aid to revision

The Elements of Education for Curriculum Designers Rebecca Strauss, Austin Volz, William Lidwell, 2022-12-30 How should curriculum designers translate abstract learning outcomes into engaging learning experiences that get results What is the right balance between depth and breadth or between content and skills What methods should be used to continuously improve a curriculum over time To answer these kinds of questions the authors combined research from cutting edge fields with their own first hand experience to carefully curate fifty essential elements that demystify the work of curriculum design Written for utility clarity and practical value this book provides indispensable professional development for educators working in a wide range of fields from teachers and school leaders to educational publishers and instructional designers The elements included are applicable across primary secondary and higher education as well as for workforce development programs The Elements of Education for Curriculum Designers is an invaluable resource for anyone aiming to help others learn more effectively
