**Eleusis** Carl Kerényi, 2020-06-16 The Sanctuary of Eleusis near Athens was the center of a religious cult that endured for nearly two thousand years and whose initiates came from all parts of the civilized world Looking at the tendency to see visions C Kerényi examines the Mysteries of Eleusis from the standpoint not only of Greek myth but also of human nature Kerényi holds that the yearly autumnal mysteries were based on the ancient myth of Demeter's search for her ravished daughter Persephone a search that he equates not only with woman's quest for completion but also with every person's pursuit of identity As he explores what the content of the mysteries may have been for those who experienced them he draws on the study of archaeology objects of art and religious history and suggests rich parallels from other mythologies

Dionysus, Christ, and the Death of God, Volume 1 Giuseppe Fornari,2020-09-01 This magisterial reflection on the history and destiny of the West compares Greco Roman civilization and the Judeo Christian tradition in order to understand what both unites and divides them Mediation understood as a collective symbolic experience gives society unity and meaning putting human beings in contact with a universal object known as the world or reality But unity has a price the very force that enables peaceful coexistence also makes us prone to conflict As a result in order to find a common point of convergence of at one ment someone must be sacrificed Sacrifice then is the historical pillar of mediation It was endorsed in a cosmic religious sense in antiquity and rejected for ethical reasons in modernity where the Judeo Christian tradition plays an intermediate role in condemning sacrificial violence as such while accepting sacrifice as a voluntary act offered to save other human beings Today as we face the collapse of all shared mediations this intermediating solution offers a way out of our moral and cultural plight

**The Book of Immortality** Adam Gollner,2014-09-30 An exploration of one of the most universal human obsessions charts the rise of longevity science from its alchemical beginnings to modern day genetic interventions and enters the world of those whose lives are shaped by a belief in immortality

Psychological Healing Paul C. Larson,2017-05-17 This book is intended as a text in the history and philosophy of professional psychology It takes a broad view of psychological healing and traces the history of this endeavor from prehistoric times down to the present The story should be useful not only to graduate students in professional psychology but to others in the psycho social or behavioral health fields It emphasizes the

importance of multicultural and diversity issues by covering a wide swath of relevant world history to help students understand the cultural matrix that is behind the many people we serve America is a nation of immigrants and they bring with them the legacy of their varied backgrounds A major metaphor is the stream of transmission We practice based on what our teachers knew we improve upon them and in turn pass them on to our students This extended lineage of psychological healing can be summed in four archetypal roles the shaman and priest the physician the teacher and the scientist Modern professional psychology incorporates all of those and this book seeks to tell that story      **The Door in the Sky** Ananda K. P. Sullivan, 1987-04-15 One of the reasons for the study of the Greek and Roman classics is their perpetual relevance In no area can this position be more clearly defended than in the investigation of the feminine condition for it was here that basic attitudes derogatory to the sex were molded by legal and social systems by philosophers and poets and by the thinking of men long since gone Women in the Ancient World brings together essays that examine philosophy social history literature and art and that extend from the early Greek period through the Roman Empire Their wide range of critical perspectives throws new light on the personal political socio economic and cultural position of women      *The True Origins of Jesus* Colm Holland, 2022-12-09 The True Origins of Jesus by Geoff Roberts will save you years of research by giving the answers your inquiring mind is thirsting for It bridges the gap between truth and myth with a common sense that is difficult to find these days in discourses about Jesus Dean Wilkinson Founder of Epochwork com With all the evidence compiled in this book including some which has only come to light relatively recently you can draw your own conclusions from a story which will look very different to the one you learned at school Was Jesus Christ a mythical figure who was never intended by the early founders of the religion to be a walking talking historical person By examining the earliest historical sources referred to in this book with an open mind you will be free to decide who Jesus is for you today      **Ancient Greece** Matthew Dillon, Lynda Garland, 2005-10-24 First Published in 1999 Routledge is an imprint of Taylor Francis an informal company      Redefining Dionysos Alberto Bernabé, Miguel Herrero de Jáuregui, Ana Isabel Jiménez San Cristóbal, Raquel

Martín Hernández,2013-06-26 This book contributes to the understanding of Dionysos the Greek god of wine dancing theatre and ecstasy by putting together 30 studies of classical scholars They combine the analysis of specific instances of particular dimensions of the god in cult myth literature and iconography with general visions of Dionysos in antiquity and modern times Only from the combination of different perspectives can we grasp the complex personality of Dionysos and the forms of his presence in different cults literary genres and artistic forms from Mycenaean times to late antiquity The ways in which Dionysos was experienced may vary in each author each cult and each genre in which this god is involved Therefore instead of offering a new all encompassing theory that would immediately become partial the book narrows the focus on specific aspects of the god Redefinition does not mean finding again the essence of the god but obtaining a more nuanced knowledge of the ways he was experienced and conceived in antiquity
