Good Man Of Nanking:

The Good Man of Nanking John Rabe, 2000-03-14 The Good Man of Nanking is a crucial document for understanding one of World War II's most horrific incidents of genocide one which the Japanese have steadfastly refused to acknowledge. It is also the moving and awe-inspiring record of one man's conscience, courage, and generosity in the face of appalling human brutality. Until the recent emergence of John Rabe's diaries, few people knew about the unassuming hero who has been called the Oskar Schindler of China. In November 1937, as Japanese troops overran the Chinese capital of Nanking and began a campaign of torture, rape, and murder against its citizens, one man, a German who had lived in China for thirty years and who was a loyal follower of Adolph Hitler, put himself at risk and in order to save the lives of 200,000 poor Chinese, 600 of whom he sheltered in his own home.

The Good German of Nanking John Rabe, 1999 In 1937, as the invading Japanese Army closed on Nanking, then the capital of China, all foreigners were ordered to evacuate. One man, a mild 55-year-old German named John Rabe, who ran the local Siemens factory, refused on the grounds that it would show a bad example to his Chinese workers. Sending his wife and family to safety, he watched in horror as the Japanese began to wipe out the population. Hastily contacting the tiny remaining community of foreigners and using the flimsy authority of a pact Hitler had made with the Japanese, Rabe spent months safeguarding and providing refuge for thousands of Chinese, often interposing himself physically between the executioners and their victims. It is estimated that he saved between 250,000 and 300,000 lives by his efforts. And every night he would write up his diary of these extraordinary events. **THE GOOD GERMAN OF NANKING** is Rabe's story in his own words, the amazing testament to one of the hitherto unsung heroes of the twentieth century.

The Nanking Atrocity, 1937-1938 Bob Tadashi Wakabayashi, 2017-08-01 First published in 2007, **The Nanking Atrocity** remains an essential resource for understanding the massacre committed by Japanese soldiers in Nanking, China, during the winter of 1937-38. Through a series of deeply considered and empirically rigorous essays, it provides a far more complex and nuanced perspective than that found in works like Iris Chang's bestselling *The Rape of Nanking*. It systematically reveals the flaws and exaggerations in Chang's book while deflating the self-exculpatory narratives that persist in Japan even today. This second edition includes an extensive new introduction by the editor reflecting on the historiographical developments of the last decade in advance of the 80th anniversary of the massacre.

Tower of Skulls Richard B. Frank, 2020-03-03 A sweeping epic promises to do for the war in the Pacific what Rick Atkinson did for Europe. James M. Scott, author of *Rampage*. In 1937, the swath of the globe east from India to the Pacific Ocean encompassed half the world's population. Japan's onslaught into China that year unleashed a tidal wave of events that fundamentally transformed this region and killed about twenty-five million people. This extraordinary World War II narrative vividly portrays the battles across this entire region and links those struggles on many levels with their profound twenty-first-century legacies. In this first volume of a trilogy, award-winning historian Richard B. Frank draws on rich archival research and recently discovered documentary evidence to tell an epic story.

represents the first English language academic attempt to analyze the Nanjing Massacre in such detail and scope. The book examines massacres and other killings in addition to other war crimes such as rape, looting and burning. These atrocities are then explored further via a historical analysis of Chinese survivors' testimony, Japanese soldiers' diaries, Westerners' eyewitness accounts, the news coverage from American and British correspondents, and American, British, and German diplomatic dispatches. Further, the book explores issues such as the role and function of the International Committee for Nanking Safety Zone, burial records of massacre victims, post-war military tribunals, controversies over the Nanjing Massacre, and the 100 Man Killing Contest. This book is intended for all researchers, scholars, graduate and undergraduate students, and members of the general public who are interested in Second World War issues, Sino-Japanese conflicts, Sino-Japan relations, war crimes, atrocity, and Holocaust studies, military tribunals for war crimes, Japanese atrocities in China, and the Nanjing Massacre.

Terror in Minnie Vautrin's Nanjing Minnie Vautrin, 2024-04-22 In December of 1937 the Japanese Imperial Army marched into China's capital city of Nanjing and launched six weeks of carnage that would become known as the Rape of Nanjing. In addition to the deaths of Chinese POWs and civilians, tens of thousands of women were raped, tortured, and killed by Japanese soldiers. In this traumatic environment, both native and foreign-born inhabitants of Nanjing struggled to carry on with their lives. This volume collects the diaries and correspondence of Minnie Vautrin, a farmgirl from Illinois who had dedicated herself to the education of Chinese women at Ginling College in Nanjing. Faced with the impending Japanese attack, she turned the school into a sanctuary for ten thousand women and girls. Vautrin's firsthand accounts of daily life in Nanjing and the intensifying threat of Japanese invasion reveal the courage of the occupants under siege: Chinese nationals as well as Western missionaries, teachers, surgeons, and business people, and the personal costs of violence in wartime. Thanks to Vautrin's painstaking effort in keeping a day-to-day account, present-day readers are able to examine this episode of history at close range through her eyes. With detailed maps, photographs, and carefully researched in-depth annotations, *Terror in Minnie Vautrin's Nanjing: Diaries and Correspondence 1937-38* presents a comprehensive and detailed daily account of the events and of life during the horror-stricken days within the city walls and in particular on the Ginling campus. Through chronologically arranged diaries, letters, reports, documents, and telegrams, Vautrin bears witness to those terrible events and to the magnitude of trauma that the Nanjing Massacre exacted on the populace. Jonathan Friedman, William Hewitt, 2016-10-27 The organization Genocide Watch estimates that 100 million civilians around the globe have lost their lives as a result of genocide in only the past sixty years. Over the same period, the visual arts in the form of documentary footage has aided international efforts to document genocide and prosecute those responsible, but this book argues that fictional representation occupies an equally important and problematic place in the process of shaping minds on the subject. Edited by two of the leading experts in the field, *The History of Genocide in Cinema* analyzes fictional and semi-fictional portrayals of genocide, focusing on, amongst others, the repression of indigenous populations in Australia.

Witnessing the Witness of War Crimes, Mass Murder, and Genocide Manuela Consonni, Philip Galland Nord, 2023-07-24 Rethinking the concepts of witnessing and witness is highly relevant to the study of war crimes, mass murder, and genocide. Through multiple readings, the volume shows the meanings and functions of witnessing in a political and historical context marked by the emergence of multiculturalism. The ultimate goal is the exploration of divergent and intersectional positions of the witness and witnessing as both concrete and hermeneutical categories. As a result, the mechanisms of social, political, and psychological oppression, murder, and genocide will become tangible and understandable with greater precision and finesse.

Between China and Japan Joshua A. Fogel, 2015-05-12 Over the past thirty-five years, Joshua Fogel has pioneered the study of Sino-Japanese cultural and political relations understood as the intersections of the histories of these two countries. This volume brings together many of his essays and reviews in this new field. For a variety of reasons discussed within, scholars have been reluctant to look at these two nations' historical connections, either through comparative analysis or actual interactions. Fogel's work has focused squarely here. Among the issues addressed are Japanese scholarly views of modern China and Chinese history; Chinese considerations of the Japanese language in the Ming and Qing periods; the Japanese immigration to the East Asian Mainland, especially to Shanghai and Harbin; and more.

Nanjing 1937 Peter Harmsen, 2015-11-17 A true story of the Sino-Japanese conflict. A valuable account of a little-known event and a grim reminder of the darker side of war. Military History Monthly. The infamous Rape of Nanjing looms like a dark shadow over the history of Asia in the twentieth century and is among the most widely recognized chapters of World War II in China. By contrast, the story of the month-long campaign before this notorious massacre has never been told in its entirety. **Nanjing 1937** by Peter Harmsen fills this gap. This is the follow-up to Harmsen's bestselling *Shanghai 1937: Stalingrad on the Yangtze* and begins where that book left off. In stirring prose, it describes how the Japanese Army, having invaded the mainland and emerging victorious from the Battle of Shanghai, pushed on toward the capital, Nanjing, in a crushing advance that confirmed its reputation for bravery and savagery in equal measure. While much of the struggle over Shanghai had carried echoes of the grueling war in the trenches two decades earlier, the Nanjing campaign was a fast-paced mobile operation in which armor and air power played major roles. It was blitzkrieg two years before Hitler's invasion of Poland. Facing the full might of modern mechanized warfare, China's resistance was heroic but ultimately futile. As in Shanghai, the battle for Nanjing was more than a clash between Chinese and Japanese soldiers; and citizens of a variety of nations witnessed or took part in the hostilities. German advisors, American journalists, and British diplomats all played important parts in this vast drama. And a new power appeared on the scene: Soviet pilots dispatched by Stalin to challenge Japan's control of the skies. This epic tale is told with verve and attention to detail by Harmsen, a veteran East Asia correspondent who consolidates his status as the

foremost chronicler of World War II in China with this path breaking work of narrative history
