Good Reasons And Persuasive Force A Pragmatic Approach:

Good Reasons and Persuasive Force Thomas M. Olschewsky, 1983 Giving Reasons Lilian Bermejo Luque, 2011-07-31 This book provides a new linguistic approach to Argumentation Theory Its main goal is to integrate the logical dialectical and rhetorical dimensions of argumentation in a model providing a unitary treatment of its justificatory and persuasive powers This model takes as its basis Speech Acts Theory in order to characterize argumentation as a second order speech act complex The result is a systematic and comprehensive theory of the interpretation analysis and evaluation of arguments This theory sheds light on the many faces of argumentative communication verbal and non verbal monological and dialogical literal and non literal ordinary and specialized The book takes into consideration the major current comprehensive accounts of good argumentation Perelman s New Rhetoric Pragma dialectics the ARG model the Epistemic Approach and shows that these accounts have fundamental weaknesses rooted in their instrumentalist conception of argumentation as an activity oriented to a goal external to itself Furthermore the author addresses some challenging meta theoretical questions such as the justification problem for Argumentation Theory models and the relationship between reasoning and arguing

Lawson, Donald F. Koch, 2004-04-21 A collection of essays examining a pragmatic approach to racism How should pragmatists respond to and contribute to the resolution of one of America s greatest and most enduring problems Given that the most important thinkers of the pragmatist movement Charles S Peirce William James John Dewey and George Herbert Mead said little about the problem of race how does their distinctly American way of thinking confront the hardship and brutality that characterizes the experience of many African Americans in this

country In twelve thoughtful and provocative essays contemporary American pragmatists connect ideas with action and theory with practice to come to terms with this seemingly intractable problem Exploring themes such as racism and social change the value of the concept of race the role of education in ameliorating racism and the place of democracy in dealing with the tragedy of race the voices gathered in this volume consider how pragmatism can focus new attention on the problem of race Contributors are Michael Eldridge Eddie S Glaude Jr Judith M Green D Micah Hester Donald F Koch Bill E Lawson David E McClean Gregory F Pappas Scott L Pratt Alfred E Prettyman John R Shook Paul C Taylor and Cornel West

Critique of Violence Beatrice Hanssen, 2014-02-25 Critique of Violence is a highly original and lucid investigation of the heated controversy between poststructuralism and critical theory Leading theorist Beatrice Hanssen uses Walter Benjamin's essay Critique of Violence as a guide to analyse the contentious debate shifting the emphasis from struggle to dialogue between the two parties Regarding the questions of critique and violence as the major meeting points between both traditions Hanssen positions herself between the two in an effort to investigate what critical theory and poststructuralism have to offer each other In the course of doing so she assembles imaginative new readings of Benjamin Arendt Fanon and Foucault and incisively explores the politics of recognition the violence of language and the future of feminist theory This groundbreaking book will be essential reading for all students of continental philosophy political theory social studies and comparative literature Also available in this series Essays on Otherness Hb 0 415 13107 3 50 00 Pb 0 415 13108 1 15 99 Hegel After Derrida Hb 0 415 17104 4 50 00 Pb 0 415 17105 9 15 99 The Hypocritical Imagination Hb 0 415 21361 4 47 50 Pb 0 415 21362 2 15 99 Philosophy and Tragedy Hb 0 415 19141 6 45 00 Pb 0 415 19142 4 14 99 Textures of Light Hb 0 415 14273 3 42 50 Pb 0 415 14274 1 13 99 Very Little Almost Nothing Pb 0 415 12821 8 47 50 Pb 0 415 12822 6 15 99

Argumentation and Language — Linguistic, Cognitive and Discursive Explorations Steve Oswald, Thierry Herman, Jérôme Jacquin, 2018-03-08 This volume focuses on the role language plays at all levels of the argumentation process It explores the effects that specific linguistic choices may have in the production and the reception of arguments and in doing so it moves beyond the first necessary descriptive stance provided by current literature on the topic Each chapter provides an original take illuminating one or more of the following three issues the range of linguistic resources language users draw on as they argue how cognitive processes of meaning construction may influence argumentative practices and which discursive devices can be used to fulfil a number of argumentative goals The volume includes theoretical and empirical or applied stances providing the reader both with state of the art reflections on the relationship between argumentation and language and with concrete examples of how this relationship plays out in naturally occurring argumentative practices such as classroom interaction and political parliamentary or journalistic discourse This is a very original timely and welcome contribution to the study of argumentation conducted with the tools of the language sciences The collection of papers relevantly tackles key linguistic discursive and cognitive aspects of argumentative practices whose treatment is underrepresented in mainstream

argumentation studies by offering new and exciting linguistically grounded theoretical accounts As such the volume testifies both to the vigour of the linguistic current within the discipline and to the high standards of scholarly commitment and quality that the younger generation is pushing forward Without question this book marks an important milestone in the relationships between linguistics and argumentation theory Christian Plantin Professor Emeritus **The Routledge Handbook of Language and Persuasion** Jeanne Fahnestock, Randy Allen Harris, 2022-09-30 This handbook provides a wide ranging authoritative and cutting edge overview of language and persuasion Featuring a range of international contributors the handbook outlines the basic materials of linguistic persuasion sound words syntax and discourse and the rhetorical basics that they enable such as appeals argument schemes arrangement strategies and accommodation devices After a comprehensive introduction that brings together the elements of linguistics and the vectors of rhetoric the handbook is divided into six parts Part I covers the basic rhetorical appeals to character the emotions argument schemes and types of issues that constitute persuasion Part II covers the enduring effects of persuasive language from humor to polarization while a special group of chapters in Part III examines figures of speech and their rhetorical uses In Part IV contributors focus on different fields and genres of argument as entry points for research into conventions of arguing Part V examines the evolutionary and developmental roots of persuasive language and Part VI highlights new computational methods of language analysis This handbook is essential reading for those researching and studying persuasive language in the fields of linguistics rhetoric argumentation communication discourse studies political science psychology digital studies mass media and journalism **British Paperbacks in Print** ,1985 **Powerful Arguments** ,2020-03-02 The essays in Powerful Arguments reconstruct the standards of validity underlying argumentative practices in a wide array of late imperial Chinese discourses from the Song through the Qing dynasties The fourteen case studies analyze concrete arguments defended or contested in areas ranging from historiography philosophy law and religion to natural studies literature and the civil examination system By examining uses of evidence habits of inference and the criteria by which some arguments were judged to be more persuasive than others the contributions recreate distinct cultures of reasoning Together they lay the foundations for a history of argumentative practice in one of the richest scholarly traditions outside of Europe and add a chapter to the as yet elusive global history of rationality Approaches to Grammaticalization Elizabeth Closs Traugott, Bernd Heine, 1991-10-15 The study of grammaticalization raises a number of fundamental theoretical issues pertaining to the relation of langue and parole creativity and automatic coding synchrony and diachrony categoriality and continua typological characteristics and language specific forms etc and therefore challenges some of the basic tenets of twentieth century linguistics This two volume work presents a number of diverse theoretical viewpoints on grammaticalization and gives insights into the genesis development and organization of grammatical categories in a number of language world wide with particular attention to morphosyntactic and semantic pragmatic issues The papers in Volume I

are divided into two sections the first concerned with general method and the second with issues of directionality Those in Volume II are divided into five sections verbal structure argument structure subordination modality and multiple paths of grammaticalization

Interpersonal Pragmatics Miriam A. Locher, Sage L. Graham, 2010 This handbook focuses on the interpersonal aspects of language in use exploring key concepts such as face im politeness identity or gender as well as mitigation respect deference and humour in a variety of settings The volume includes theoretical overviews as well as empirical studies from experts in a range of disciplines within linguistics and communication studies and provides a multifaceted perspective on both theoretical and applied approaches to the role of language in relational work

Exploring Latin: Structures, Functions, Meaning Lucie Pultrová, Martina Vaníková, 2024-11-18 This two volume work contains a selection of papers first presented at the 22nd International Colloquium on Latin Linguistics held in Prague 2023 The papers address important issues in Latin linguistics with a variety of theoretical and methodological approaches The first volume Word contains texts concerning Latin phonology etymology flexion and derivation and lexical semantics both with respect to individual words and to entire word classes Both diachronic and synchronic perspectives are employed in the discussion of the various issues The second volume Clause and Discourse includes papers dealing with issues of syntax and semantics and with the structure of texts and pragmatic aspects One of the subchapters entitled Conversation and Dialogue contains papers presented at the conference in a separate workshop of the same name linked by a common methodological framework of Conversation Analysis This book provides essential texts for researchers in the field of Latin linguistics and may also be of use to linguists who work primarily with other languages

Methodology of Uniform Contract Law Maren Heidemann, 2007-02-23 Despite ever growing international trade and dispute settlement a consistent international methodology of uniform private law has yet to be formed The potential of uniform law has not yet been fully recognised In this book the author examines uniform contract law comprehensively in all relevant areas of legal doctrine and practice and considers the barriers which exist toward it in modern nation states namely in the German and English legal systems She suggests ways in which these barriers can be overcome and develops an autonomous methodology of interpretation of transnational contract principles The author wants to encourage the use of existing uniform transnational law rules such as the UNIDROIT Principles of International Commercial Contracts which are analysed here as an example

Arguments and Reason-Giving Matthew W. McKeon, 2024 Arguments figure in our everyday practices of giving reasons For example we use arguments to advance reasons to explain why we believe or did something to justify our beliefs or actions to persuade others to do or to believe something and to advance reasons to worry or to fear that something is true This book is about our uses of arguments to advance their premises as reasons for believing their conclusions i e as reasons for believing that their conclusions are true What exactly is involved when you successfully use an argument to advance the premises as reasons for believing the conclusion Philosopher Matthew W McKeon suggests there is more involved than one might think
