Gospel Order A Quaker Understanding Of Faithful Church Community:

Gospel Order Sandra Lee Cronk, 1991 *The Quakers in America* Thomas D. Hamm, 2003

The Quakers in America is a multifaceted history of the Religious Society of Friends and a fascinating study of its culture and controversies today. Lively vignettes of Conservative Evangelical Friends General Conference and Friends United meetings illuminate basic Quaker theology and reflect the group's diversity while also highlighting the fundamental unity within the religion. Quaker culture encompasses a rich tradition of practice even as believers continue to debate whether Quakerism is necessarily Christian where religious authority should reside how one transmits faith to children and how gender and sexuality shape religious belief and behavior. Praised for its rich insight and wide ranging perspective *The Quakers in America* is a penetrating account of an influential vibrant and often misunderstood religious sect. Known best for their long standing commitment to social activism pacifism fair treatment for Native Americans and equality for women the Quakers have influenced American thought and society far out of proportion to their relatively small numbers. Whether in the foreign policy arena the American Friends Service Committee in education the Friends schools or in the arts prominent Quakers profiled in this book include James Turrell Bonnie Raitt and James Michener. Quakers have left a lasting imprint on American life. This multifaceted book is a concise history of the Religious Society of Friends an introduction to its beliefs and practices and a vivid picture of the culture and controversies of the Friends today. The book opens with lively vignettes of Conservative Evangelical Friends General Conference and Friends United meetings that illuminate basic Quaker concepts and theology and reflect the group's diversity in the wake of the sectarian splintering of the nineteenth century. Yet the book also examines commonalities among American Friends that demonstrate a fundamental unity within the religion their commitments to worship the ministry of all believers decision making based on seeking spiritual consensus rather than voting a simple lifestyle and education. Thomas Hamm shows that Quaker culture encompasses a rich tradition of practice even as believers continue to debate a number of central questions. Is Quakerism necessarily Christian? Where should religious authority reside? Is the self sacred? How does one transmit faith to children? How do gender and sexuality shape religious belief and behavior? Hamm's analysis of these debates reveals a vital religion that prizes both unity and diversity.

The Oxford Handbook of Quaker Studies Stephen W. Angell, 2013-09-26

Quakerism began in England in the 1650s. George Fox, credited as leading the movement, had an experience of 1647 in which he felt he could hear Christ directly and inwardly without the mediation of text or minister. Convinced of the authenticity of this experience and its universal application, Fox preached a spirituality in which potentially all were ministers, all part of a priesthood of believers, a church levelled before the leadership of God. Quakers are a fascinating religious group both in their original peculiarity and in the variety of reinterpretations of the faith since. The way they have interacted with wider society is a basic but often unknown part of British and American history. This handbook charts their history and the history of their expression as a religious community. This volume provides an indispensable

reference work for the study of Quakerism It is global in its perspectives and interdisciplinary in its approach whilst offering the reader a clear narrative through the academic debates In addition to an in depth survey of historical readings of Quakerism the handbook provides a treatment of the group s key theological premises and its links with wider Christian thinking Quakerism s distinctive ecclesiastical forms and practices are analysed and its social economic political and ethical outcomes examined Each of the 37 chapters considers broader religious social and cultural contexts and provides suggestions for further reading and the volume concludes with an extensive bibliography to aid further research

The Quaker Condition Pink Dandelion,2009-03-26 This book focuses primarily on what we have termed the Quaker Condition It looks sociologically at the condition of present day British Quakerism This original and innovative collection contributes to several different though obviously connected fields within the study of religion It operates on five levels In the first place the volume is the first to represent substantially the contribution of social science to the study of Quakerism and therefore provides useful comparative material for those whose focus is on other faith groups Second the book focuses largely on British Quakerism and so enriches the pool of resources relating to the sociology of British religion and British culture more generally Third there are very few sociological volumes dedicated to the analysis of a single faith group Fourth the book represents an in depth study of a liberal faith group when liberal religion is the focus of much scholarly debate at present particularly with reference to the secularisation thesis The study of British Quakerism is especially fascinating in this regard given how the group can be described almost as hyper or ultra liberal prefiguring many of the developments which may overtake currently more conservative groups Fifth the volume represents a particularly collective way of working of interest to all those concerned with the methodology of social research with the design and construction of the volume jointly agreed by all the authors Regular meetings of the group and a conference based on these chapters has culminated in a book far more interwoven and layered than a typical edited collection

Living with Conflict Susan Robson,2013-11-22 In Living with Conflict A Challenge to a Peace Church Susan Robson explores the discomforts and denials that can arise when an organization committed to doing good suspects that it is not living up to its declared aims This case study of Quakers in the United Kingdom closely examines the challenge of living constructively despite ever present internal conflicts Drawing on ideas from contemporary organizational theory Robson s study points the way forward for Quakers and other value based groups Living with Conflict compares the evolution of the Quaker peace testimony to the experience of other peaceful churches in both their relationships to the wider world and how they handle congregational conflict It analyzes conflicts in small church congregations looking at triggers and responses past and present describing the consequences of challenging community narratives and creating counter narratives Students of peace and conflict studies organizational studies and the sociology of religion will find this study thought provoking Living with Conflict is also for anyone who has ever joined an organization they thought was welcoming and safe working together for the common good only to see it unravel into a flurry

of acrimonious e mails slammed doors tears legal proceedings even tragedy **Listening Spirituality Vol II** Patricia Loring,2009-07 The spiritual basis of the structures and practices that sustain a Quaker worshiping community the spiritual grounding and understanding of worship ministry eldering oversight and other spiritual gifts in mutual service within the meeting as spiritual formation personal transformation and transformed relationships within spiritual community communal discernment in personal matters and in the conduct of meeting business wider Quaker service adult religious education as part of spiritual formation **A Convergent Model of Renewal** C. Wess Daniels,2015-02-20 A Convergent Model of Renewal addresses a perceived crisis for faith traditions How do we continue to value tradition while allowing for innovative and contextual expressions of faith to emerge How do we foster deeper participation and decentralization of power rather than entrenched institutionalism Drawing on insights from contemporary philosophy contextual theology and participatory culture C Wess Daniels calls for a revitalization of faith traditions In A Convergent Model of Renewal he proposes a model that holds together both tradition and innovation in ways that foster participatory change This convergent model of renewal is then applied to two case studies based in the Quaker tradition one from the early part of the tradition and the second from an innovative community today The model however is capable of being implemented and adapted by communities with various faith backgrounds Multidisciplinary Dynamics of Mediation Hugo Luz dos Santos,2025-09-15 This book casts an analytical eye on the legal dynamics of mediation premised on a multidisciplinary approach This is the very first book to meld mediation and applied psychology with a view to portray the myriad of cognitive biases with which the great bulk of legal actors grapple tussle with in mediation settings The overriding goal of this book is to provide a multidisciplinary comprehensive and full fledged framework to legal dynamics of mediation while emphasizing the paramount importance of incorporative mediation to protect the fundamental rights of the weakest disputant in the room something that has not been done yet This book is the very first one to provide a framework frame of reference to the usage of artificial intelligence in the remit of both mediation settings and Restorative Relationship Session RRS **Minding the Light** Anne French Dalke,2004 This book presents a series of thoughtful and revealing reflections excerpts from the inner and outer lives of college teachers from which emerges a common concern for the interactive and spiritual dimensions of the educational process and a rich sense of the light which can and should illuminate it Informed either by personal commitment to Quakerism or by individual work within Quaker institutions the contributors offer perspectives that are important for teachers parents and readers generally interested in the classroom experience as a process of growth and exploration Minding the Light provides an inspiring outline of friendly pedagogy which deeply respects individual uniqueness while awakening learners to their active involvements with larger communities **Resistance and Obedience to God** David Ferris,2001 Quaker History ,1992 **Bulletin of Friends' Historical Society of Philadelphia** ,1997 *Mennonite Life* ,1992 Listening ,1991 **Pendle Hill Pamphlet[s]**. ,1995 **RIC.** ,1992 *Quaker Constitutionalism and the Political Thought of John*

Dickinson Jane E. Calvert, 2009 This book traces the theory of Quaker constitutionalism from the early Quakers through Founding Father John Dickinson to Martin Luther King Jr **Quaker Life** , 2004 **The Christian Advocate** , 1928
Quaker Religious Thought , 1996
