## **Gospel Of The Beloved Disciple A Work In Two Editions:**

**The Gospel of the Beloved Disciple** Herman C. Waetjen, 2014-05-22 There is a general consensus that the Fourth Gospel underwent two editions But in contrast to all previous efforts to reconstruct these two editions on the basis of source and redaction criticism Waetjen maintains that these two editions essentially overlap without far reaching changes Chapter 1-20 originated within the Jewish community of Alexandria and were addressed to Jews in order to persuade them to believe in Jesus as the Messiah the Son of God The second edition originated when chapter 21 was added and certain revisions were made in chapters 1-20 by an editor in the Christian community of Ephesus in order to present the Gospel to Gentile Christians and perhaps attendantly to legitimate it for canonization Waetjen examines John's Gospel by engaging in a close reading of various units of the Gospel from the perspective of a two level drama that presents two narrative worlds within the literary structure of the Gospel Out of his readings of the texts one of the major and provocative conclusions Waetjen draws is that Lazarus is the Beloved Disciple of Jesus in chapters 1-20 John the son of Zebedee is intimated to play the role of the Beloved Disciple not only in chapter 21 but throughout the Gospel In other words the editor of chapter 21 has concluded that John based on the title that the Gospel already bears is the Beloved Disciple and project that backwards from chapter 21 throughout the previous 20 chapters Waetjen's thorough scholarship and his attention to detail in his original readings challenge traditional readings of John's Gospel providing fresh insights into the Gospel

Runia,Gregory E. Sterling,2021-12-10 Studies on Philo and Hellenistic Judaism from experts in the field The Studia Philonica Annual is a scholarly journal devoted to the study of Hellenistic Judaism particularly the writings and thought of the Hellenistic Jewish writer Philo of Alexandria circa 15 BCE to circa 50 CE Volume 33 includes a special section on the history of editions of Philo five general articles on Philo s work an annotated bibliography and thirteen book reviews     **The Temple Sleep of the Rich Young Ruler** Edward Reaugh Smith,2011-11 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner s position stemmed from his insight that Lazarus s encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward

Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself. More important, Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus, pointing to Lazarus as the rich young ruler of Mark's Gospel. *The Dionysian Gospel* Dennis R. MacDonald, 2017-04-01 Those who eat my flesh and drink my blood abide in me and I in them. Dennis R. MacDonald offers a provocative explanation of those scandalous words of Christ from the Fourth Gospel, an explanation that he argues would hardly have surprised some of the Gospel's early readers. John sounds themes that would have instantly been recognized as proper to the Greek god Dionysos, the Roman Bacchus, not least as he was depicted in Euripides's play *The Bacchae*. A divine figure, the offspring of a divine father and human mother, takes on flesh to live among mortals but is rejected by his own. He miraculously provides wine and offers it as a sacred gift to his devotees, women prominent among them; dies a violent death and returns to life. Yet John takes his drama in a dramatically different direction: while Euripides's Dionysos exacts vengeance on the Theban throne, the Johannine Christ offers life to his followers. MacDonald employs mimesis criticism to argue that the earliest Evangelist not only imitated Euripides but expected his readers to recognize Jesus as greater than Dionysos. **Two Can Play That Game** D. Eric Lowdermilk, 2016-12-22 John 21 portrays seven disciples fishing all night yet catching nothing. In the morning, a shoreline stranger instructs them to recast their net. Surprisingly, the disciples fail to recognize him. After a miraculous catch and subsequent breakfast, however, there is no doubt as to who this stranger is: Jesus. Then Jesus questions Peter about his love and commissions him to feed Jesus's sheep. Using narrative criticism, Lowdermilk examines this recognition scene, asking: How would a reader well acquainted with recognition and deception as portrayed in Genesis understand John 21? He discards trickster terminology and argues that biblical recognition occurs within a context of manipulation. After proposing a detailed taxonomy of manipulation, he ventures further and argues for patterns in Genesis where manipulators are counter-manipulated in a reciprocal manner, ironically similar to their own behavior, providing a transforming effect on the manipulator. These findings, plus a careful examination of Greek diminutives, inform Lowdermilk's new reading of John 21:1-19. Peter withholds his identity as a disciple in John 18 and later Jesus actively withholds his identity in ironic counter-manipulation, mirroring Peter's denials. Jesus's threefold questioning of Peter continues the haunting echoes of Peter's earlier denials. Will it result in a disciple transformed? *Saint Thomas the Apostle: New Testament, Apocrypha, and Historical Traditions* Johnson Thomaskutty, 2018-02-22 Are the Thomas references in the Gospel of John, the Thomas compositions, and the early Thomas traditions in northwestern and southern India purely legendary, as biblical scholars have assumed, or do they preserve unexamined historical traditions intermittently, as the Thomas Christians in India have believed? Didymus Judas Thomas is one of the most misunderstood characters from the beginning of the New Testament history and interpretation. In this study, Thomaskutty addresses the following questions: whether Thomas was merely a doubting Thomas or a genuine Thomas. Can we understand Thomas comprehensively by

bringing the New Testament apocrypha and historical traditions together How was Thomas connected to eastern Christianity and how does the Thomas literature support not support this connectivity Can we understand the Thomas traditions related to Judea Syria and India with the help of canonical extra canonical and traditio historical documents Thomaskutty investigates the development of the Thomas literature right from the beginning examining and questioning the approaches and methodologies that have been employed in interpreting these documents and analyzes the Thomas literature closely in order to understand the character his mission involvements and the possible implications this may have for understanding early Christianity in the east

**Does It Matter Who Wrote the Bible?** David B. Capes, 2025-05-20 Students in seminary or graduate theology programs learn that some books in the Bible are anonymous Their professors will make the point that many Pauline letters have disputed authorship and may in fact not be written by Paul Students will also learn about the practice of pseudonymity in the world of the Bible and how some Gospels or letters are written under a false name Now for those who become pastors or church leaders what are they to do with what they learn Do they teach their congregants about these authorship questions Do they ignore that part of their training as irrelevant to the task Do they avoid teaching or reading publicly from disputed books Do these questions not matter in the end because the church settled on the canon This book aims to address these pastoral challenges An international group of scholars from universities seminaries and graduate theology programs convened to discuss these matters at the Lanier Theological Library in May 2022 These essays represent how many faculty are wrestling with the pastoral implications of anonymity and pseudonymity in the New Testament

*Proving History* Richard C. Carrier, 2012-04-03 This in

depth discussion of New Testament scholarship and the challenges of history as a whole proposes Bayes's Theorem which deals with probabilities under conditions of uncertainty as a solution to the problem of establishing reliable historical criteria. The author demonstrates that valid historical methods not only in the study of Christian origins but in any historical study can be described by and reduced to the logic of Bayes's Theorem. Conversely he argues that any method that cannot be reduced to this theorem is invalid and should be abandoned. Writing with thoroughness and clarity the author explains Bayes's Theorem in terms that are easily understandable to professional historians and laypeople alike employing nothing more than well known primary school math. He then explores precisely how the theorem can be applied to history and addresses numerous challenges to and criticisms of its use in testing or justifying the conclusions that historians make about the important persons and events of the past. The traditional and established methods of historians are analyzed using the theorem as well as all the major historicity criteria employed in the latest quest to establish the historicity of Jesus. The author demonstrates not only the deficiencies of these approaches but also ways to rehabilitate them using Bayes's Theorem. Anyone with an interest in historical methods how historical knowledge can be justified new applications of Bayes's Theorem or the study of the historical Jesus will find this book to be essential reading.
