A Theology of Matthew's Gospel Michael J. Wilkins, 2025-10-07 A Theology of Matthew's Gospel develops the perspective that Matthew wrote his Gospel to identify defend and proclaim Jesus Immanuel God with us as the Davidic Messiah who fulfilled the OT expectations of humanity's redemption Matthew's Gospel establishes Jesus's identity as the heir to the promises of Israel's throne through King David and heir to the promises of blessing to all the nations through the patriarch Abraham 1 1 So this first Gospel offers evangelistic hope in Jesus's message of the gospel to Jews contending that they should turn to Jesus as their long awaited Messiah Matt 11 2 6 But strikingly Matthew's Gospel also offers evangelistic hope to Gentiles emphasizing that salvation through Jesus Messiah is available to all the nations 28 19 The book emphasizes the three horizons that comprise Matthew's gospel history theology and literature The first horizon focuses on Jesus's history ministry Here Matthew provides for us a record of God's activities in history in the arrival of Jesus Messiah and the kingdom of heaven The second horizon develops Matthew's theological perspective for his audience's Here we attempt to understand and isolate Matthew's unique theological perspective of God's activities in Jesus Messiah This is a central focus emphasizing Matthew's theological perspective of the Old Testament Christology the kingdom of heaven discipleship the Church church Israel past present and future the death and resurrection of Jesus mission commission and eschatology eternity The third horizon emphasizes today's reader's engaging with Matthew's Gospel as literature Here we attempt to capture the significance of the perspective of today's reader's understanding of Jesus Messiah's activities in history and Matthew's theological perspective for the contemporary church In this book we view Matthew's perspective of God's activities in Jesus's unfolding earthly ministry The alternating sections of narrative and discourse provide for his readers Jesus's example to follow and Jesus's words to obey Therefore Matthew's Gospel is at least in a part a manual on discipleship to Jesus Messiah in the kingdom of heaven In the six Narratives Matthew reveals Jesus's true identity in his deeds and introduces themes that will lead to instructions to Jesus's disciples in the Discourses The six Narratives provide the example that Jesus's disciples are commanded to obey In the five Discourses Matthew records Jesus's instructions commands parables directives and prophecies that will guide his followers in their discipleship to Jesus until the end of the age Combined the narratives of Jesus

s life provide Jesus's example to follow and the discourses give Jesus's instructions to obey and are the basis of our ongoing transformation to become like Jesus

Matthew's Theological Grammar Joshua E. Leim, 2015-10-19 Are the identity of God and Jesus Christ inseparably related in Matthew's Gospel Joshua E Leim argues for this relationship in Matthew's narrative by attending to two linguistic patterns woven deeply into the entire narrative's presentation of Jesus Matthew's christological use of worship language and his paternal filial idiom Back cover

Mothers on the Margin? E. Anne Clements, 2014-05-01

The Gospel of Matthew opens with a patrilineal genealogy of Jesus that intriguingly includes five women Tamar Rahab Ruth she of Uriah and Mary In a gospel that has a strongly Jewish and male orientated outlook why are women incorporated In particular why include these four Old Testament women alongside Mary Rejecting traditional as well as feminist views Anne Clements undertakes a close literary reading of the narratives to discern how each woman is characterized and presented All are significant scriptural figures on the margins of Israelite society From this intertextual world established by Matthew Clements explores why Matthew may have named these women in the opening genealogy and what implications their inclusion may have for the ongoing gospel narrative Mothers on the Margin argues that Matthew s Gospel contains a counter narrative focused on women The presence of the five women in the genealogy indicates that the birth of the Messiah will bring about a crisis in Israel s identity in terms of ethnicity marginality and gender The women signal that Matthew s Gospel is concerned with the construal of a new identity for the people of God

Can "White" People Be Saved? Love L. Sechrest, Johnny Ramirez-Johnson, Amos Yong, 2018-11-06 White normativity as a way of being in the world has been parasitically joined to Christianity and this is the ground of many of our problems today Written by a world class roster of scholars this volume develops language to describe the current realities of race and racism challenging evangelical Christianity to think more critically and constructively about race ethnicity migration

and mission in relation to white supremacy **A Scribe Trained for the Kingdom of Heaven** David M. Moffitt, Isaac Augustine Morales, O.P., 2021-08-19 Stimulated by the signal contributions that New Testament scholar Richard B Hays has made to Christology and Christian ethics the essays collected here carry forward conversations involving close studies of particular passages in the Gospels and Epistles and wider ranging forays into big questions in those fields Some essays build on Hays's work pushing forward in new directions on questions of scriptural intertextuality Christology and participation in Christ Others challenge his work on questions of method and substance alike But all reflect appreciation for the advances made by this giant of twentieth and twenty first century New Testament scholarship Matthew's New David at the End of Exile Nicholas G. Piotrowski, 2016-09-07 Matthew crowds more Old Testament quotations and allusions into the prologue than anywhere else in his gospel In this volume Nicholas G Piotrowski demonstrates the narratological and rhetorical effects of such frontloading Particularly seven formula quotations constellate to establish a redemptive historical setting inside of which the rest of the narrative operates This setting is defined by Old Testament expectations for David's great son to end Israel's exile and rule the nations Piotrowski contends that the rhetorical effect of this intertextual storytelling was to provide the Matthean community with an identity in a contentious atmosphere in terms of God's historical design for the ages now fulfilled in Jesus and his followers **Like a Hammer Shattering Rock** Megan McKenna, 2013-02-05 Renowned Catholic author Megan McKenna celebrates her 50th book with a controversial interpretation of the Gospels of Mark Matthew Luke and John and what they mean for the Church and society today In many ways modern audiences have become so familiar with the gospels that we've stopped listening and integrating their wisdom into our everyday lives Acclaimed author Megan McKenna explores the messages of the four gospels in the context of daily life when they were originally written and interprets their meaning for our modern world While some argue for the development of new gospels for the 21st century McKenna argues that we haven't paid due attention to the ones we already have in many cases we've ignored sections of these teachings entirely and twisted their meaning to suit our own agendas McKenna breaks it down gospel by gospel and shows us how the lessons of Jesus's apostles continue to resonate **How to Read the Gospels** Yung Suk Kim, 2024-05-29 This accessible introduction to the Gospels examines the distinctive messages offered by the texts giving students a better understanding of methods and interpretations It explores a close reading of each Gospel and encourages students to approach texts from their own perspectives from postcolonialism to environmentalism The discussion questions included will help students focus their reflections on the gospel narrative its theology and methods of reading it How to Read the Gospels is an ideal textbook for undergraduate and seminary classrooms The book aims to reach seminary and graduate students who study the Gospels critically and comprehensively It provides user friendly summaries such as the basics of each Gospel authorship history important parables etc the Jesus of each Gospel and notable interpretation and translation issues Without reading the entire story readers often focus on only specific passages This book aims to foster close reading of each entire

text sensitizing students to historical and literary issues that commonly arise and helping them better understand various ways to interpret these formative stories What makes this book unique is that it also engages various readings of the Gospels from traditional to deconstruction approaches including womanist interpretation disability interpretation ecological interpretation and many more For example how can readers understand the story of Jesus surprising conversation with the Samaritan woman in John 4 through the lens of feminism Or postcolonial criticism By providing alternative ways to think about these stories and various methods of approaching texts that may be new to the student the book opens up how such passages can be interpreted and appreciated

The Mary Magdalene Tradition Holly E. Hearon, 2004 In *The Mary Magdalene Tradition* Holly Hearon offers an understanding of the early Church the role of women in the Church and the power of narrative to shape community understanding and practice By examining the rhetorical function of the post resurrection appearance to Mary Magdalene traditions in early Christian communities Hearon draws connections between these ancient communities and the life of the Church today Beginning with a reconstruction of the practice of storytelling in the world of antiquity Hearon situates the Magdalene narratives in this oral storytelling environment Focusing on the fluid nature of storytelling Hearon explores how the traditions were used to further arguments by storytellers with respect to women's leadership in Christian communities Particular attention is given to the Gospels of Matthew and John highlighting the relationship of the Gospel narratives to specific historical circumstances facing the early Church Chapters are Storytelling in the World of Antiquity Origins of the Post Resurrection Appearance to Mary Magdalene Tradition The Function of the Mary Magdalene Tradition in Oral Storytelling Circles Storytelling Strategies in Matthew The Function of the Mary Magdalene Tradition In Its Literary Context The Mary Magdalene Tradition and Matthean Communities The Function of the Tradition in Response to Historical Circumstances Storytelling Strategies in John The Function of the Mary Magdalene Tradition In Its Literary Context The Mary Magdalene Tradition and Johannine Communities The Function of the Tradition in Response to Historical Circumstances Epilogue A Consideration of Storytelling in Relation To Our Understanding of Communities in the Past and the Shaping of Communities for the Future
